# THE COLLEGE

---

# History of the College

A movement to found a college in South Texas started in 1913. The legislature in 1917 authorized the establishment of The South Texas Normal but, upon the entry of the United States into the World War, indefinitely postponed the opening of this Normal. When in 1923 the legislature changed all normal schools in the state to teachers colleges, it also provided for fixing the site and fixed the date of opening for the South Texas State Teachers College. The college opened at Kingsville in June, 1925.

In 1929, the Forty-first Legislature passed Senate Bill 293 which changed the name and purpose of the college. Section 1 of Senate Bill 293 reads as follows: "There is hereby established in Texas, in the city of Kingsville, Kleberg County, a coeducational institution of learning for the white youth of this state, which shall be known as the Texas College of Arts and Industries, and the South Texas State Teachers College is hereby merged into said institution, the same to be conducted, operated, and maintained under a new Board of Directors as herein provided."

The new Board of Directors were to provide departments of agriculture, business administration, engineering, and home economics and were to proceed at once toward transforming the teachers college into a technological college. The change became effective with the opening of the fall semester in 1930.

It is further provided in Section 3 of Senate Bill 293 that the Board of Directors of the Texas College of Arts and Industries "shall continue the Teachers College permanently, and for the first year shall continue it just as they find it, and in no case shall they weaken the organization of the Teachers College nor diminish its efficiency. But they shall control, manage and equip said Teachers College so that it may continue to grow and expand in every way to meet the needs of South Texas for a strong college for the training of teachers for the public schools of this section—provided that the name shall be changed and the South Texas State Teachers College as at present constituted shall become a permanent and important part of the greater Texas College of Arts and Industries."

The state board of vocational education in September, 1933, designated the college a training school for teachers of vocational agriculture under the Smith-Hughes Act.

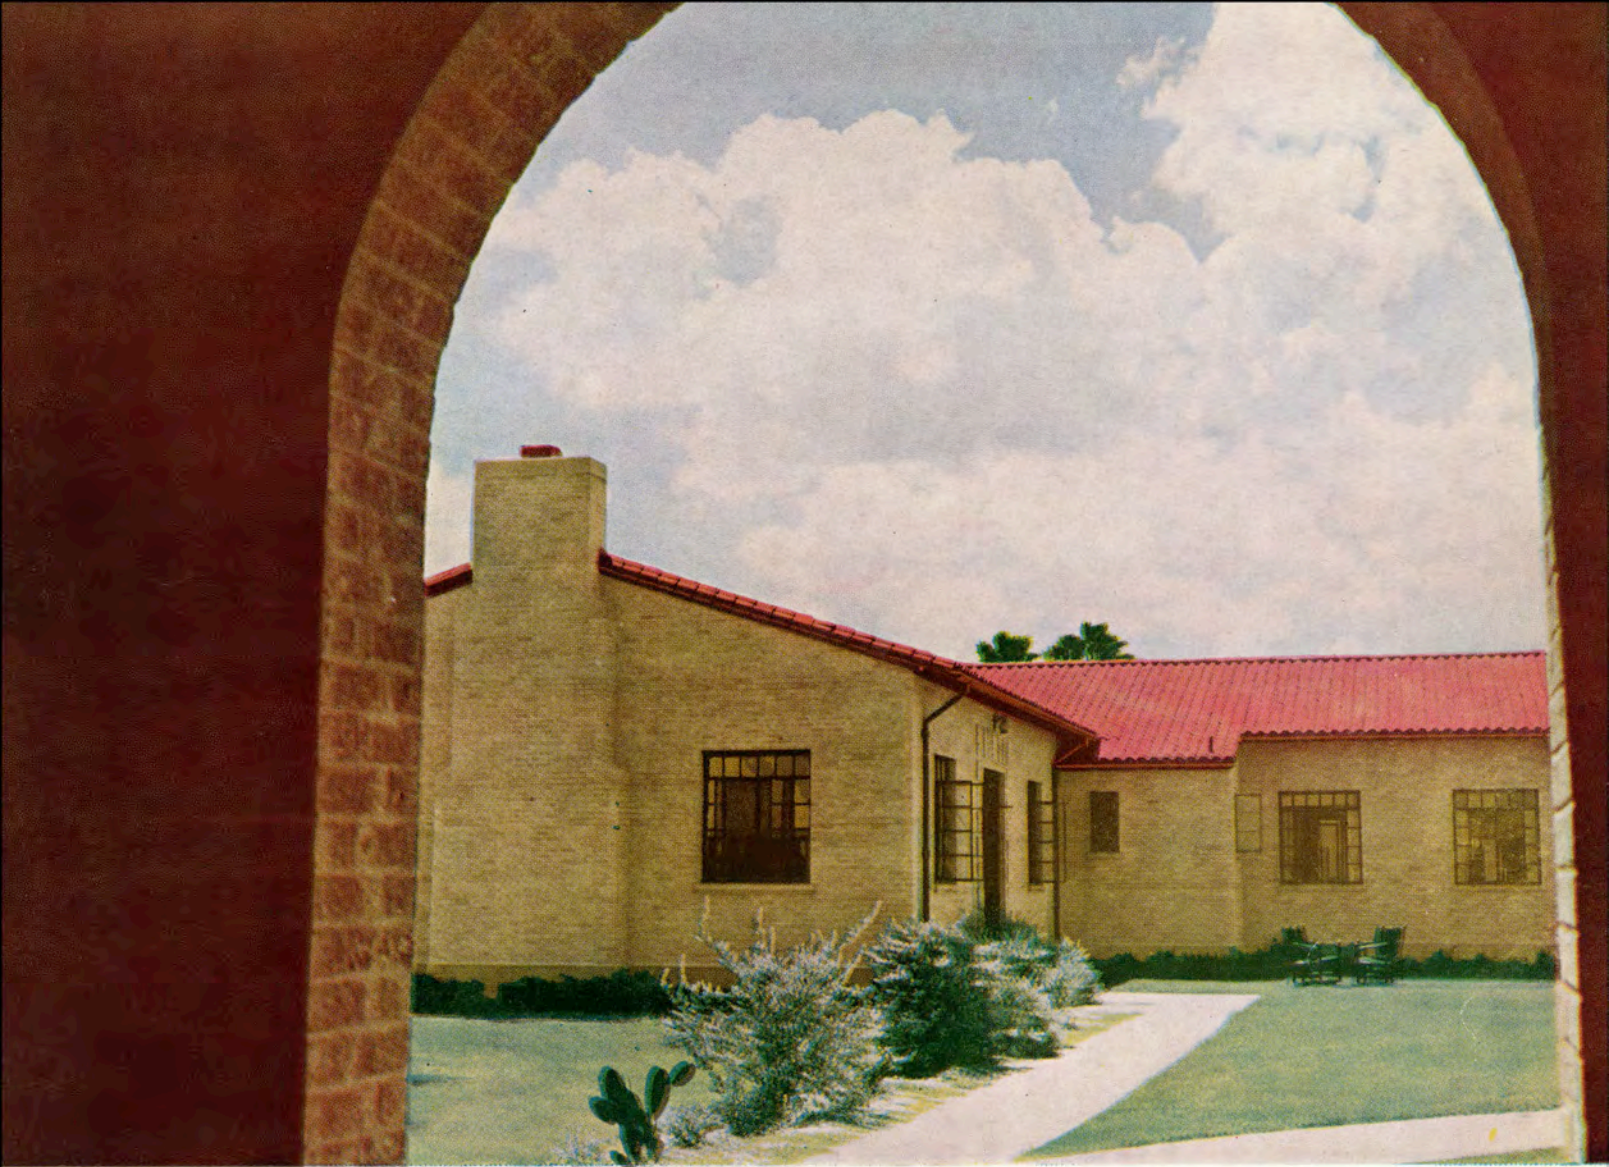

In December of the same year the college was admitted to full membership in the Southern Association of Colleges and Secondary Schools. The college is a member of the Association of Texas Colleges.

