With the Dawn of Each New Day

Many New Discoveries Are Made

Discovering . . .

you are on your own at last.

Sure of where you have been .

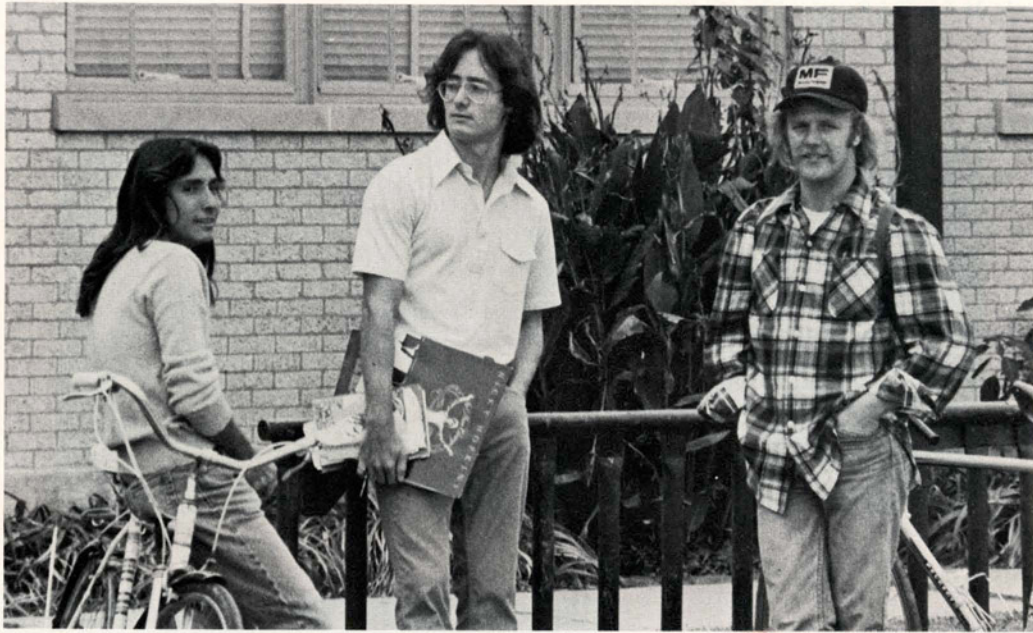

*having yet to discover where
you are going.*

Discovering people . . .

*and the different things
they have to offer.*

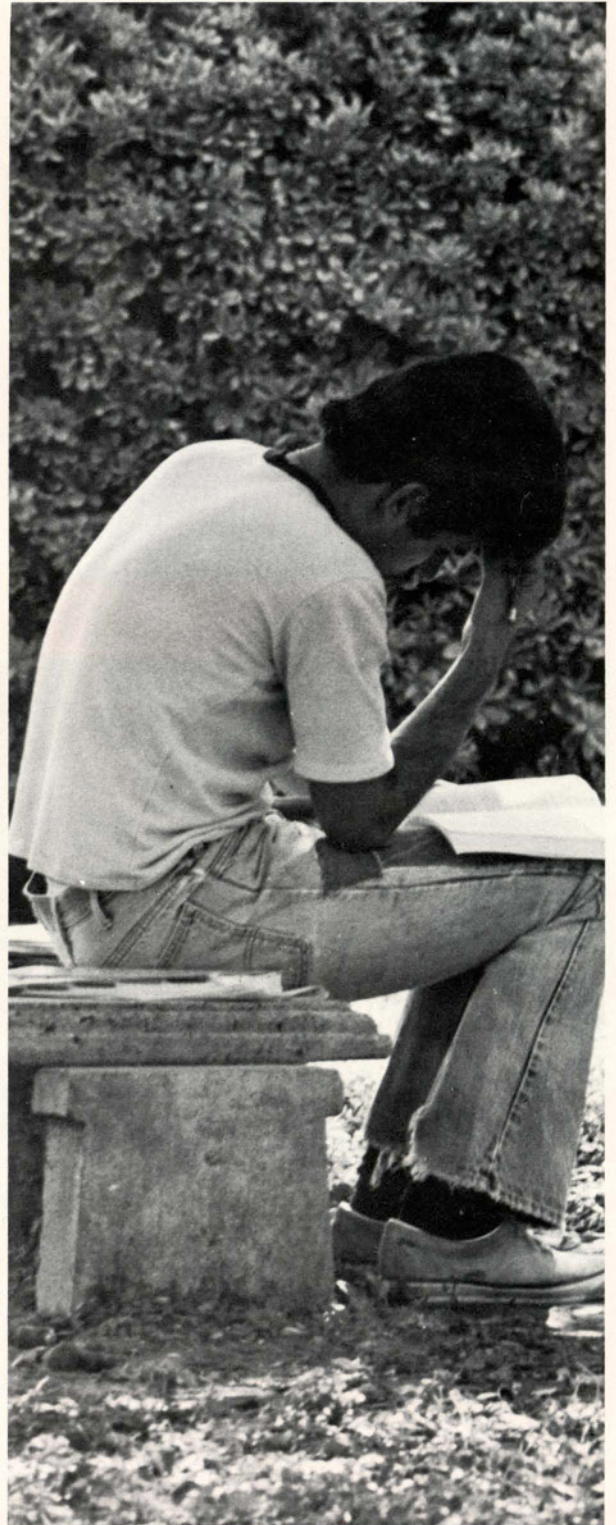

Discovering places . . .

