Bess Hal Yakey _____ Editor in Chief

SARAH PORTER ______ Business Manager

Here on the right, we introduce Henry and Henrietta Javelina who will take you on a personally conducted tour of war-time A&I. Okay—Take 'em away, Henry and Henrietta!!

DEDICATION

First, we wish to dedicate this book to the men and women from A&I who are carrying out their duty to the nation and to themselves as freedom loving Americans in the armed services of the nation. Second, we wish to dedicate this book to President E. N. Jones, who has done so much to help A&I make her contribution to the war effort.

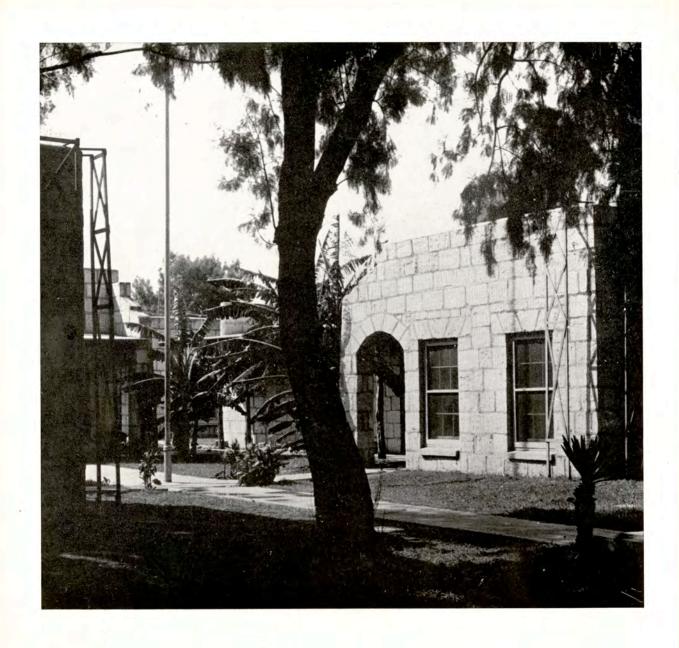

EDITOR'S NOTE

Putting out an annual is never a simple task. Complicate it with film shortages, lack of manpower from El Rancho staff to print shop and you have trouble on your hands. Because films, cameras, engravers, and acids have gone to war, we were more determined to make this book a record of A&I's first year in the conflict. The boys we used to know are fighting for a great tradition, our annual is a tradition in its small way, and we wanted to keep it alive.

Chemical Testing Laboratory

The Chemical Engineers needed a new house so . . .

The College started to build one that is . . .

A neat brick veneer building, which is now complete, 'tho not finished in the photo...

Steps in Construction

The auditorium site was just a short cut then . . .

The marking of dimensions was begun.

Next they laid the foundation good and deep . . .

And erected the frame work for the building backbone . . .

Steps in Construction

The auditorium site was just a short cut then . . .

The marking of dimensions was begun.

Next they laid the foundation good and deep . . .

of Jones Auditorium

The framework grew and took shape . . .

Finally it even began to look solid . . .

And construction on it was nearly completed . . .

With only the finishing touches to be added . . .

EXECUTIVES

Board of Directors . . .

Reading left to right: R. H. Kern, Mercedes; H. E. Butt, Corpus Christi; R. C. Eckhardt, Secretary, Kingsville; Dr. E. N. Jones; Frank C. Smith, President of Board, Houston; Sam Fore, Jr., Floresville; and W. M. Griffith, Sinton.

Board members not shown: Mrs. Frank Morton Lewis, Vice-President, San Antonio; Judge James R. Dougherty, Beeville; Holman Cartwright, Dinero.

President Jones . . .

President Edward Newlon Jones first came to A&I in the middle of last summer from Baylor University, where he served as Dean. He is scholarly, sincere and fair. These qualities have served to endear him to faculty and student alike. His spirit and determination have helped A&I through one of the most chaotic years of its history. When war is finished this same spirit will go a long way toward making it a finer and stronger institution than ever before.

The Student Council . . .

Reading from left to right are: Pauline Anderson, Preston Wood, Betsy Lee Kidder, J. Curtis Reagan, C. A. Davis, Jr., Johnny Dietz, Byron Fullerton, Bess Hal Yakey, Jake Simpson, and Bill Holmes.