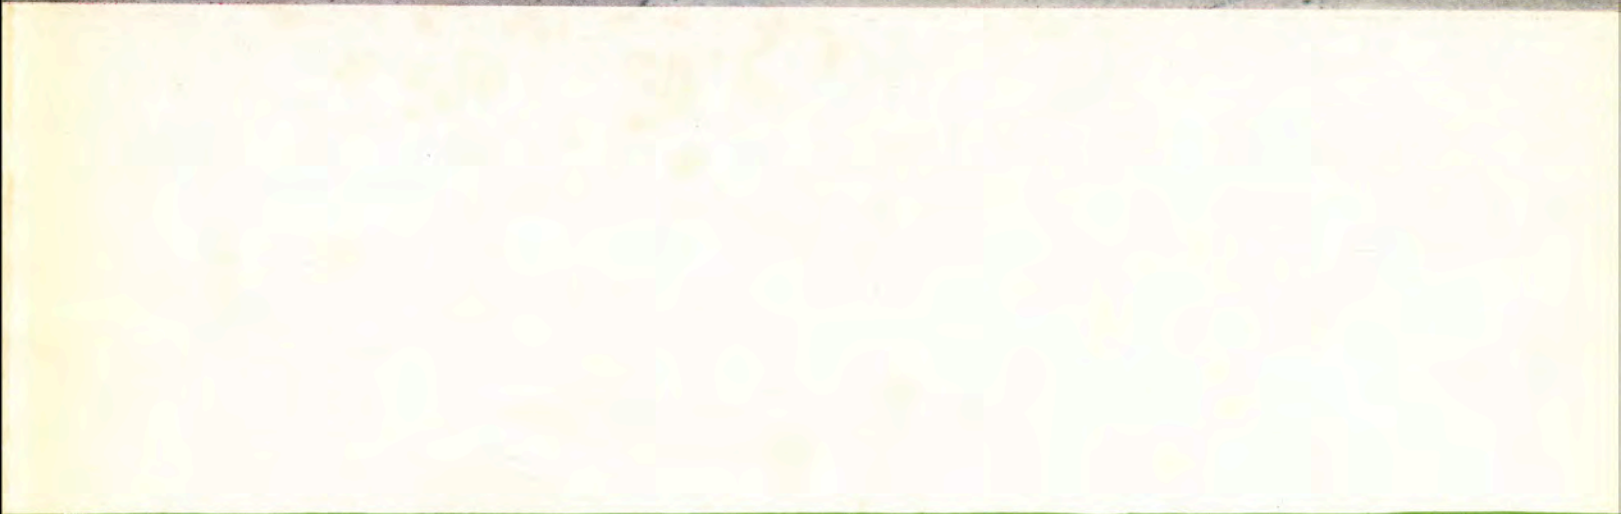

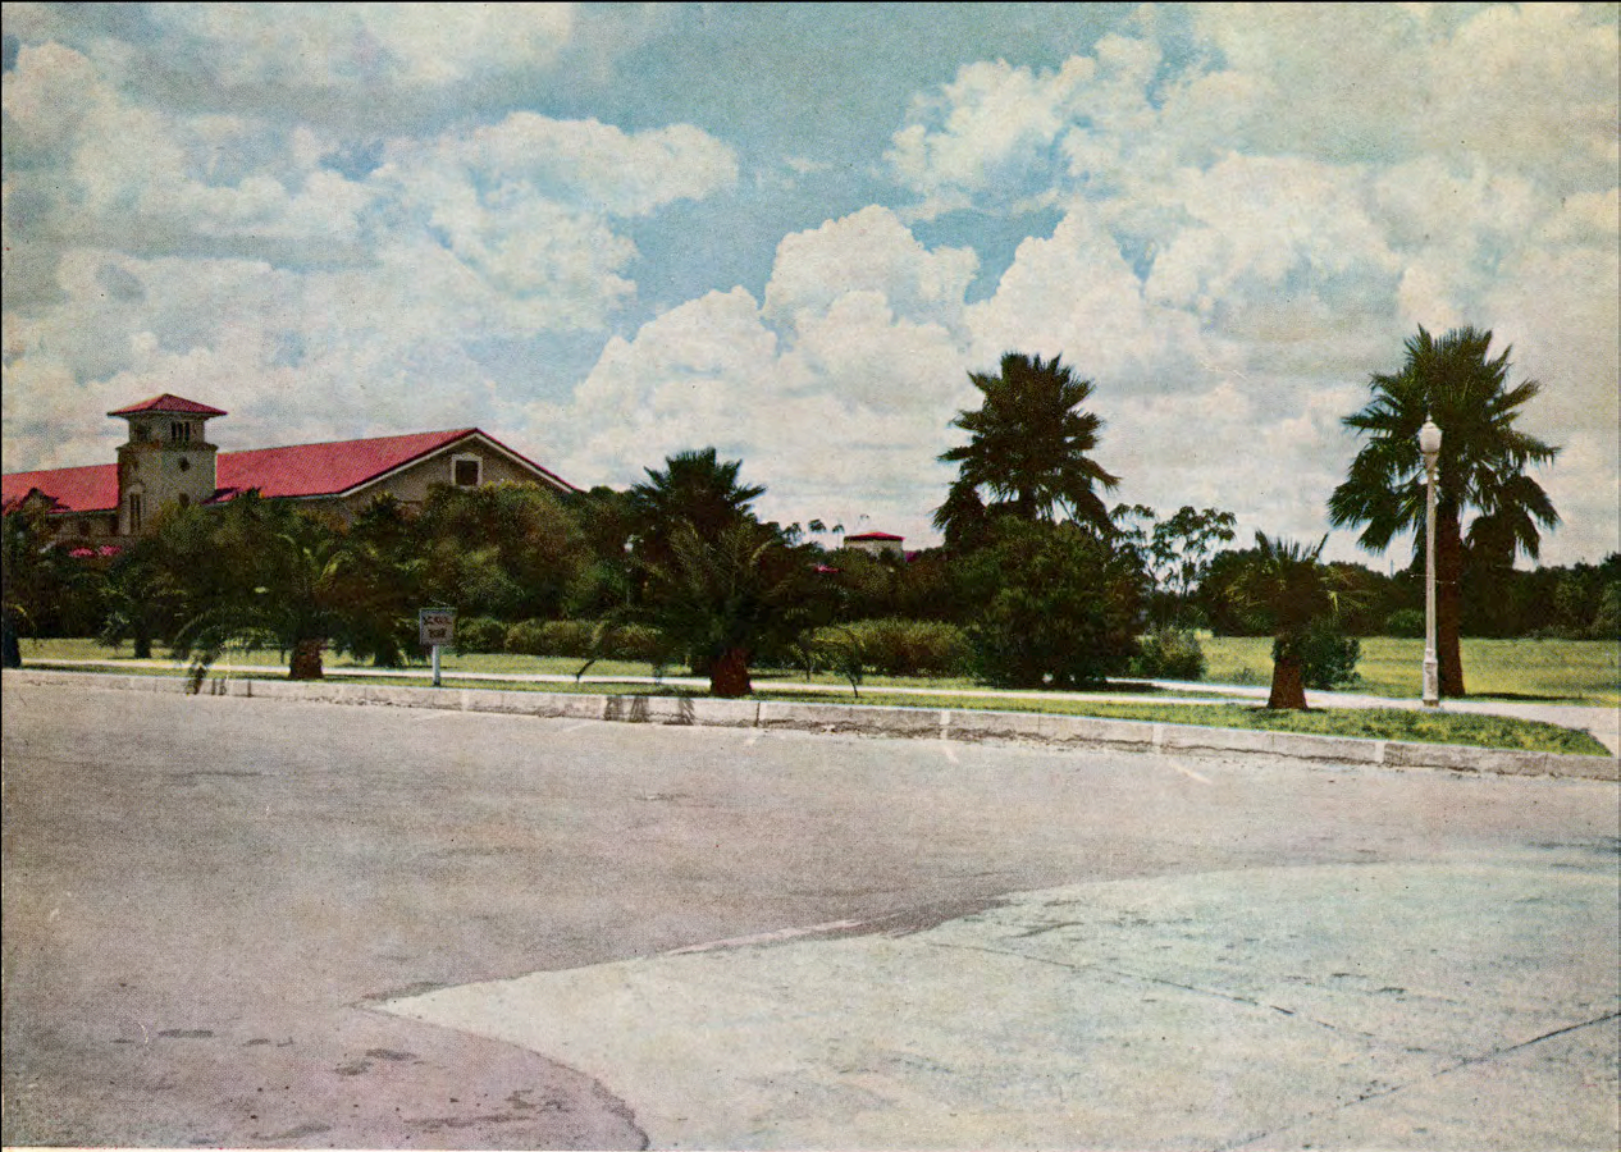

In October, 1935, the Board of Directors authorized the beginning of graduate teaching. The Master of Arts and the Master of Science degrees were provided for, and work was begun in June, 1936.

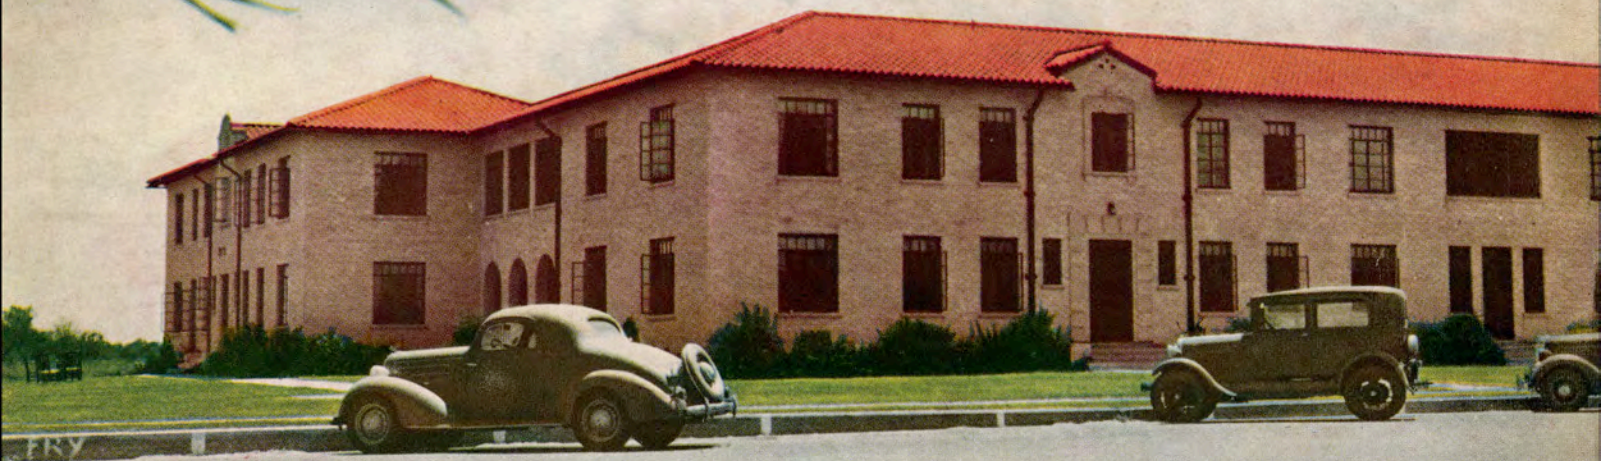

TRY

## PRESIDENT LOFTIN

Some major publications have referred to this year as the turning point for A. and I. The statement is prompted by the many material plant improvements including a new science building, a new athletic stadium, a new dairy plant, new street pavement, and a reconstructed music conservatory. Perhaps also these editorial friends of the college were thinking of the large increase in enrollment, whose percentage excelled that of all other state-supported colleges.