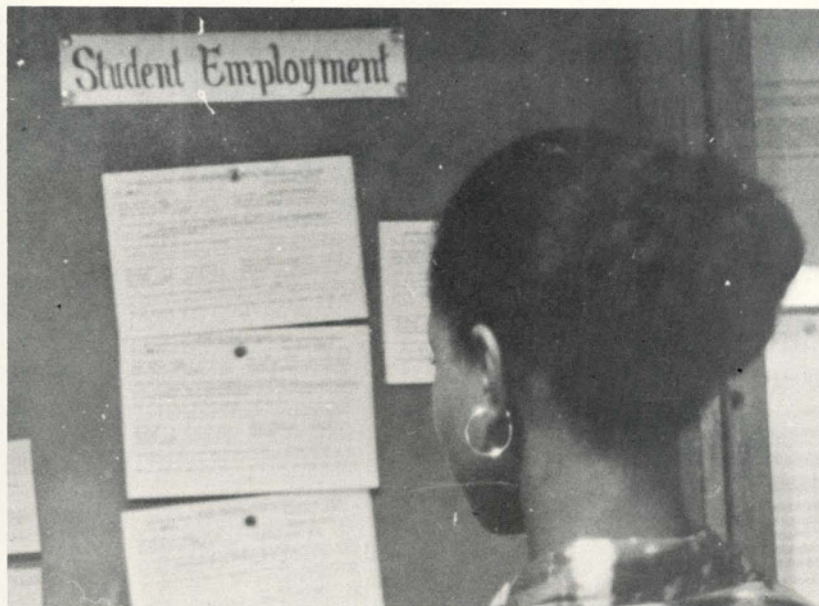

*and which one suits
your personality.* ¹³

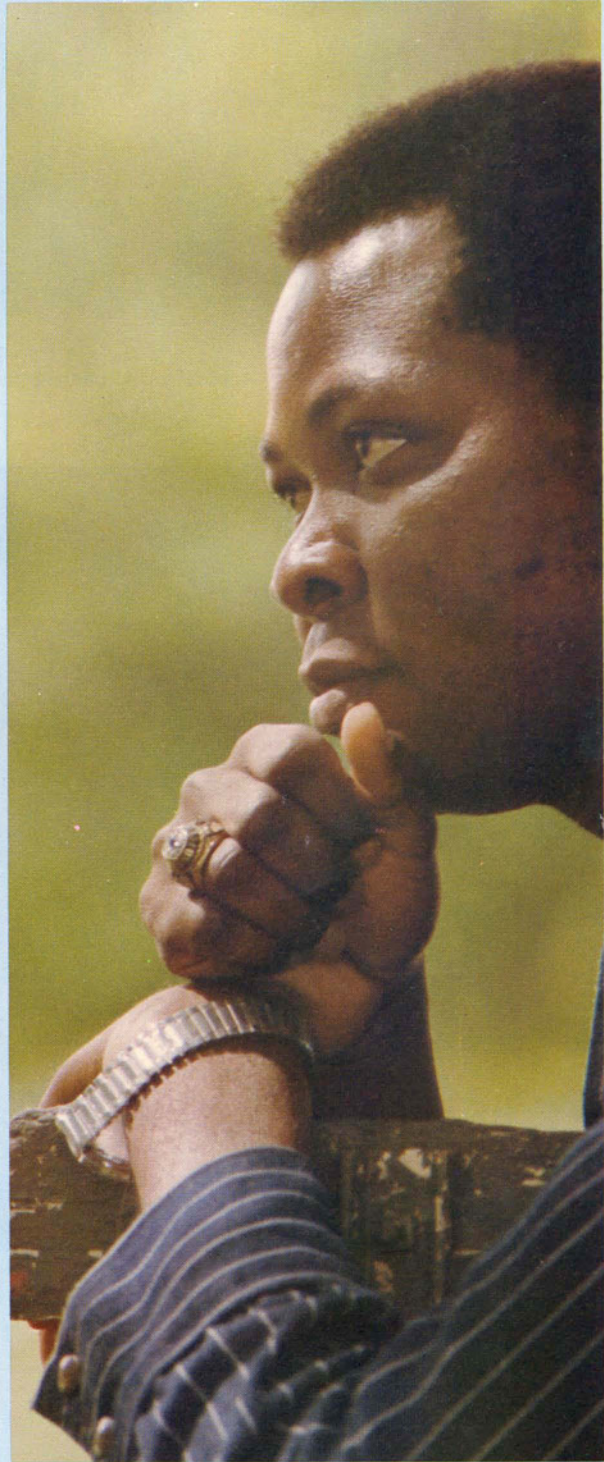

Discovering . . .

*what you want from
college and life.*

Discovering who you are . . .