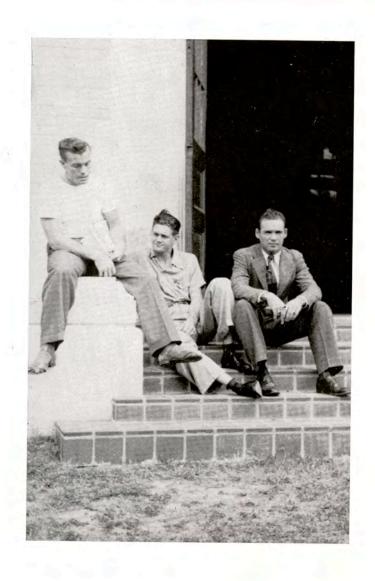

The Student Council personnel underwent change after change during the year '42 - '43. When Student Council President Davis graduated into the Army Air Corps, Vice-President Reagan took over. Secretary Pauline Anderson was elected to take Reagan's place as Vice-President and then as President when he was called into the Enlisted Reserve Corps near the end of school. Junior Class Representative Betsy Kidder replaced Pauline as Secretary-Treasurer and Norman Thomas took Betsy's place. Frosh Representative Jake Simpson was replaced by John Fry, and Bill Holmes, Air Corps bound, left his responsibilities in the hands of Mary Katherine Mahoney.

Both playing and listening to good music has always been a favored A&I pastime. Practically every one of these stalwarts are now working for their uncle. Gipe stands out in the La Conga line. Hi-jinks in the science lecture room. Aggie Profs Cook and Gist take a bow at the annual Round-Up. Last year's students witness a rollicking version of Shakespeare's "Twelfth Night."

Students once alternately froze and smothered in the gym. Painting signs seems always to have been a tradition. Dub Willis, always clowning. The days before the draft board went to work on the stag line. Now engaged, Betty Platt danced with now married man, Bob Thompson. Leland is an ensign now. Remember those kids?

Meetings and Such

Nominations were in order for officers of the Junior Class. The seniors met to elect officers and make plans for the year. Harrell, Prexy and Pry must be studying, they look like they're studying. This is what they call "Democracy at Work." Sponsor Straiton grins while the engineers talk things over. Virginia Belle and her friends pay up to Louise Murphree.

LADY BETTY DAUGHTRY

LADY PHYLISS BROCK

LADY ELIZABETH BROWN

LADY DONNA MILLER

LADY KATHLEEN BRETT

THE LANTANA COURT . .

Brett, Miller, Bingley, Krug, Daughtry, Brown, Brock

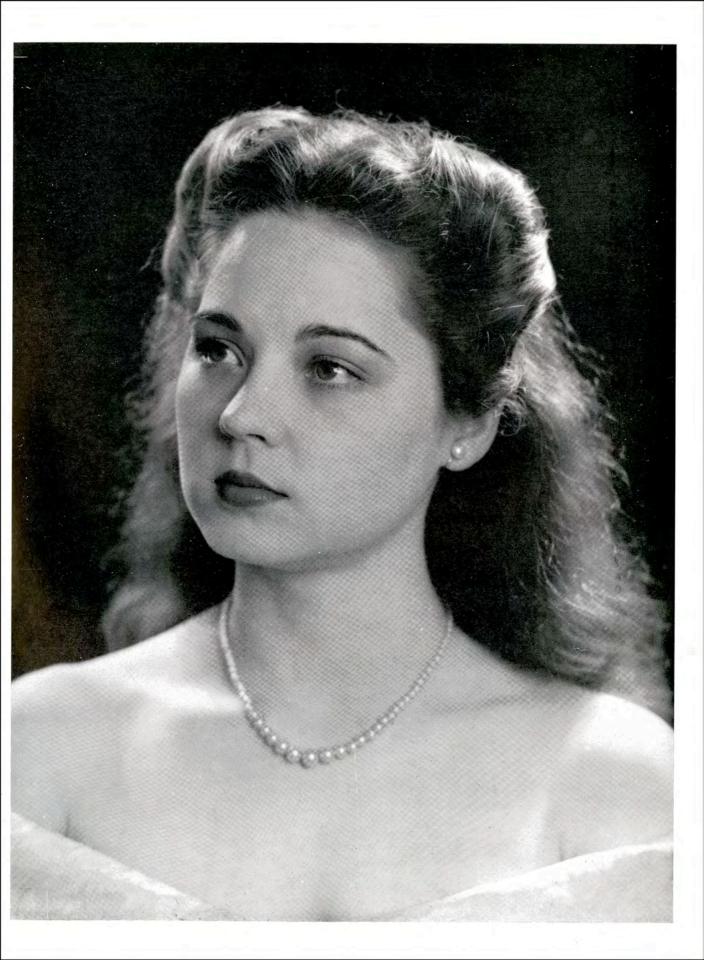

Lantana Ladies, Kathleen Brett, Donna Miller, Billie Bingley, Betty Daughtry, Elizabeth Brown and Phyliss Brock, gather around Queen Alicia Krug at the Home Economics Cottage. To carry out the United Nations theme of the Coronation, these attractive co-eds represented Russia, Latin-America, South Pacific Islands, China, Great Britain and the Netherlands. Queen-Regent, Lillian Lee Dowling, typified the U. S. and Queen Alicia, Texas and Texas A&I.