These editors did not know that the college has this year received the most commendable ratings from the State Department of Education and from the Southern Association of Secondary Schools and Colleges of any heretofore received; neither did they know of the fine spirit that now prevails among the splendid young men and young women who populate our campus.

This attractive year book, the first to be done in multicolor process, may well exemplify the beautiful society of college students, and the endearing friendships here engendered.

J. O. LOFTIN.

EDUCATION

---

# Department of

J. DEWITT DAVIS, Professor of Education  
B. A. and M. S., University of Idaho; Ph. D., University of Oregon.

## EDUCATION

By specific legislation one of the four chief functions of "the greater Texas College of Arts and Industries" is "to care for the training of teachers for the public schools of this section, from the kindergarten to the high school, including both." The Department of Education accepts this task as its chief duty.

### TRAINING SCHOOL: THE KINGSVILLE PUBLIC SCHOOLS

The four public schools of Kingsville provide our students an opportunity for observation and for supervised teaching. Both in the elementary school and in the high school, students of education do constructive work in the class room.

### WORK WITH SPANISH-SPEAKING CHILDREN

Because of the large number of Spanish-speaking children in South Texas the department has the task of giving teachers specific preparation for work among these children. This preparation can be well given here since the Kingsville public school system includes one school attended only by Spanish-speaking children, of which there are approximately forty in each of six grades.

### PLACEMENT-SERVICE BUREAU

The department accepts the responsibility of securing teaching positions for as many of its students as possible. It therefore maintains a Placement-Service Bureau free of charge.

## HOME ECONOMICS

The study of home economics lays the foundation for work in such fields as dietetics, social service, extension service, and institutional management. Two curricula are offered: one leading to a Bachelor of Science Degree in Home Economics, the other leading to a Bachelor of Arts or Bachelor of Science Degree with a major in Home Economics.

# AGRICULTURE

---

# Department of

RUSSELL J. COOK, Professor of Agriculture  
B. S., University of Arizona; M. S., Colorado A. and M. College.

## SPECIAL DEPARTMENTAL AIMS AGRICULTURE

Instruction in agriculture is designed to meet the needs of three classes of students: those desire to take up farming as a business, those who desire to become agricultural teacher or investigators, and those who desire a well-rounded scientific training with special attention to agriculture.

The department offers instruction in the following technical divisions of agriculture: agricultural engineering, agricultural education, animal husbandry, poultry husbandry, horticulture, agronomy, and dairy husbandry.

Since the college has been designated as a training institution for vocational-agriculture teachers under the Smith-Hughes Act, the department concerns itself with preparing students to fill teaching positions under this law.

Students living in the agricultural dormitory or in the Hagler Farm Cottage gain practical experience in farm life. The operation of a dairy, a poultry farm, a citrus orchard and other agricultural enterprises is entrusted to the students under supervision. Because the college is located so far south—farther than any other in the United States—it is unique in maintaining a citrus orchard on the campus.

Because of the nearness of the King Ranch, students of animal husbandry here have unparalleled opportunity for practical study. Through the cour-

tesy of Mr. R. J. Kleberg, Jr., the college has access to the facilities of the ranch for purposes of instruction. The ranch is itself carrying on significant work in the breeding of horses (both draft and saddle) and beef cattle. There are five breeds of the latter: Hereford, Short Horn, Brahma, Santa Gertrudis, and Africander. The Santa Gertrudis is a special breed developed on the King Ranch. The Africander is a breed newly imported from Africa and found in America only on the King Ranch and the Kenedy Ranch. The King Ranch consists of 1,200,000 acres of highly varied pasture land, some portions being covered with Rhodes grass imported from Africa, others with native grasses.

The Kenedy Ranch, though farther from the campus, is, through the courtesy of Mr. John G. Kenedy, Jr., also available to the college for purposes of instruction. Its facilities are similar to those of its neighbor, the King Ranch.

Further opportunities for observation and experimentation are offered by the Dairy Products Company of Kingsville, Texas. The work of this company in testing milk and in making butter and ice cream is part of the study of the student of dairy husbandry. The size of the plant may be estimated from the fact that its production of butter last year was 2,000,000 pounds.

# ENGINEERING

# Department of

R. L. PEURIFOY, Professor of Engineering  
B. S. in C. E., and M. A., University of Texas

## ENGINEERING

Two courses of study are available for students registering in this department: one leading to the degree of Bachelor of Science in General Engineering, the other to the degree of Bachelor of Science in Natural Gas Engineering.

The course in General Engineering is offered to prepare students for a broad field of activity requiring a knowledge of various branches of engineering. There is an increasing demand for the services of young men with such training.

The course in Natural Gas Engineering is a new addition to the curricula. It is the intention of the college to offer a very complete course of training in this field, which will involve a thorough study of engineering fundamentals, a study of the major

problems connected with the natural gas industry, such as gas production, measurement, regulation, transmission, distribution and utilization. A new laboratory containing working units of almost every type of gas equipment is available for any desirable test or observation. There is a complete gas production transmission and distribution system within easy access of the college for laboratory purposes. In addition to the training and experience which the student can gain through the frequent use of this system, he is also required to work each summer with one of the natural gas industries of the state. Positions for the summer work will be provided by the college through the courtesy of the various gas utility companies, which are co-operating with the college in offering the course.

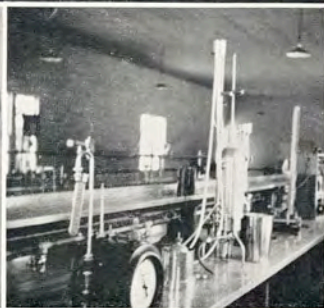

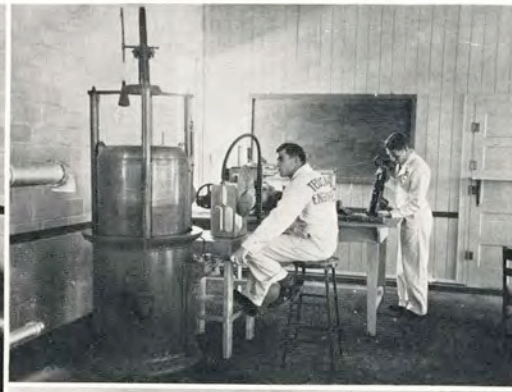

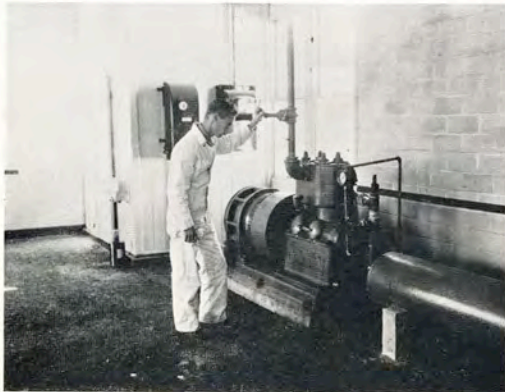

# Engineering

## GAS ENGINEERING LABORATORY

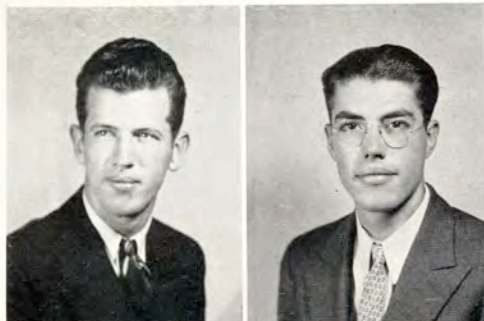

FRANK H. DOTTERWEICH ..... Professor of Gas Engineering  
B. S., Ph. D., Johns Hopkins University.

Javelinas Occupy New Hall Friday

## Javelina Hash

SPORTS EDITOR SAYS A FEW WORDS ABOUT THE 1937 JAVELINAS AND OTHERS

South Texan Office, May 1, 1938. Well, here go my last words about Bud McCallum's 1937 edition of the Texas A. & I. Javelinas. The Hogs went into a tough season with their heads up, looking for a perfect record against formidable opposition. They were plowing along in brilliant fashion until the Sam Houston Bearkats, the Schreiner Institute Mountaineers, and the Southwestern University Pirates batted them down thrice in a row in heart-rending contests that could have been any-

body's ball games—but weren't the Hogs'. Then they came back, still bleeding, and salvaged the season from the dump heap by tying St. Mary's and the Alamo Conference Crown, score A. & I. Hogs 6, St. Mary's Rattlers 6. And after that comeback the Hogs were champs—to every A. & I. student and fan. In summing up, the final tally sheet read: Won 4, tied 1, and lost 3. And we tied the Snakes!