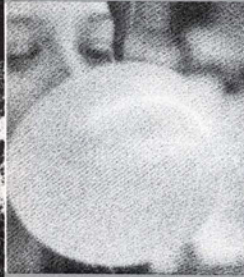

and where you fit in.

Accounting Society

The 65 member A&I Accounting Society was started in 1958. The purpose of the club is to further the interest of accounting among its members and to promote a better relationship among practicing accountants, instructors, and students.

Membership consists of students who have completed or who are completing courses in accounting with the intention of majoring in accounting or interested in the field.

Special events included a reception for alumni at Homecoming and a spring banquet.

Mr. Ken Martin and Dr. Virgil Stone are the faculty advisors.

The Accounting society held elections for fall officers.

An Alpha Chi Pledge initiated into the organization.

Alpha Chi

"Ye shall know the truth and the truth shall make you free," is the motto of the honor society, Alpha Chi. The purpose of the organization is to promote academic excellence and exemplary character, among college and university students and to honor them for such achievements.

The Omega Chapter #26, established in the early 1930's, is a national honor society that originated in Georgetown.

There is a national in San Antonio in the month of March where students from A&I will represent the chapter.

A junior or senior standing with a GPA of 3.5 or better are the requirements for membership.

The faculty sponsors are Dr. George A. Cook, Dr. E. A. Franke, Miss Mae Dell Schiller.

American Chemical Society

The American Chemical Society, with a total membership of nineteen this year, was started in the spring of 1973.

Some projects include a booth at the fall carnival and experimental displays in the show cases located in Nierman Hall. The ACS is also involved in organizing a specialized research library in one of the study rooms in Nierman Hall. Social activities include a fall cook-out and a spring swimming party.

The faculty sponsors are Dr. Alberto Olivares, and Dr. Jo Beran.

Members get together with advisors to discuss engineering and club business.

Aggie Club

Sponsoring dances, the Parent's Day Barbecue, the Aggie roundup and participating in the fall carnival are among the money raising projects of the Aggie Club. The money is used as a scholarship which is awarded to the Aggie of the Year.

Mr. John Cypher from the Australian branch of the King Ranch was a guest speaker on October 27 of the fall semester.

In the spring, the children from Youth City were invited to the Aggie roundup in the Mesquite Grove on February 19 for a free barbecue supper.

The primary aim of the club is to promote friendship among agriculture students and professional improvement.

The faculty sponsors are Dr. David Crenshaw, Dr. James Arnold, Dr. Donald Nixon, and Mr. Charles De Young.

AIME

The Society of the American Institute of Mining Metallurgical and Petroleum Engineers was organized to promote the petroleum engineering profession and keep members abreast of the latest techniques and methods used in the petroleum industry.

The monthly meetings consist of current business and a presentation from representatives of the oil and gas industry. Films are usually shown in conjunction with the presentation.

Faculty advisors are Dr. Floyd M. Johnson, and Professor C.V. Mooney.

AIME member exhibits a tool of the trade.

Alpha Lambda Delta

Alpha Lambda Delta is an honor society for freshman women with high scholastic achievement. The requirement for membership is at least 12 hours with an overall 3.5 GPA.

The 33 member club was founded at the University of Illinois in 1924 and was installed at A&I in November of 1969.

The special activity of the year is the spring initiation ceremony which is followed by a dinner honoring the pledges. Senior honors are presented at this time also.

The faculty sponsors are Mrs. Catherine Flagiello and Mrs. Jimmie Picquet.

A new member is initiated in an informal ceremony in the spring.

ASCE

The American Society of Civil Engineers was established at Texas A&I in 1972.

In the spring, the engineers sponsored a barbecue during Engineering Week.

The club has forty members who strive to help the students prepare for entry into the civil engineering profession and society.

The faculty sponsor is Dr. M.M. Truitt.

One of the club projects was to construct a cement canoe to race in a state-wide competition.

ASME

The professional organization called ASME, with 32 members, was established on campus in 1969. The American Society of Mechanical Engineering is a student branch of a national organization for registered engineers.

A shirt sale and engineering handbook sale were among the money raising projects for the club.

Activities included field trips to Celanese and the King Ranch Gas Plant, a film entitled "Shoulders of the Giants," a get-together at Pizza Villa, and a regional student conference in Baton Rouge and Ron Smith as a guest speaker from the Amoco Production Co.

Black Student Union

The purpose of the Black Student Union is unity and awareness among Black students. To be a member, one must be a full time student and have an interest in the goals and aims of the organization.

In the fall the BSU sponsored a cake walk at the fall carnival, the West Oso Stage Band, a poetry reading, and various speeches done by club members. The BSU was also responsible for helping to organize the "Black Visions" exhibit at the Connor museum during Black History month.

During the spring the club presented Miss Black Dignity and the noted black playwright, Immu Amiri Baraka.

The faculty sponsor is Dr. Bennie Green.