Lantana Queen . . .

ALICIA KRUG

Gracious charm mixed with a certain dignity characterizes Queen Alicia who has repeatedly delighted A&I audiences with her dancing.

BILLIE BINGLEY

Lady Bingley's friendly blue eyes with a personality to match their lilt have a way of always putting people on her side.

Lantana Lady . . . BETTY DAUGHTRY

Demure, sweet natured Lady Daughtry is the sort of person you like to know and claim as more than an acquaintance.

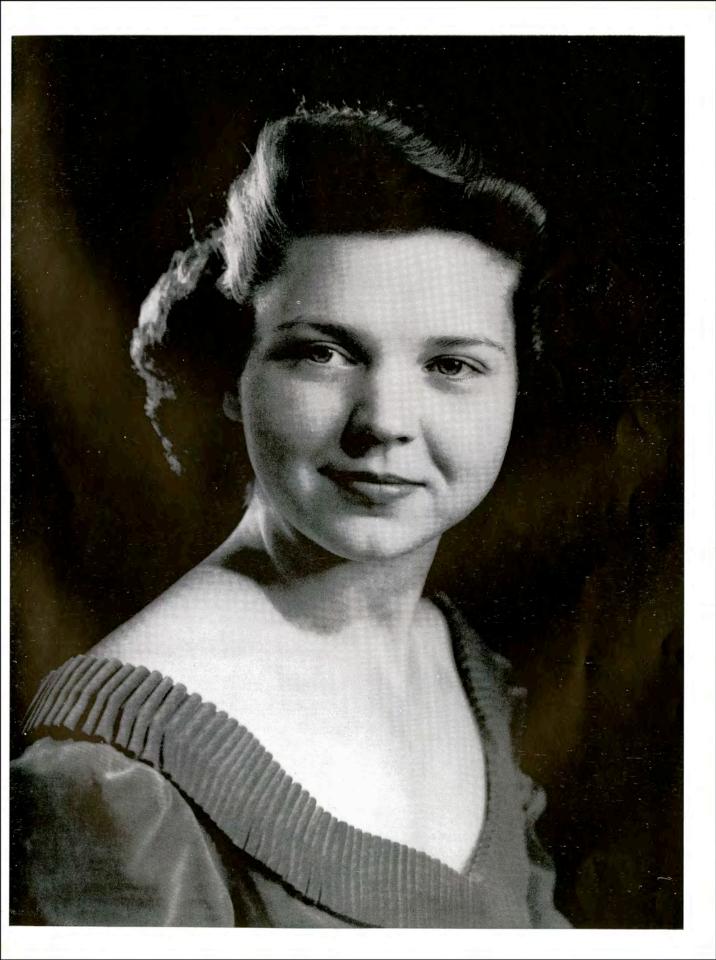

PHYLISS BROCK

Lady Brock is fun to know and fun to be around. She has an easy-going sense of humor and a ready laugh.

ELIZABETH BROWN

Everybody calls her Liz. Everybody knows this petite blonde who is so thoroughly capable and so thoroughly liked.