There was a mellow glow, fanning into a white-hot flame of college patriotism on several Saturdays, pervading the Texas A. & I. football year. It was a glow which makes football and college a great experience and a great life; win, lose or draw. It was great to feel the college crowd suck in its breath, clinch its fist, and turn pale when Sam Houston, Schreiner, or some other club got down on the 5-yard

line. And it was great to hear the crowd go mad when Hightower, or Jarvis, or somebody else carried A. & I. into pay-dirt.

The Hogs gave this particular scribe the most thrilling and unpredictable season of copy material a campus writer could ever ask for. The Sam Houston game, the Schreiner game, the Sul Ross game; they were all dynamic and dramatic. And that St. Mary's game was the greatest football contest I have ever seen or shall ever hope to see.

So, to Bud, Cal, Dorse Richards, and the rest of the Javelina gang, here's a tip of the hat from their weekly columnist who sincerely thinks as football players they're the tops because they had the guts to bring a good team back after three straight defeats—and as men because no matter how far they went on the gridiron they never claimed to be anything more than an A. & I. student—which is a darn good thing to claim to be.

### AN INTRODUCTION TO THE COACHING STAFF

South Texan Office, May 1, 1938.  
 On the right we have, reading left to right, Freshman Coach Dorse Richards, Head Coach and Director of Athletics A. Y. (Bud) McCallum, and Assistant Coach Cal Jewett.

Dorse Richards is a former Texas A. & I. football star, initiating himself into the coaching fraternity this past season by tutoring the Pig team.

A. Y. (Bud) McCallum's most recent achievements are Betty Jane McCallum, a 6-to-6 tie with Frank Bridges' St. Mary's Rattlers, an 18-to-7 defeat of the Sul Ross Lobos.

Cal Jewett turned out a fine edition of a Freshman basketball team this spring, and contributed his usual excellent job of coaching the A. & I. line during football season. Mr. Jewett is another one of these coaching fellows who can also be categorized under the "swell fellow" label. At times he can even sympathize with lazy sports writers.

## MEET THE CAPTAINS OF THE JAVELINAS

On the left we have FRED McINTIRE, CENTER and CO-CAPTAIN, and on the right we have CLARENCE JARVIS, FULLBACK and CO-CAPTAIN, both men having proved as able guiders of a football destiny as a coach, student body, fan-body, or football team could hope or pray for. McIntire played his correct position, CENTER, since he was always the center of the fire in the line; first when the line was roaring toward an enemy goal; and second, when it was stopping an enemy advance dead within the five-yard line.

Jarvis chose his position aptly. He was always in the FULL of the line-ripping drives for touchdowns, leading not only his team but his team's scoring attacks in the Sul Ross, Schreiner, St. Mary's, and Stephen F. Austin games.

To these two fine athletes and men: Thanks for a duty brilliantly performed!

## Hogs Start Heart-Breaking Season of 1937 With Smashing Victory Over Little Lamar College

**Jarvis, Hightower, and Fry Stampede Cardinal Secondary With 26 Points in Slow, Dragging Contest.**

Unveiling their football statuary for 1937 the Javelinas ripped into a luckless and out-classed Lamar Cardinal eleven from Beaumont in what was little more than an exhibition game.

"Goose" Jarvis trampled over the Lamar line for 4 yards and the first touchdown of the year following a first period drive from the Hog 44. Lester place-booted

the score to 7 and shortly later Don Hightower scooted over for a 14-point margin after a Hog drive had carried to the Red Bird 1-yard. Fry and Hightower accounted respectively for the next two tallies to end the scoring, A. & I. 26, Lamar 0.

The new Hog line came through in fine fashion, holding the Birdies from Beaumont to 5 first downs. The Hogs hung up 18 first downs, gained 494 yards from scrimmage and passes to Lamar's 24, completed 4 passes for gain of 67 yards and appeared to have a great football machine in the making.

Outstanding in the victory for

the Hogs were Don Hightower, Clarence Jarvis, Grady Lester, and Leroy Fry in the backfield (while Everardo Lerma showed up fine at his new post of quarterback). Line stars proved to be Fred McIntire at center, Arnold and Galiga at ends, while E. J. Weikel at guard turned in the top game of his career, making a third of the Hog tackles.

Hog fans took the opener as an indication that the Javelinas, with a lot of luck, might hope to take the Sul Ross Lobos in the first Alamo Conference game of the year the next week-end in Marfa, Texas!

## Meet The Men Behind The Rah! Rah! Rah!

Gladstone Vinson and Hudson Matlock.

Here are the lads who donated the thrill of watching a game to the service of leading the grandstands in vocal defiance of the gridiron invaders. While the Hogs were winning they did a darn good job. But when the Hogs were losing they rose to heights of leadership by stirring the Javelina following to still-endless exhortations of "Hold that line" and "That's all right, Hogs, you're o. k.!"

## Javelinas Look Good As Loboes Fall In Conference Tilt

**Student Press Heralds Hogs as Greatest Team Since '34 as Grady Lester Leads Javs in Stomping Loboes.**

Marfa, Tex., Oct. 9.—The Texas A. & I. Javelinas turned in an astounding exhibition of that thing called football here tonight when they followed Grady Lester through the Sul Ross line and secondary on an 18-to-7 stampede of one of the finest teams in Lobo history! It was the first game of the 1937 edition of Alamo Conference do and dare with the Hogs bidding fair to hold the inside track even against the touted St. Mary's Rattlers, the San Antonio corner of the Alamo triangle.

The game ripped open in the first few seconds when Fry and Hightower led the Hog horde on a 70-yard touchdown march that ended in the Lobo end zone with A. & I. out in front 6 to 0. Lester brained a brilliant quarterbacking exhibition on this drive.

On the kickoff Lester caught the spotlight as he recovered a fumbled attempt by a Wolf back to return the oval up-field. With the ball on the Sul Ross 25 two chances

to score were annulled on bad breaks, once when Keyes, ineligible tackle pass receiver, nabbed a Hog heave on the 20, and a few moments later when the Javs took a 15-yard penalty on the chin with the ball on the Lobo 15.

With the score still 6 to 0 at the beginning of the final half Bo Graham of Sul Ross led an inspired drive, aided by 30 yards worth of penalties, to scratch A. & I. pay dirt and put the Wolves out in front for the first time, 7 to 6.

As the game slid into the last period Fry's running and Lester's passing to Bubba Arnold drove the Sul Ross kick-off back to the Lobo goal line where Grady Lester churned over for a 12-to-7 lead for the Hogs. A few minutes later "Goose" Jarvis iced the affair as he plowed over right tackle, reversed his field, and scooted 30 yards for the final score.

Hog pass defense was outstanding, the running game was terrific, while Lester's passes hit the Wolves at vulnerable spots several times. In the line Fred McIntire, Bill Keyes, and Bubba Arnold led a wall of granite in getting revenge for the upset the Loboes handed the Hogs last year in Kingsville.

## Huntsville Kats Blast Hogs' Hope For Undefeated Season

**Barnett's Last-Minute Field Goal Knocks Hog Hopes For Undefeated Season Into Cocked Hat as Kitties Kripple Javs 16 to 14 in Thriller.**

Hog Stadium, Night of Oct. 16.—A. L. (after letdown).—The Hogs are beaten!

After two games indicating as fine a team as South Texas has seen in years, Perch Barnett, "Merriwell" of Sam Houston State Teachers College, stood on the Hog 20-yard line, over by the north side line, and booted a field goal and three winning points between the uprights as the 60 sec-

onds of the last minute of play ticked off.

And when the ball went between the posts Hog hopes went out the window . . . or wherever hopes and dreams for a successful and undefeated season go.

It was like this:

The Hogs got the ball at the kick-off and marched 77½ yards to the Kat 2-foot line where they were fought off. Barnett kicked cut for the Kats and a few minutes later the Hog machine got the ball on its own 23, one yard from where the game started, marched to the 5-yard line of Sam Houston, and had High-

THE SQUAD: Co-captain CLARENCE JARVIS, WOODROW PETTY, LEROY FRY, L. V. HIGHTOWER

## Lady Luck and Schreiner Team Up and Hogs Go Down, 13 to 12

### Hogs, After Leading 12 to 0 at Half, Bump Heads With Duplicate Misfortunes of Week-end Ago.

Corpus Christi, Oct. 23.—An intercepted pass returned 70 yards and a fourth quarter heave completed for 30 yards spelled the second defeat of the season for A. Y. McCallum's hard luck Hogs. It was bitter medicine, even stronger than the dose administered by Sam Houston's Bearkats the week before!

When the play was six scrimmages old Don Hightower broke over right tackle and breezed 55 yards for the first score of the night. Lester's try for point fizzled. Four minutes before the half ended the Hogs took the ball on their own 20, rang up four first downs in a row, and climaxed the drive with Clarence Jarvis plunging over for a 12-point lead from the 1-yard line.

As the third quarter opened, Petty's passing and Jarvis' line plunging carried the ball 76 yards from the A. & I. 20 to the Schrei-

ner 4. Here four line plays gained nothing and Schreiner punted out.

Again Petty began heaving and this time Suman of Schreiner intercepted on the Mountaineer 30 and romped 70 yards untouched for a Schreiner score. Leonard kicked goal—and right there the Hogs were licked.

However, it wasn't until the middle of the fourth quarter that Schreiner threw the game in the bag. It was done with a neat pass from Leonard to Suman (Suman played quite a game) which climaxed a Mountaineer drive from their own 28-yard line. Leonard missed his try for point but it didn't matter.