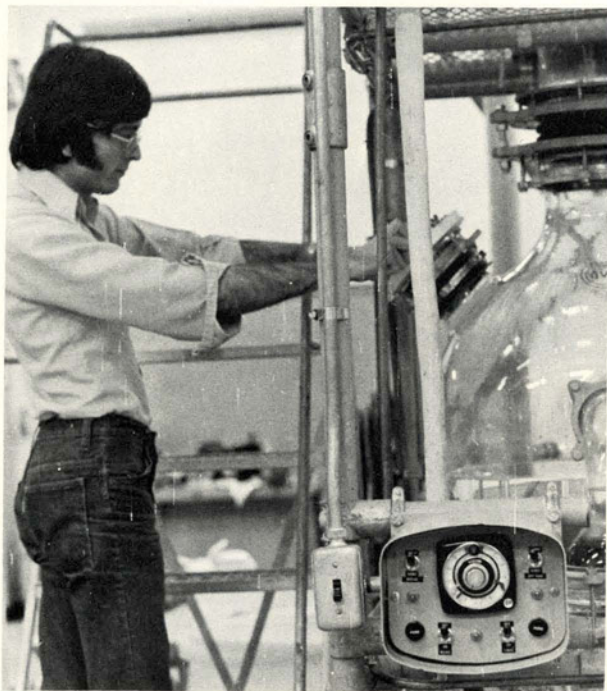

The Black Student Union contributed to the Museum display during Black History Month.

Campus Society of Chemical Engineers

The purpose of the Campus Society of Chemical Engineers is to better unite and meet the needs of the chemical engineers of Texas A&I. The only requirement for enrollment is one must be enrolled in chemical engineering or natural gas engineering on the A&I campus.

On campus since 1961, the society sponsors field trips to area chemical and petroleum plants each fall and spring semester. They also have activities at the Fall carnival such as a dance.

The faculty sponsors are Dr. Kenneth Oosterhout and Dr. J. Browning Finley.

Delta Omicron

Delta Omicron is the international music fraternity for women. Founded in 1909 at Cincinnati Conservatory of Music, their motto is, "continually striving, we attain." The promotion of music is the purpose of the organization.

To become a member, one must pledge for eight weeks, participate in pledge projects, and be tested on musical aptitude.

Mr. Mark Stupp is the faculty advisor and Mrs. Darlene Scott is the Chapter advisor.

Club projects include recitals, ushering at community concerts, musicals and serving at musical receptions.

Front Row: Alex Sanchez, beau; Noemi Perez, Elena Ochoa, Melinda Flores, Tere Pena, Margie Beltran, Annabelle Buerra, Cathy Williams, Rose Rodriguez.

Eta Kappa Nu's Spring Banquet

Eta Kappa Nu

The purpose of Eta Kappa Nu is to bring top electrical engineers together so that by their fellowship they may improve themselves and their school. Requirements for membership are ranking in the top fourth of the junior electrical engineering class or the top third of the senior electrical engineering class.

A slide presentation is demonstrated for new members and a spring banquet with a guest speaker are some of the special events planned by the club.

Dr. D.E. Todd is the faculty sponsor.

Front Row: Hari Patel, sec-treas.; Keith Pollock, Reymundo C. Ybarra. Row 2: Alan McCulley, v.p.; Mike Smith, pres.; D.E. Todd, adv.

Footlights, Alpha Psi Omega

The purpose of Alpha Psi Omega and the Footlights organizations is to promote interest in the theater arts.

The requirement for entrance into the Footlights is only an interest in drama. The requirements for membership of Alpha Psi Omega are an accumulation of 100 hours of work acquired when working on theater related projects.

This year the organizations produced JESUS CHRIST SUPERSTAR to raise money for their two drama scholarships. They also had a spring banquet.

Founded in 1926, the Footlights club is the oldest organization on campus.

The faculty sponsor is Randall J. Buchanan.

FFA

The primary aim of the Future Farmers of America is the development of agricultural leadership, cooperation, and citizenship. Their motto is, "learning to do, doing to learn, earning to live, and living to serve."

To become a member, one must be a former high school FFA member or enrolled in agriculture education courses.

Special events of the organization are to conduct and assist with the FFA leadership and judging contest. The FFA also has an annual convention and awards banquet.

Faculty sponsors are Mr. F.B. Wines and Dr. Leo Bailey.

FFA officers take time off from club activities.

Geology Club

The purpose of Geological Society is to promote the interest of Geology on the A&I campus. They also watch for job opportunities for geology majors.

They sponsor club field trips each to areas such as Big Bend, Mexico, and Arkansas. The club often has films and slides presented by members or guests of various field trips and other various points of geological interest.

The faculty sponsors are Dr. Russell, Dr. Suhm, Dr. Harvill and Dr. Morey.

Gold Jackets

The purpose of the Gold Jackets organization is to service the university functions such as Homecoming, Parents Day, and Band Day. Membership is open to any female student with an overall 2.25 GPA.

The club was started in 1962 not only to serve the school but the community as well. They visited the aged in the nursing, and children at Youth City. They also helped with the Multiple Sclerosis fund drive. For the past year the group has acted as the official hostess for the president's box at every home game. The Gold Jackets give tours of the campus and help with the information tables at registration.

A wiener roast is given during May to welcome the new members and say farwell to the old.

The faculty sponsors are Dr. Leslie Hunter and Mrs. Joyce Vilsek.

Club members helped at the Parent's Day reception.