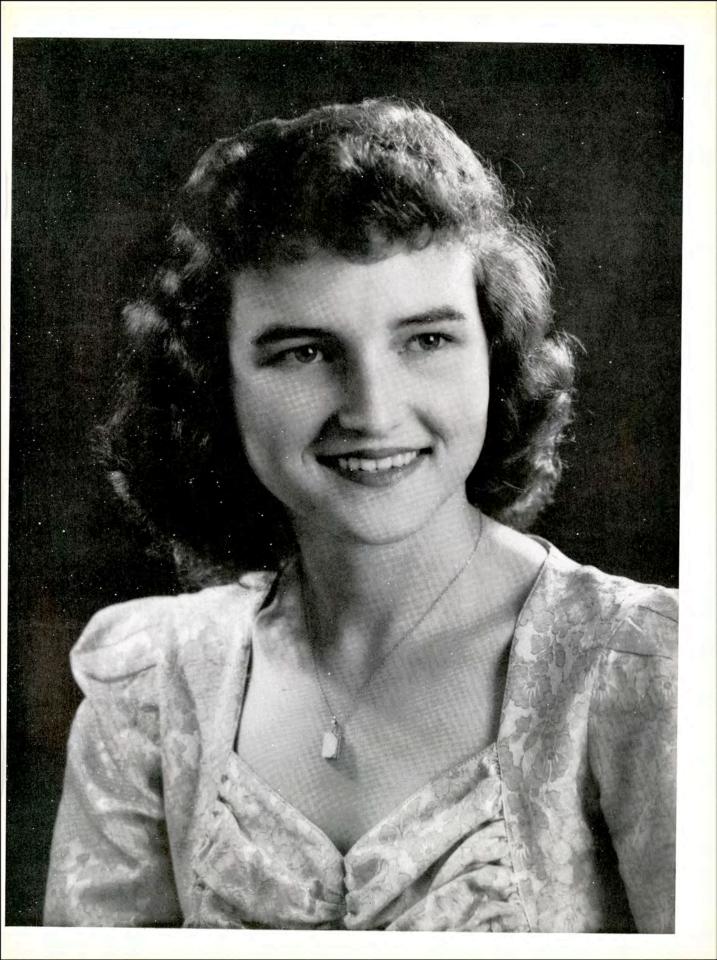

DONNA MILLER

Lady Miller came all the way from Kansas to adopt Texas, so Texas A&I reciprocated by especially adopting brunette Donna.

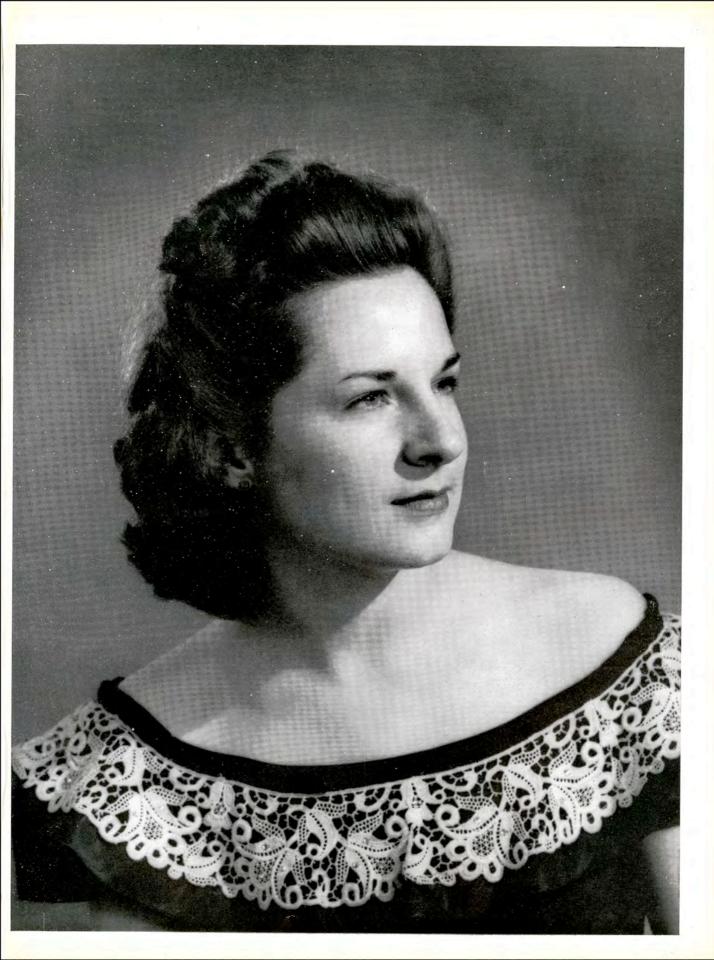

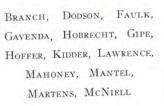

KATHLEEN BRETT

Lady Brett has an air of quiet friendliness. Always pleasant company, she is a more than welcome member of any group.

ATHLETICS

KIDD ABBOTT McCallum Nielsen

The first full year of war saw many changes brought about on A&I's campus.

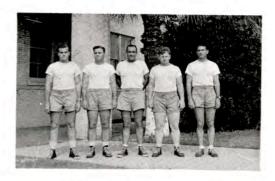

Among these changes was the abandonment of all intercollegiate varsity competition.