With seven minutes left to play A. & I. received and the hard luck climax of the season was reached when Schreiner was awarded the ball on the A. & I. 12-yard line because it "was kicked by an A. & I. man's foot while in free play." Schreiner didn't score but they wasted five minutes.

The Javelinas turned in a fine performance for the Coast City

(See next page)

## Huntsville Kats . . .

(Continued from preceding page)

tower's fumble recovered on the 10. Four plays later the Hogs had the ball on the Kat 34 where Stallings, Kat secondary stalwart, intercepted a wild heave and stomped to the A. & I. 12. The Hogs fought them off and watched a field goal try go wild. Still 0 to 0.

The Hogs came to life and Fry, Lester, and Hightower picked up 80 yards in three plays to make it 7 to 0 for the Hogs at the half. Statistics at this phase of the game showed the Hogs had gained 236 yards from scrimmage to the Kats' 40, and A. & I. had tallied 10 first downs to Sam Houston's 1. But the score was 7 to 0.

As the final half opened an A. & I. fumble was recovered on the Kat 9 (it was still happening) and here a penalty or so and the slinging arm of a Mr. Barfield traveled the length of the field to change

the score to A. & I. 7, Kats 6. The fans were wilted.

Just after the fourth quarter opened Lester hung a neat pass into Galliga's arms for a first down on the Kat 23. Here Fry in two plays dove across for a 14-to-6 complexion on the tally board. But the night was young.

On the kick-off the Kats got the ball on their 42 and in four plays the score was 13 to 14, with A. & I. hearts doing a shimmy dance to the tune of the A. & I. fight song, which was timely music. In the remaining five minutes the Hogs fought their hearts out and with a minute left to go, fate put the ball on the 10-yard line, fourth down, and two to go. Time was awastin', so Barnett dropped back to the 20, waited for the ball, swung his foot, and licked the Jays 16 to 14 in their own pen.

It was awful!

. . . CHARLES FORESTER, TOMMY GRIES,  
GRADY LESTER, RED NORMAN . . .

## Southwestern Pirates Cash In On Javelina Jinx For 6-0 Win

### Chili McRoberts Comes Thru as Passing Ace in Hard-Fought Scrap With Buccaneers of the Plains.

Georgetown, Oct. 30.—Nobody gave the Hogs a chance, after two defeats at the hands of upset clubs, but they came through with a decisive bit of ball to fret the Southwestern Pirates into a tiny 6-to-0 victory in the Bucs' own port.

The Kingsville fans were pointing to the week-end of Nov. 6 and the Hogs were practically all alone in their stubborn resistance of the first class Southwestern club.

The Javelinas featured the scattering and passing of Petty, Hightower, Jarvis and Fry, with little 145-pound Chili McRoberts coming into his own with the chunk-

ing of 30 yards worth of aerial attack.

The majority of the game was played in midfield with both clubs threatening only once. Neither scored on a threat, the Pirates losing the ball on the 10 and the Hogs on the 20 after a 15-yard penalty had thrown them back from a first down on the Pirate 5. Bob Knight scored for Southwestern in the third quarter when he churned 42 yards through the line for a sensational touchdown. First downs were 8 to 8.

The game was the most evenly played of any the Hogs engaged in all season. It was just a matter of Bob Knight running 42 yards, but Bob Knight did it and there went the ball game!

Starring for the Hogs were Lester, Hightower, and Fry in the backfield, while Bubba Arnold stood out in the line division.

## Citation For Building of Morale

The season of 1937 was bolstered by the support of Texas A. & I.'s first "swing out" football band, a band that played everything from "Fight, Fight for Old A. & I." to "Wabash Blues!" Under the superb direction of Erwin Ernst the Javelina Swing Band furnished a colorful background for the Blue and Gold gridiron army. And when they took the field between halves all eyes were centered their way just as when an A. & I. back tucked the ball under his arm and skirted end, or some other position, for a touchdown. So here's a high note of praise for A. & I.'s patriotic band members and director.

## Lady Luck and Schreiner . .

(Continued from preceding page)

crowd even though beaten, amassing 229 yards from scrimmage to the Kerrville school's 150. The Hogs amassed 14 first downs to Schreiner's 6. In fact the Hogs played a darn good game . . . if it just hadn't been for that old scoreboard which happens to be the reason football is played.

Clarence Jarvis and Don Hightower were the backfield fireworks

for the Hogs while Rackley, Weikel, Arnold and Ahrens played a dogged resistance in the line. Schreiner had three backfield greats in Chambliss, McCaleb and Leonard, while Suman took advantage of fate and stole the scoring show.

After this one, the fans were looking to the St. Mary's game as the chance to make a crumbling season a successful one after all!

. . . R. B. RACKLEY, BUBBA ARNOLD,  
EVERARDO LERMA, DON HIGHTOWER

## *For Distinguished Service Against St. Mary's Rattlers - A. & I. 6 St. Mary's 6*

DON HIGHTOWER

He dashed 48, 5, 6, and 1 yards in four consecutive darts to lead the Hogs on an 80-yard drive that ended in the 6 points that tied the Snakes and the Conference title. He also averaged  $7\frac{1}{2}$  yards per carry in 13 trips with the oval to emerge the greatest ground gainer on the A. & I. field the night of November 6.

CLARENCE JARVIS

He made 15 yards in three plunges to score the 6 points that tied the Rattlers. Ripping through from the 4-yard line he brought the A. & I. fans' dream boat home on a tidal wave of hysteria as the score changed 6 to 6. He also proved a stellar cog on pass defense when pass defense was needed most.

L. V. HIGHTOWER

He played 60 minutes of uncanny football to turn in what the mystics call "inspired" ball. Time and again the Rattler interference swept his end position but every time Hightower came out of the melee with a tackle. And the Snakes never gained a yard around his wing all evening. Said Head Coach McCallum: "The greatest game of defensive football an A. & I. end ever played!"

FRED McINTIRE

He led the ferocious Hog line on offense after being out of action for two weeks previous with an injured knee. McIntire played his greatest game of ball for A. & I. on the night that A. & I. needed that greatest game the most. From a roaring madman on offense he dropped back on the defensive and led the Hog secondary in their pass defense when the Snake sharpshooters were firing touchdown hopes right and left!

## Dedication

Because when rated hopeless underdogs; after losing three heart-breakers in a row by scores of 2, 1 and 6 points; because when trailing to a team they could only hope to whip; because when skill and football sense were not enough, they had the guts to play on fight and heart alone, this page is dedicated to the men of A. & I. who fought against the St. Mary's Rattlers on the night of November 6, 1937!! Those men tied the Rattlers, the game and the Alamo Conference! But they did some-

thing much greater than that. On that night they left themselves a living memory to Texas A. & I. Because they fought the Rattlers to a draw when a tie or a victory for A. & I. meant placing the annual St. Mary's-Texas A. & I. game in a hallowed spot on every football schedule those two teams may arrange from now on through the years. As each November rolls around through the football years to come, that game will grow and grow until its color, its rivalry, and its significance shall mark it

as one of the most colorful grid meetings in the great Southwest! Had the Rattlers whipped the Hogs last fall, and they had a better team except on the night of November 6 in Kingsville, that Hog-Rattler feud would have simmered out. But the Hogs of 1937 came through and gave the greatest home crowd in A. & I. history their greatest game. We hereby recognize that the night of November 6, 1937, was also A. & I.'s greatest athletic moment.

# Hogs Snatch Erratic Season From Coals, Beat Out The Flames, Tack Sensational Results To A. & I.

## Masthead For Successful Year

Texas A. & I. Stadium, Nov. 6.—The publicity, the Hallelujahs, the exhortations, the intense press rivalry, and the past history of the Snake-Jav feud tonight climaxed in as great a football game as South Texas can ever hope to play host to.

For once the combination blooming of a student body's hopes and the sports fraternities' imaginations climaxed in what is seldom the ultimate of either. A game come true! That game was Texas A. & I. 6, St. Mary's Rattlers 6, and the ending of the Alamo Conference in a two-way tie between the Hogs and the Snakes!

For weeks, while the Javelinas took three games straight on the chin, losing consecutively by the small margins of 2, 1, and 6 points, the fans and student body pointed to the Rattler game as the season's lifesaver. "Whip the Snakes and forget the past!" was the cry. But as three week-ends passed with three defeats the cry became weaker and weaker, not so much in its tone and quantity but in its sincerity.

The Snakes were too strong!

They were doped to win overwhelmingly!

The Hogs were in for their fourth straight defeat!

A. & I. didn't have a chance!

The San Antonio sports sheets emphasized the fact that the Hogs might win . . . evidently they knew more about Texas A. & I. than the members of the school itself. But the same sports sheets made it plain that if the Hogs won it would be through a fluke . . . in other words St. Mary's had by far the best team of the two.

(They had said the same thing the year before and the Javelinas

had won 20 to 0 in the Snakes' own den in San Antonio.)

A feud developed between the South Texan, the fans, and the San Antonio papers.

Signs were printed deriding the Snakes and all Frosh were forced to wear them!

The Rattler fans decided to run a special train to see the slaughter!

The night before the "big game" A. & I. staged a huge pep rally, the largest in its history.

The morning of the day of the "big game" A. & I. staged another huge pep rally, and it was bigger than the one the night before!