Gymnastics

The Texas A&I Gymnastics club began in the fall of 1972 to promote interest in the sport of gymnastics. The requirement for entrance is an interest in gymnastics.

During the last three years, the Gymnastics club has hosted the South Texan intercollegiate meet. They also give performances in several surrounding secondary schools as well as a half time show during basketball games.

Skin and Scuba

The Skin and Scuba club, which was organized two years ago by the HPE department, had many special projects this year. Field trips to Canyon Lake, the Gulf of Mexico, St. Jo's Island, and to Warm Springs, were among the places visited by the club. Films and slide presentations from local and out-of-town divers and equipment exhibits made the meetings interesting as well as informative.

Among the social activities, were a fish fry and keg party, a Christmas cookout, and a game called "Octa-push" which is underwater hockey.

All persons interested in Skin and Scuba are invited to join the club. There is no experience necessary.

Tad Harris is the faculty sponsor.

Club members practice underwater exercises to gain experience.

Sociology Club

The purpose of the Sociology Club is to stimulate personal development and promote the study of psychology and sociology on the A&I campus. To be a member, one must have taken at least three semester hours or more of either sociology or psychology or anthropology.

Organized in 1973, the club has since accomplished various projects such as, the resource center located in Manning Hall, field trips such as the one to Monterrey Prison in Mexico, and the sociological convention in Louisiana. They also sponsored guest speakers.

The faculty sponsors are Dr. Dorothy Pace, Dr. Joseph Domino, Dr. Loren Davis, and Dr. Stanley Bittinger.

The club often had various films of sociological interest.

Student Dietetics

A&I's student Dietetic Chapter's purpose is to provide a framework for meaningful student involvement and to stimulate interest in the profession of Dietetics. There are no restrictions on membership.

A few activities that the organization was involved in were chalupa and sandwich sales and at the fall carnival they sold Mexican food.

They often welcome guest speakers like cafeteria managers, hospital dieticians and nutritionists. The club often has films on Dietetic internships and job opportunities.

Major events were the state convention, a trip to two San Antonio hospitals, and the Open House for the New Home Economics building in the spring.

The faculty sponsor is Dr. Ruth Gauldin.

Members discuss up-coming club events.

Student Union Governing Board

The Student Union Governing Board's duties include assisting in the planning, implementation, and coordination of the Student Union program.

Under the advisorship of Mr. Jim Prewitt, Mr. I.Q. Vidaurri, and Mr. Hansel Plauche, the SUGB has sponsored such activities as free movies, the fall carnival, dances, record hops, and gameroom tournaments.

SUGB members study the problem of the spring concert.

Tau Beta Pi

Tau Beta Pi Association is a national engineering honor society that was founded at Lehigh University in 1885. The organization was established to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as students in engineering. A student must be in the upper fifth of the senior or upper eighth of the junior engineering class and have his character approved by a chapter vote.

The twenty-one active members sponsor the annual engineer's bar-be-que as well as hosting open house during Engineering week.

The faculty sponsor is Dr. Kenneth Oosterhout.

Tau Beta Pi members have weekly labs.

Tau Beta Sigma

The honorary sorority for women in college band is Tau Beta Sigma. Purposes of the club are, to promote interest in college band, to honor outstanding women in that area, and to develop leadership through participation.

Dr. Joseph Bellamah is the faculty sponsor.

TSEA

The Texas Student Education Association is open to all education majors who wish to promote teacher preparation and professionalism.

The group participated in the fall carnival and taught at Youth City. They also had a car wash to raise money in order to send delegates to the district and state conventions. In the spring, the TSEA had a banquet honoring the installation of new officers.

The sponsors for the organization are Dr. H. Aldridge, Dr. E. Jerriman, and Dr. T. Polk.

Front Row: Elizabeth Salazar, v.p.; Lydia Ramos, hist.-rpt.; Cynthia De La Rosa, treas. Row 2: Elsa Canales, sec.; Rodolfo Salazar, pres.; Norma Perez, parl.

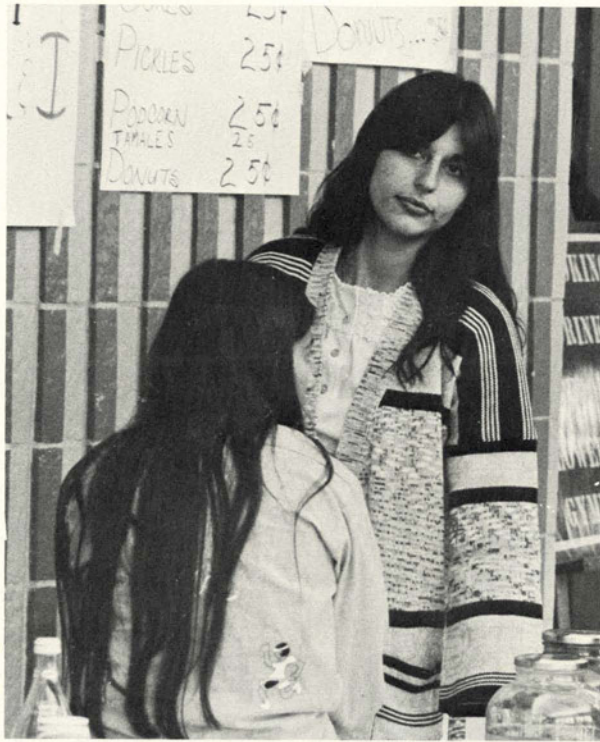

WRA

Any female on the A&I campus with an interest in recreation is eligible to become a member of the Women's Recreational Association.