In its stead was adopted a Physical Fitness program which is designed to meet the needs of the public schools in the development of a wartime program of health and physical education.

The new program was set up in collaboration with the United States Army, the United States Navy, United States Public Health Service and the physical fitness division of the Office of Defense Health and Welfare.

To help establish this program in schools throughout South Texas, there was held a Physical Fitness Institute on this campus in November.

The work of four men was outstanding in directing this institute. Mr. R. J. Kidd, director of all Interscholastic League athletics, Lt. Abbott, athletic officer of the Kingsville Naval Air Station, Bud McCallum, head of the Physical Education Department, and Dean O. R. Nielsen, who worked together in the institute in order to further the program in schools of this section.

BEAR, GERDES, JEWETT RUCKER, McCALLUM

Every man, woman and child is making sacrifices to help aid in the war. These men were denied the sport to which they are most devoted, that of football, and set about to physically condition every man on the campus for the armed service.

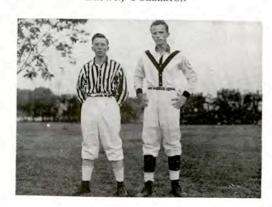

Although different from the work these men knew best they did a marvelous job of adapting a physical education program to A&I that would better suit our wartime needs.

Assisting A. Y. McCallum, head of the department, were professor Cal Jewett, Melvin Bear, three-year letterman from Comanche, Jack Gerdes, three-year football letterman from El Campo, and Jack Rucker, also a three-year football letterman whose home is McAllen.

Byron Fullerton and Billy Jo Brown, Sophomore Physical Education Majors, did the officials' chores for the six-man football league in the fall.

Both men studied an intensive course in the rules and mechanics of officiating and served in many athletic contests in high school circles.

Basketball Season . . .

All-Star

When the All-Star team was picked at the end of the season Fred Chastain, of the Kappa Sigs was chosen as the outstanding player.

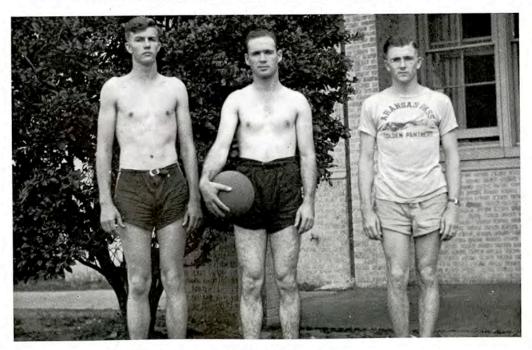

He was the only player chosen unanimously for a position on the team.

Chastain's floorwork was brilliant and his ball handling was superb. As a marksman he proved himself by scoring 87 points and finishing second in the scoring.

The Army Air Corps, Marines, Navy, and draft wrecked practically every team participating in the intramural basketball league before the season was completed; nevertheless, an All-League team was chosen from all the boys who participated at any time during the season.

Members of the team were Jack Harris, Varsity Engineers and leading scorer with 92 points; Jiggs Tausch, BBA; Fred Chastain, Kappa Sigs, Dick Weekley, Aggie Varsity, and Billy Griffith, of the Freshman Engineers.

Griffith went to the Marines before the season was completed.

College girls demonstrate the "Push Up" . . .

Physical Fitness

Jones, Nielsen and McCallum, under the watchful cyc of Naval Lt. Abbot catch the spirit of the Physical Fitness Short Course offered here last year under naval supervision. Abbot's expression seems to say that what the administrators lack in technique is being compensated for by effort. Coach McCallum looks as if push-ups were an old story.

A&I's First War

Produced on a reduced budget, the 1943 El Rancho still holds up its head and says "I'm an accurate record of what war meant to A&I. War made a difference in my cover and my size, but not my spirit. I hope I'll mean as much to the students as Dora Hager's 1942 second place winner in the Texas Intercollegiate Press Association."

Elected to head A&I Ex-Students Association on December 12, 1942, these officers will serve in that capacity until the next Homecoming is held. Traditionally, they hold office from one Homecoming until the next and the hope has been expressed that the next year's event will be the biggest one of all with A&I Exes home from the wars, in a world at peace.