All Kingsville was talking A. & I. vs. St. Mary's! Visions were being conjured up of this scrap turning into one of the best annual "grudge" battles staged in the state!

About 6 p. m. the Rattler special pulled into town. Hundreds of San Antonians swamped the city of Kingsville.

At 8 o'clock the heralded crush contest began.

There were over 5,000 people present, the largest crowd in A. & I. stadium history, and they saw the greatest game of football any two teams ever engaged in, in that same stadium.

### FIRST QUARTER

The Hogs received, ran three plays from their own 46, and saw Roy of St. Mary's intercept a pass back to the Hog 30. In six plays Brown plugged the ball to the Javelina 3, where he fumbled and Gries recovered. Gries kicked out to the 27 and the Snakes featured Guy Todd in a two-play jaunt to the Javelina 6. Here the Hogs held and took over the ball on the 2-yard line. Gries' kick was rushed and with a first down on the 12, Todd threw a pass to Buchanan in

the end zone for a 6-to-0 lead for the Snakes. Try for point failed. Play swayed in mid-field through the rest of the quarter.

### SECOND QUARTER

Shortly after the second round began, the Rattlers got a first down on the Hog 8 but were fought off with the Hogs taking the ball on the 20. Here Don Hightower broke off tackle for 48 yards and the first A. & I. offensive threat. He repeated a moment later with two dashes for another first down on the Rattler 16. Jarvis picked up 10 to the 5 after Hightower had added a yard at center. In two plays Jarvis plunged over and the score was knotted. Lester missed the try for point.

### THIRD QUARTER

As the last half opened St. Mary's began a passing attack which was stymied on the Hog 44. Here Petty heaved the most beautiful pass of the year to Jarvis, who plowed to the Snake 18-yard line. The Hogs were held inside the 20 and the Snakes punted out. The quarter ended with St. Mary's on the A. & I. 12, second down, goal to go.

### FOURTH QUARTER

The Hogs fought the Rattlers out of their own goal post's shadow again and booted out. Jarvis intercepted Medley's pass and returned to the Hog 24. The Rattlers passed their way to the Hog 28 and there the attack backfired as an interception was returned to the Hog 37. The rest of the game consisted of St. Mary's trying to tally on long heaves. Three of the attempts were intercepted by the A. & I. secondary.

The gun boomed and the fans couldn't believe it! But a wild, maniacal mob heralded the Hogs as co-champs of the Alamo circuit for the second consecutive year.

## Javelinas Swamp Lumberjacks In Nacogdoches By 33-6 Score

### Jarvis, Lester and Hightower Lead in Attack in Final Texas Appearance of the Season.

Nacogdoches, Tex., Nov. 12.—This afternoon a rampaging Javelina ball club from Kingsville proved themselves no flukes in their win over the St. Mary's Rattlers last Saturday night by taking a hard-fighting Lumberjack eleven to a 33-to-6 cleaning.

The Hogs featured the neatest combination of passing and running witnessed in the piney woods section all season, with Don Hightower and Clarence Jarvis doing the running and Grady Lester heaving the passes along with Hightower.

Jarvis started the massacre in the second quarter when he plunged over from the 5-yard line for a score after the A. & I. machine had rolled into scoring position from mid-field. The score at the half was still 7 to 0.

The Hogs hit the greatest groove

of the season in the third quarter when Don Hightower accounted for 2, Lester 1, and Jarvis 1 touchdown on a dazzling passing and running attack. The terror began when Jarvis plunged the ball into scoring range from which point Lester heaved to Hightower for a touchdown. The procedure was repeated a few moments later when Lester passed to L. V. Hightower who lateralled to Brother Don who scored again. The next one was a reversal of the former action with Lester taking a pass from Don Hightower for a score. Then Clarence Jarvis put the cap on the A. & I. scoring with a climax to another Lester-to-Hightower passing show when he plunged through center for a score from the Jack 12.

The Lumberjacks scored in the last 30 seconds of the final quarter with a long pass.

Jarvis, Don Hightower and Grady Lester were brilliant in the Hog backfield while Fred McIntire at center and L. V. Hightower and Bubba Arnold at ends led the line play.

## Hogs Invade Mexico and Win Season's Curtain Game, 26-12

Mexico City, Nov. 20.—The Texas A. & I. Javelinas, playing their first foreign foe at the tail-end of their longest trip in the history of the South Texas school, this afternoon whipped the National University of Mexico 26 to 12 by staging a thrilling third quarter comeback after trailing 12 to 7 at the half.

The Mexicans scored first, halfway through the initial period when Baledon scooted through left tackle for four yards, after a well-mixed pass-run attack had carried deep into the Hog vital zone. Try for point failed.

Hightower quickly evened the score when he slid off right tackle for 22 yards and a 7-to-6 advantage after Lester place-kicked the point. The lead was short-lived,

however, when Rivadoneyra took a bouncing lateral on a dead run and ended up 71 yards later behind the A. & I. goal. Score 12 to 7, Mexico, at the half.

The third quarter saw Jarvis score from the 1-yard line after the Hogs had marched 62 yards for the score. Lester to Jarvis sewed the game up as well as the scoring when Jarvis took a long heave for 46 yards and a score.

The Mexicans failed to score twice in the final period after penetrating the 15-yard line.

Jarvis, Don Hightower and Lester again led the backfield brigade.

In the line Fred McIntire played a grand game as he bowed out of the A. & I. football picture, and Everardo Lerma at quarterback.

. . . RED TURNER, DOC SEAY, CHILI McROBERTS, BILL KEYES . . .

## Four Javelinas Rate Berths On All-Alamo Conference Eleven

Clarence Jarvis ..... Fullback  
 Don Hightower ..... Halfback  
 Fred McIntire ..... Center  
 L. V. Hightower ..... End

The above four Javelinas were voted into All-Alamo Conference recognition at the end of the 1937 season; the voting being done by the members of the Sul Ross and St. Mary's football teams; these two elevens being the other two corners of the Alamo Conference which elects its All-star teams by the All-players voting system, each member team having 16 votes.

The All-star team of last fall was unique in that only men from St. Mary's and Texas A. & I. landed in front positions and that two brothers, Don and L. V. Hightower, rated the honors from the Hog fold.

Don Hightower and Clarence Jarvis oozed out some fine back-field men in their election to All-star class, chief opponents being Bo Graham of Sul Ross, Woody Roy of St. Mary's, and Grady Lester of Texas A. & I.; all three of the latter making the All-conference second team.

L. V. Hightower turned in such a perfect game against the Rattlers that they voted for him en masse as an ideal wingman. On the Star club he teamed up with Paul Buchanan of the Snakes, who proved to be one of the classiest wingman in the South. Hightower and Buchanan were chosen in preference to Tipps of Sul Ross and Wendorff of San Antonio. Hogmen classed Tipps as one of the best wingmen ever to oppose them while Wendorff had formerly been boosted for All-American recognition . . . but failed to make the Alamo Conference club.

Fred McIntire at center seemed head and shoulders above Burkett of St. Mary's and Thornhill of Sul Ross; which proved to be the case

when the football voting returns came in. "Mc" was boosted to glory in due recognition of his leadership and fury as a hub on the Texas A. & I. line for 1937.

All-Alamo Conference team follows:

**Backs**—Don Hightower, Texas A. & I.; Clarence Jarvis, Texas A. & I.; Guy Todd, St. Mary's; Burren Brown, St. Mary's.

**Linemen**—Ends, L. V. Hightower and Paul Buchanan, Texas A. & I. and St. Mary's; tackles, Bruce McElroy and Vivrette, St. Mary's; guards, Warren Wyble and Clyde Rush, St. Mary's; center, Fred McIntire, Texas A. & I.

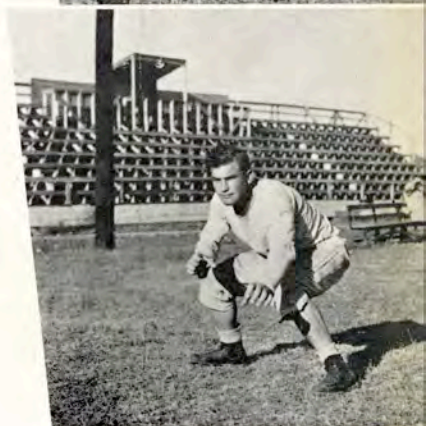

Don Hightower, Buchanan, Wyble, and Vivrette are repeaters at All-Conference recognition, the above four having placed in 1936.

The second team is composed of: Ends, Tipps (Sul Ross), and Wendorf (St. M.); tackles, Keyes (A. & I.), and Lerma (A. & I.); guards, Weikel (A. & I.), and Carraway (Sul Ross); center, Burkett (St. M.); backs, Roy (St. M.), Graham (Sul Ross), Lester A. & I., and Williams (St. M.)

Those receiving honorable mention—seven votes or more—are: Ends, Gries (A. & I.), and Arnold (A. & I.); tackles, Carrick (Sul Ross), and Wright (Sul Ross); guards, Anthis (A. & I.), Foerster (A. & I.), Rackley (A. & I.), Phillips (St. M.), and Fowler, (Sul Ross); center, Thornhill (Sul Ross); backs, Fry (A. & I.), Moulton (St. M.), and Grimes (A & I.)

L. V. Hightower, Texas A. & I. end, was placed on the Rattler All-opponent team which included players met by the Snakes in their tour from California to Montreal, Canada. The Rattlers classed L. V. as the out-fightin'est wingman they'd ever tangled with, referring to his performance against them on the night of November 6.