This year the WRA sponsored a basketball tournament and paddleball matches. Along with their annual visit to Youth City, some members participated in the Special Olympics for over 380 retarded children.

The organization also attended the TAHPER (Texas Association of Health Physical Education and Recreation) four day convention in San Antonio. This state organization draws over 5,000 people to workshops covering all areas of sports.

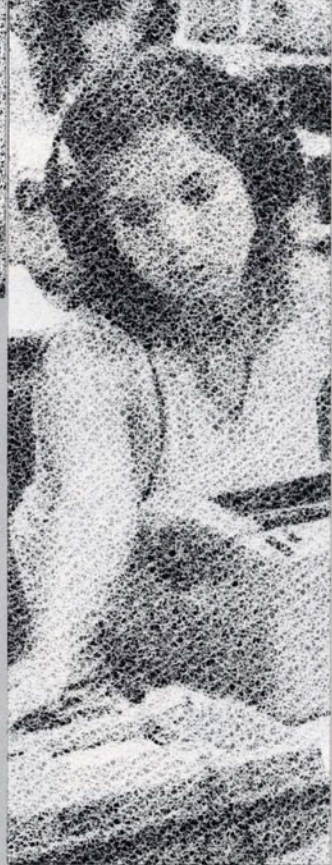

The faculty sponsor is Miss Jane Meredith.

WRA members hold a refreshment stand to raise money for their convention.

Departments

One of the projects required by Dr. Jose Martinez is making objects out of straw.

Jan Garcia, visiting professor, demonstrates the potter's wheel.

Art

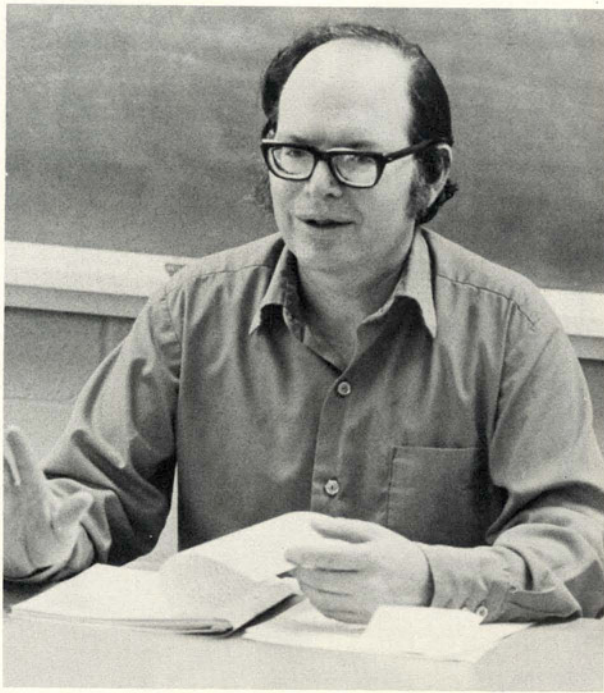

Fifteen exhibits were featured in the art gallery this year. The ceramics area of the department was emphasized with the guidance of a ceramics specialist - Jan Garcia, MFA Bradley University.

Among other visiting professors were Danny O'Dowdy from Wichita State University and Mark Anderson from Texas Tech University.

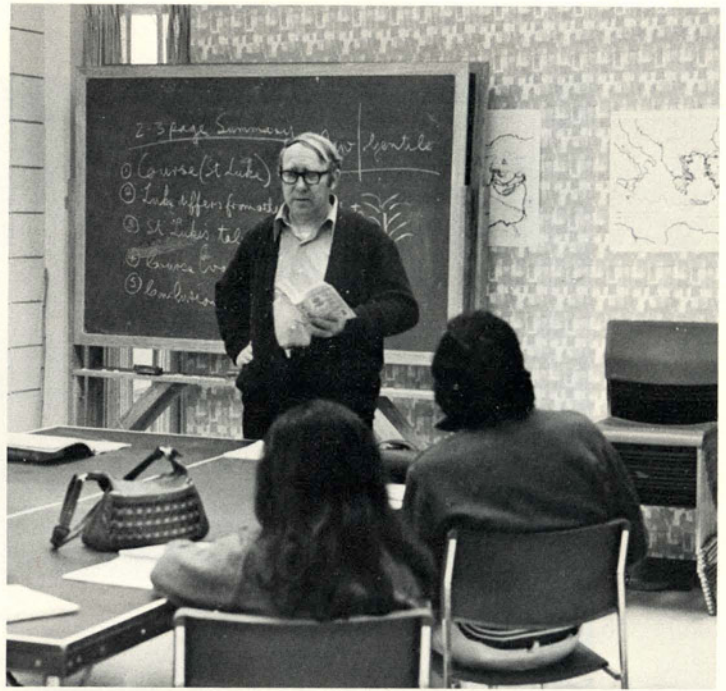

New equipment was purchased by the department, including an arc welder and pottery wheel, which expanded the various sections of the department.