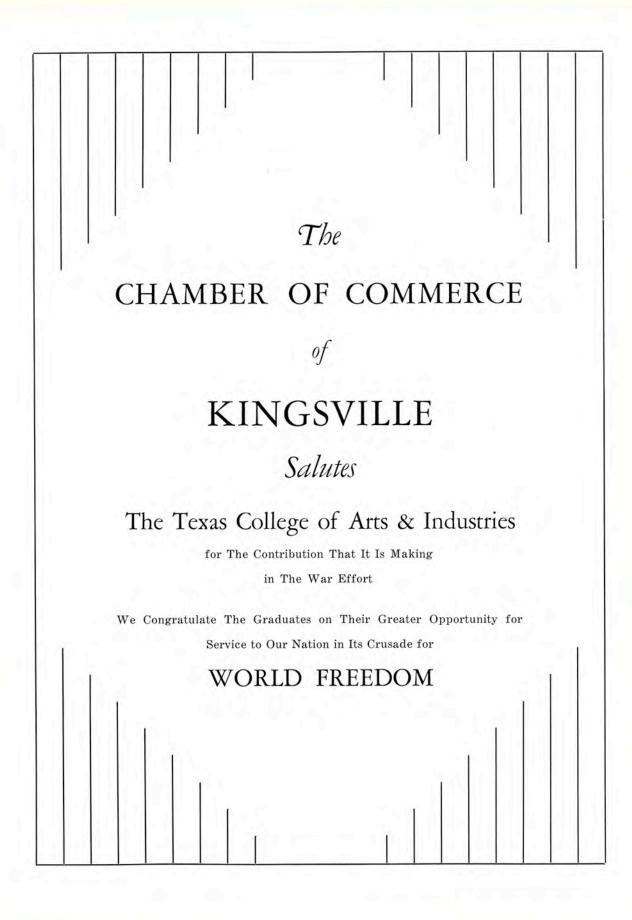

Editor's Swan Song

You might call El Rancho a long story, the kind it takes all year to tell. It's a very live story, with laughs and suspense and everything a good yarn is supposed to have. Different people tell the story. There are those whose pictures are in it, there is the boy who took the pictures. Then there is the man who developed and printed them. There are the people who wrote copy and pasted. The engravers and printers are important, too. The editor held the threads of the story and tried to keep them all together, but if all those other people who helped tell it hadn't cooperated so much, there would have been nothing she could do.

PLACES TO GO!

You graduates of '43 face no such dilemma. You are going places—and at once! Uncle Sam will take a majority of you boys, and many of you girls, directly into his uniformed services. Others of you will be absorbed by industries and professions essential to the war effort. You'll all be contributing to the common cause of victory.

And when victory is won, you will be granted additional opportunities to go places in the post-war world. New developments in that era promise to challenge the ingenuity, foresight, courage and intelligence of every individual. It is then that you, as college graduates, will appreciate most fully the scholastic preparation and academic background reflected in your sheepskins.

DURING THE SCHOLASTIC YEAR covered by this issue of El Rancho, the student body of A&I has seen many young men drawn from the campus to enter the armed services, and many young women leave its halls to join the auxiliary services or to enter war work.

The Honor Roll in the foyer of Jones Auditorium testifies to the patriotism of the students and former students of A&I and to the value of the college in preparing for leadership. Some of the men whose names appear on that roll already have made the supreme sacrifice, and more gold stars will appear as the days go on.

These young Americans now serving in all climes are going forward to victory under the banner of freedom, not as slaves driven into conflict by harsh masters, but as free men, aware of the value of human freedom and ready to protect it with their lives. Their intelligent conception of their rights and their duties under the constitution is the basis for that patriotism that shall carry us to

Uncle Sam has far more

than all these three together!

Adolf, Hirohito and Benito probably aren't sleeping well these nights. They know that America's great and growing war production must inevitably turn the tide against them.

America can do it because America has the *electric power* to do it. Electric power is basic to production. *Electric* power multiplies *man*-power and drives the machines that make tanks, planes, ships and guns.

How much power has America? More than the three uneasy dictators and all

their conquered countries combined—Albania, Austria, Belgium, Bulgaria and the rest of the long, tragic list. Five times more than we had in the last war.

No other nation even approaches America's power resources. And this has largely been accomplished the American way—by electric companies owned by millions of Americans and managed by American business men.

The practical experience, the people and the plants of all these companies are dedicated today to making Uncle Sam so power-full that Axis aggressors will soon be nothing more than three busts in the Hall of Infamy!

EL RANCHO ADVERTISING!

A lot of El Rancho's advertisers are tried and true, they have stuck by us year after year. Some of them are new, but we have an idea that along with those whose advertisements have been appearing in this book year after year, they will realize how much good will there is between the covers of El Rancho, and just how valuable it is. Their ads are recognized not only by those who subscribe to El Rancho, but by their friends, not for one year but for many.