# Basketball

The Hogs played 23, won 12, and lost 11.

They continued annual basketball feuds with the Humble Oilers of Ingleside, Texas, Schreiner Institute of Kerrville, Texas, St. Mary's Rattlers of San Antonio, and the Circulo Club of Monterrey, Mexico.

The Hogs came out ahead in the Rattler and the Mountaineer entanglements but lost decisions in the final analysis to the Oilers and the Diablos Rojos of Monterrey's basketball fraternity.

Against the Humble Oilers the Javelinas won a single game and lost two out of a three-game series played over a period of several weeks. The Hogs lost 32 to 18 and 41 to 27, but trampled the flashy Bayside quintet 43 to 30 in a revengeful swoop a few games after the season had gotten under way.

The Javs took Schreiner two games in a row on home territory but dropped a game in Kerrville later in the year to balance the Mountaineer scale finally at three wins against one loss for the Hoggies.

St. Mary's Rattlers took two defeats on the chin when they came snaking around the A. & I. Gym; both of which were close, the Hogs winning the first by a matter of 2 points.

The Diablos Rojos (Red Devils to you Anglo-Saxons) nipped the Hogs 44 to 29 and 27 to 25 in a busy week-end of cage excitement staged in old Monterrey. The Javelinas won the central game 43 to 22.

The season was closed against Baylor U.'s mighty Bears who, in the first of the two-game Home Series, whipped the Hogs 47 to 24. But in the second game the Hogs fought extremely hard and well to come within 6 points of the laboring Bears for a 38-to-44 scare just four minutes before the final gun of the game and year banged. The fans had a screaming four minutes as J. D. Bryan led the Hogs to a final 44-49 decision. Although Baylor won the game was the thrill of the year with J. D. Bryan outscoring the Bears' mighty Kirkpatrick. Bryan rang up 24 points for the most massive individual varsity scoring streak of the year.

just loves picnics . . .

# Selection of Who's Who

## *Purpose—*

Who's Who will serve:

As an incentive for students to get most out of their college careers;

As a means of compensation to students for what they have already done;

As a recommendation to the business and social world;

As a standard of measurement for membership comparable to such agencies as Phi Beta Kappa and Rhodes Scholarship Award.

## *Qualities Upon Which Students Are Nominated—*

To be included in Who's Who, a student must have a combination of the qualities listed below to indicate that he is outstanding and an asset to his school:

Character

Scholarship

Leadership in extra-curricular activities

Possibility of future usefulness to business and society

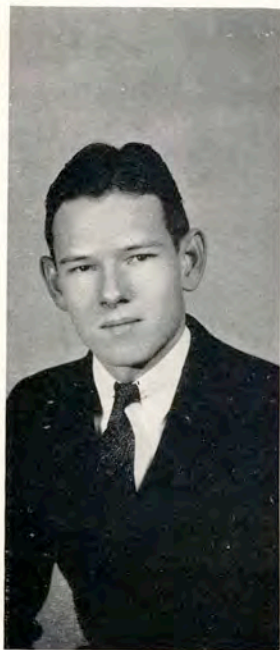

One per cent of the student body is selected by the president of the student body and the dean of the college to be included in the annual compilation of biographies called Who's Who Among Students in American Universities and Colleges.

---

The claim to fame of the graduating class of any college or university is not so much its size as it is the quality and character of its outstanding leaders. So far as can be determined, there has been no adequate and authentic medium for bestowing upon these leaders a deserved national recognition that is permanent and dignified. To fill this noticeable need is the purpose of The American College Year Book which bestows national honor and recognition upon the outstanding leaders of 1938 graduating classes—Selected by Senior Class Vote.

# Who's Who

Keith Andersen

Business-like and ambitious, he is looked up to as President of Alpha Chi and treasurer of the Business Administration Club. A thorough worker and student, he is left-hand-man to Pop May and George Simons in the business office. Possessed with a keenly analytical mind, he is generous to a fault, tolerant, and self-effacing. Selected by Alpha Chi to represent the A&I chapter at the annual convention in Conway, Ark. Is a member of the Delta Sigma Chi brotherhood and lives in Weslaco. Nominated to "Who's Who Among American Colleges and Universities" and to "The American College Yearbook."

Beatrice Cryer

Foreman of El Rancho '38, she has the distinction of being the only junior A&I student to be selected for "Who's Who Among American Colleges and Universities." Dabbles in art and writes a weekly column for THE SOUTH TEXAN. Is ingenious and versatile with a bent for quiet industry and efficient organization. Thinks more than she talks and talks a lot. An inveterate student of human nature who interests herself in people and vice versa. A member of the Beta Gamma sisterhood and sweetheart of the Collegiate Chapter of the Future Farmers of America. Lives in a thicket of oil wells at Clarkwood, Texas, and says, "Cousins Hall," into a 'phone three nights a week for pay.

Spud Dahlman

Perhaps best known for his "Cuero drawl." Dubbed "Spud" and "Wilbah, honey," but will answer to Wilburd. Was head yell-leader for two years, and is one of the most enthusiastic of intra-mural sports stars. Is known as a smooth worker, especially with the Slide-Rule, and was president of the Engineering Club in 1936-1937. Is a charter member of the Natural Gas Engineers' Association and a senior gas engineering student. Chosen by the senior class to appear in "The American College Yearbook."

Lois Jean Duncan

Not as often seen as heard, her violin has helped her to a top place among A&I students. Radio broadcasts, campus and club recitals, and student programs have demanded the poised girl with the violin and the quiet smile. Lives in Kingsville and was president of the Delta Theta sorority for the first semester. Delta Theta representative to the coronation of Her Majesty, the Queen of the Lantana Court. Is a lover and an unswerving student of music. Chosen for "Who's Who Among American Universities and Colleges."

# Who's Who

## Evelyn Fore

President of the House Council at Cousins Hall and a home economics student. Intelligent, sympathetic, understanding, with dark hair and eyes overshadowing a contagious smile. Known as one of the best-dressed girls on the campus and has held many offices and taken part in innumerable campus activities. Is a member of the Alpha Sigma sisterhood and lives in Floresville. Belongs to Delta Sigma Nu, Kappa Omicron Phi, and Alpha Chi. Chosen for "Who's Who in American Colleges and Universities" and "The American College Yearbook."

## Joe Rob Gardner

President of the student council and manager of the text-book room, he is often known as the "Devine Flash." Has a passion for baseball and baseball stories. Is conservative, smokes a pipe, and has been active in intra-mural sports since their inception here. Was president of his class in his junior year and is a business administration major and a member of Kappa Sigma Nu. Selected as outstanding for "Who's Who in American Colleges and Universities" and "The American College Yearbook."

## Holbert Haire

The president of the Engineers' Club comes from Harlingen and is a charter member of the Natural Gas Engineers' Association. He has been a representative to the Student Council and has many friends outside the engineering group. Lives in a pent-house apartment with Hoover and Ledbetter and is seldom seen without them. It known for his knack of squirting oil on troubled waters whenever the going gets rough. Studies hard and keeps a finger in campus activities. Speaks even when not spoken to. Named from the senior class for "The American College Yearbook."

# Who's Who

Keith Hoover

Displaying excellent form both on the track and in his campus work, Keith Hoover has made a long stride and kept a steady, even gait. He is a member of the Engineering Club and a charter member of the Natural Gas Engineers' Association. Comes from Rio Hondo, Texas, and is a member of the Haire-Hoover-Ledbetter trio. Was class vice-president in his junior year and was vice-president of the Engineers' Club in the same year. Selected to appear in "The American College Yearbook."