Dr. Richard Scherpereel demonstrates the technique of scumbling in painting class.

Dr. Ken Olsterhout, Chairman of the Board of United Campus Ministries expressed his opinion at a meeting.

At the University Catholic Center, Bible studies are conducted regularly.

Curtis Sullivan, Baptist Student Union president, shares announcements at the luncheon. The money raised supports student missions.

Bible Chairs

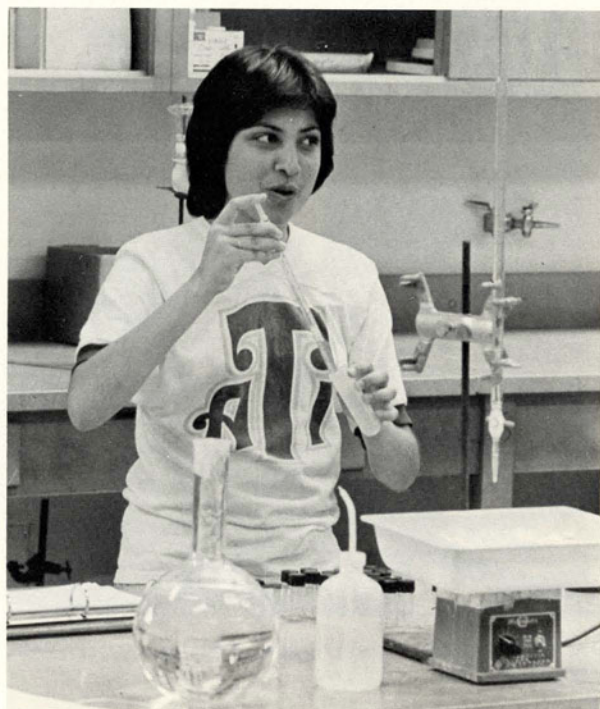

Although they are supported by their respective religious denominations, the Bible Chairs are part of the A & I curriculum.

Each denomination holds activities for fellowship, spiritual growth and fund raising.

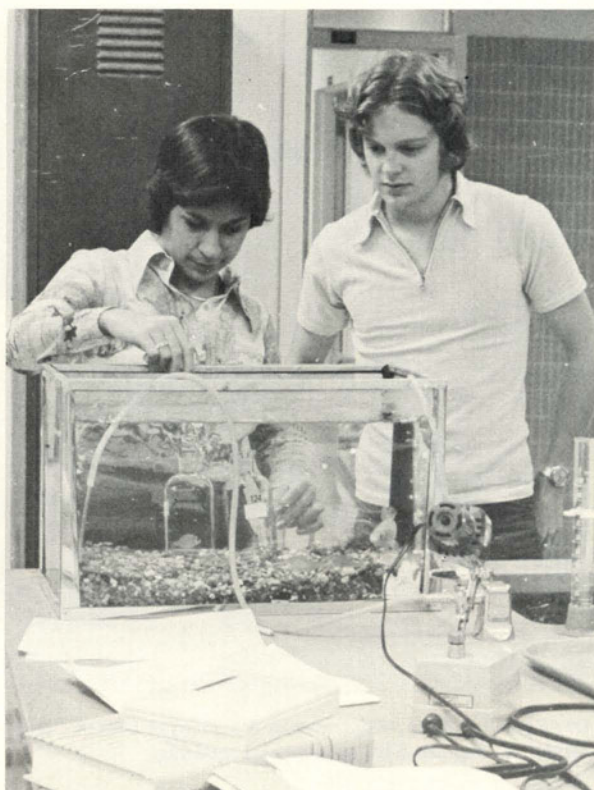

For example, the Baptist Student Union had worship services and Bible studies each week. A bike-a-thon and noon luncheons helped support student summer missionaries from Texas.

The University Catholic Center sponsored a Big Brother program, a retreat with spiritual emphasis, and the annual volleyball tournament in March between the Bible Chairs. A bicycle raffle and Valentine Sale helped raise money for the center's upkeep.

United Campus Ministries has adopted a new set of goals that has reshaped its program. The purpose of the UCM is "to encourage authentic humanity", which is "that relationship with God manifest in Jesus Christ." The UCM board met at an all-day retreat at Camp Pickethwa on Loyola Beach to set these new plans in action.

Biology student examines the specimen she has prepared.

Sea life is observed over a period of weeks in order to record their habits.