Mac Neal Irwin

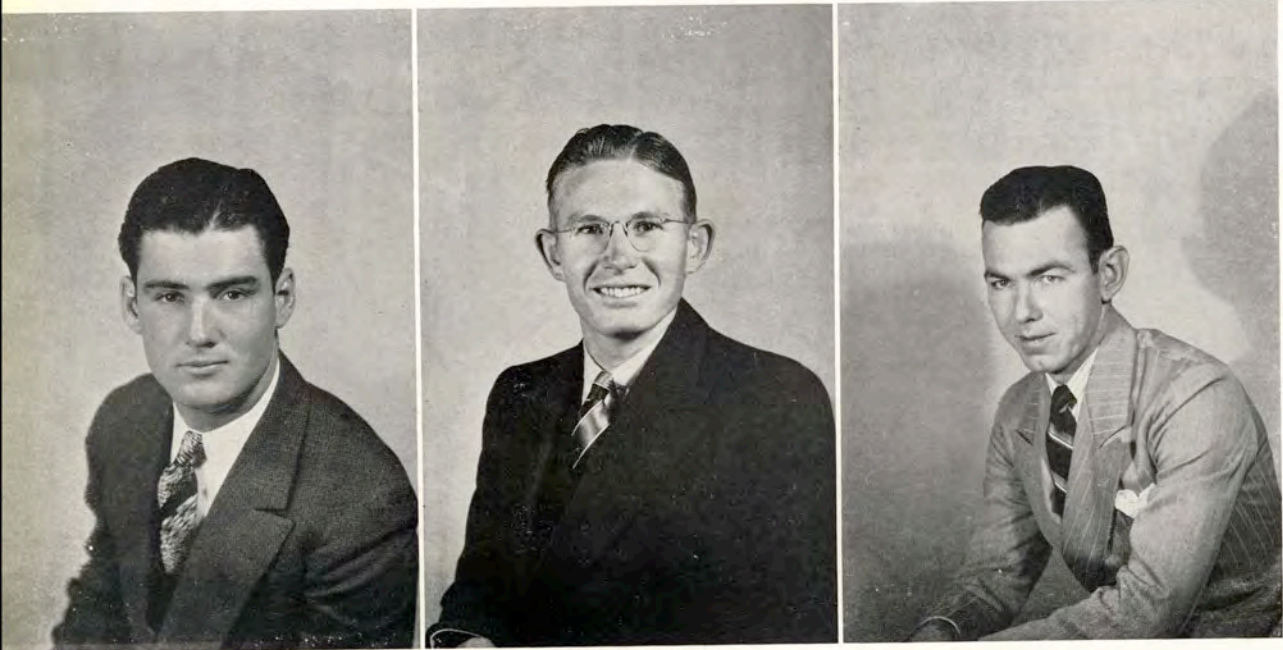

Most often thought of in connection with "Mule Dust" Column. Has been said that he thinks more than he writes and writes more than he talks. Is president of the Aggie Club and an active member of the Future Farmers of America. Is associate editor of THE SOUTH TEXAN and was treasurer of the Texas Intercollegiate Press Association for 1937-1938. Has a quiet, sagacious, "horse-sense" philosophy that has earned for him the title of "The Will Rogers of A&I." Makes his home at Big Spring, Texas. Chosen for both "Who's Who in American Colleges and Universities" and "The American College Yearbook."

Rebekah Lindahl

A winsome Swedish lass from Raymondville. Goes in for campus activities connected with home economics, and is president of the Beta Gamma sorority. Also belongs to Kappa Omicron Phi, Delta Sigma Nu, and the Press Club. Won a home economics fellowship in 1935. Hobbies: collecting vases and flower arrangement. Likes candy and entertaining and is a good dancer. Best known as "Becky." Senior class representative from A. & I. to A. & M. Cotton Ball.

# Who's Who

## Fred McIntire

A T-Man with an enviable record on the Javelina squad. Captain of the football squad. Comes to A. & I. from Floresville and has twice been elected as best student in physics and mathematics. Is a good 'possum and squirrel hunter. Better known as "Mac." Selected for both "Who's Who in American Colleges and Universities" and "The American College Yearbook."

## Cecil Ryan

Genial, jovial, and possessed with boundless energy, Cecil Ryan has spent most of his college career working his way on the college farm and working his way into the esteem of his fellow students. He was president of the Aggie Club during the first semester and is an active member of the Future Farmers of America. Though he is now employed as a soda-jerker at a local dispensary, he still finds time to work hard, play hard in intramural sports and make good grades in his Aggie courses. His home town is Runge, and he was selected from the senior class for "The American College Yearbook."

## Thomas A. Simons, III

Lives in Kingsville and is a member of Delta Sigma Chi, Alpha Chi, and the Business Administration Club. Was named for "Who's Who in American Colleges and Universities" for his outstanding work in his two chosen fields: business administration and history. Drives the delivery wagon for the American Railway Express Company and fills in as a member of the staff for the Kingsville Publishing Company. Is laconic, works hard, and is best known as "Tommy."

The A. & I. Press Club was host to the Texas Intercollegiate Press Association in April. Sixteen colleges were represented at the convention. They came from the plains of Amarillo and the rocks of El Paso, from the piney woods of Nacogdoches and the busy town of Fort Worth, from North Texas, East Texas, South Texas, and West Texas. Many valuable ideas were exchanged, and a varied program of information, food, and fun kept the visiting delegates informed, happy, and amused. The host college for 1939 will be the Texas Wesleyan College at Fort Worth.

## KAPPA OMICRON PHI Iota Chapter — Organized January 28, 1928

Kappa Omicron Phi is a national honorary Home Economics Fraternity, founded at Maryville, Mo., in 1922. At the present time there are sixteen chapters in the United States. They strive together to promote higher social, scholastic, and intellectual ideals. To be eligible for membership, one must have signified her intention of majoring or minoring in Home Economics with a superior standing in all school subjects and proven herself a contributing member to the organization.

 MILLER, NICHOLS, NOVOA, PETERSON, RICHESON, TOWNSEND, WHEELER

The purpose of the Robert J. Kleberg History Club is to preserve the un-written history of South Texas. It maintains a museum which now contains an interesting variety of documents and relics.

Following an annual custom of visiting some spot of significant interest in Texas history, the members of the Robert J. Kleberg History Club made a visit to the San Jacinto battlegrounds near Houston. While on the road, the club visited La Bahia at Goliad, the Fannin Battlefield, Harrisburg, Lynch's Ferry, La Porte, the home of Andrew Jackson Houston, and the Houston Museum of Fine Arts.

MOTTO: "El que persevera alcanza."

Amado Nervo Club organized in the Fall of 1912. Its meetings are conducted entirely in Spanish. Its aims:

(1) To develop an appreciation of the aesthetic, the ethical, and the fraternal; (2) To become familiar with the geographical knowledge, and the historical and sociological events of the Spanish speaking countries; (3) To develop faculties of expression: oral as well as written; (4) To widen and enrich the English vocabulary by means of the Spanish language.

Recently the Club has established a "Student Loan Fund" for deserving students who need financial assistance.

*To those who have guided us and have been our most faithful advisers, Miss Lila B. Baugh and the charter members of the Alpha Sigma Sorority, we dedicate this page*

In 1927, when South Texas State Teachers' College had an enrollment of less than forty students, five girls organized a social sorority. The charter members of this organization were:

CARY MAY (Mrs. Walter Stevenson)  
ELLEN D. MAY (Mrs. B. O. Sims)  
GRACE BAILEY  
ESTER WELLER  
VILA B. HUNT

Today it is the oldest social group on the campus with a membership of 132 girls.

DUNCAN, GRAHAM, SAVAGE, CONNELL, SCHMIDT, BASS  
 JESTER, FRENCH, BRYAN, McCAULEY, COX, GANDY  
 JESTER, THOMPSON, SPEAKER, YEAGER

Organized January 8, 1929

Flower \_\_\_\_\_ Sunburst Rose  
 Colors \_\_\_\_\_ Green and Amber

Organized by a group of girls who planned to establish an organization that would supplement the social life of the girls of T. C. A. & I.

Specific purposes of the organization are the promotion of friendship among its members and the development of social graces. Its membership is limited to those who participate in school activities and quality in scholarship, leadership, and personality. Because of the high type of social events which they have sponsored and because of their thorough co-operation in college activities, the Delta Thetas have established an enviable reputation.

## *Congratulations, A. & I.*

The college year just closing saw your enrollment pass the one thousand mark for the first time.

It witnessed beginning of construction of your beautiful building dedicated to the teaching of the sciences.

To these two major items in the year's progress, can be added a long list of accomplishments in many fields, all extending the constructive influence of the college.

We stand ready to support your leaders in their campaign for a greater A. & I. It is a privilege to help you build.

Kingsville  
Chamber of Commerce

AS a TEXAS institution, we extend to the class of 1938 our best wishes for success as they graduate into the larger world of business and professional life. May you, like your predecessor classes at Texas College of Arts and Industries, contribute to the greater glory of Texas, the chief wealth of which is not in its rich endowment of natural resources, but in its many splendid men and women.

As electric service has improved, rates have steadily decreased, until the average rate paid for residential current in South Texas, for instance, has been cut **IN HALF** in the past ten years.

**T**O MAKE ELECTRIC SERVICE more valuable to you, electrical engineers and scientists are constantly at work in two great fields of endeavor: that of generation and transmission of electric current and that of improvement of electrical appliances.

More and more, electric service is taking on, and performing with efficiency, duties in the home, on the farm and in store and factory. The men who are discovering and making practical these new and varied uses for electricity are truly Servants of Tomorrow.

To predict the part that electric service will play in the life of tomorrow would be folly. But, a review of its ever-increasing use in the past decade, convinces one that there are many pleasant surprises in store for the years just ahead.

## THE "EL RANCHO" AND YOUR BANK ACCOUNT.....

JUST AS THE "EL RANCHO," yearbook of the Texas College of Arts and Industries, serves as a record of college achievements throughout the year—so does your bank account record the achievements which you attain in the business world. How much your years at A. & I. have meant to you will be reflected in your bank account in the years to come. This bank is happy to serve a large number of college students and our complete banking service is always at the command of the students and faculty members of A. & I.

# The Best Values

*In South Texas . . . at*

## KINGSVILLE'S

### Largest Department Store

---

---

TO OFFER THE BEST VALUES in quality merchandise in South Texas has been a fixed policy at Ragland's during the 35 years this institution has served Kingsville and South Texas. At our store, college students will find fashions by the nation's leading stylists — all reasonably priced—and Ragland's values highly the privilege of serving the students of A. & I.

COMPLETE LINES OF MEN'S AND WOMEN'S  
CLOTHING, HATS AND SHOES

# LEADERSHIP

Within every industry there is usually one concern that stands head and shoulders above competitors.

It is not through some stroke of luck or fortunate star that leadership within a particular sphere is accomplished but rather through specialized training, experience, and a constant vigilance toward service, quality of the product, and an honest desire to serve.

For nearly three decades the SOUTHWESTERN imprint in a yearbook has been the mark of quality... a guarantee of a helpful experienced service — of fine printing plates produced by skilled artisans.

We are proud of our association with this year's staff and pledge our best to staffs of the future.