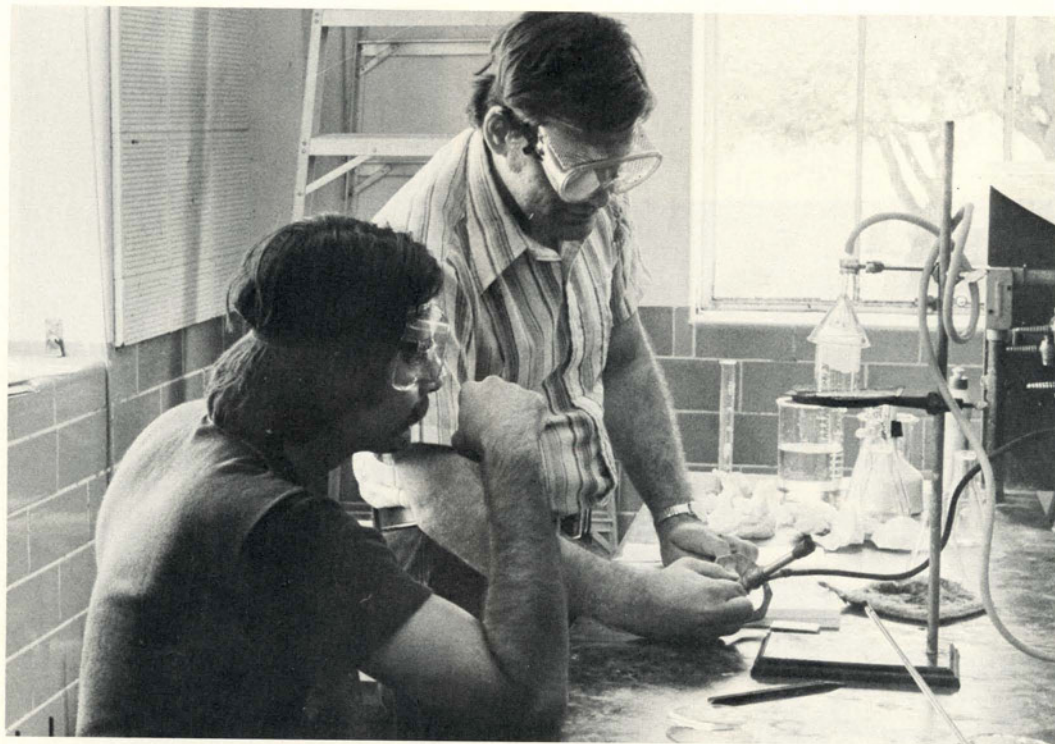

Biology

Field trips are an essential part of the Biology department. Field trips were taken to such places as Mathis Lake, Nueces River, Stedman Island, and Padre Island National Seashore.

The department puts on an annual wild-life show and a conference for science teachers. A biology club is sponsored by the department for interested students.

Dr. Wood explains dissections to lab students.

Principles and methods of separation and analysis are studied in Inorganic Quantitative Analysis.

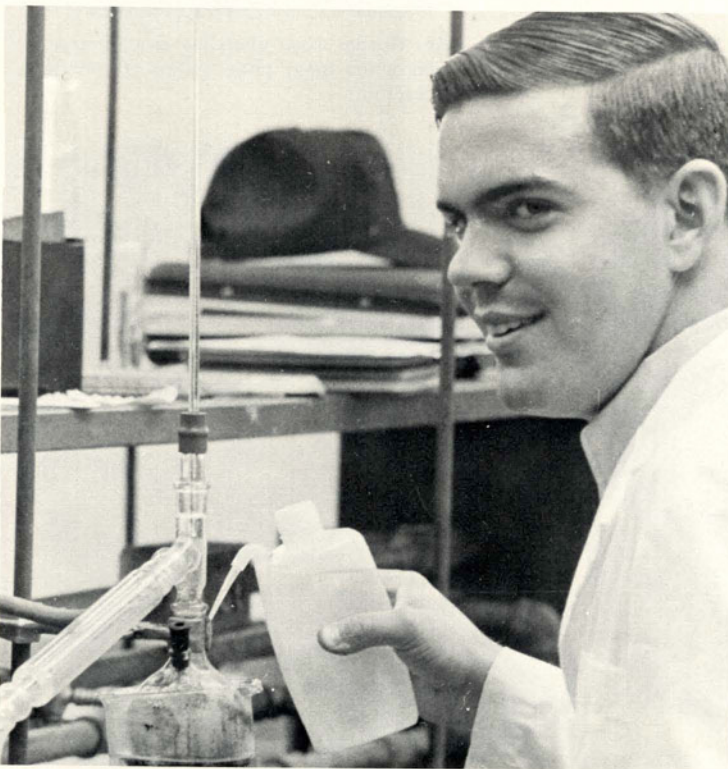

Chemistry

The B.A. and B.S. program in Chemistry has been updated and revised for the year and new courses have been added; Chemistry 441, which is special topics, and Chemistry 515, selected topics.

New developments which have taken place are continuing research and research grants in various fields of chemistry, and re-evaluation of pre-professional programs.

Field trips add a practical aspect to the program. Various classes have gone to the DuPont factory in Victoria, Tx. and the Water & Waste Treatment Plant in Alice, Tx.

Several guest speakers have given lectures to different classes, among them were: Robert A. Welch, and Andres Estrada from Pan American University.

Stand back!! It may explode!!

Dr. George Cook gives his own interpretation of the many prose writers of American Literature.

English

Science fiction, taught by Dr. Michael Tinker and Women's Studies Course, which recently became graduate level, taught by E. I. Howard, were two new English courses offered this year.

Dr. Emil Mucchetti was promoted to Associate Professor and Earl Herrick completed his doctoral program.

Stanley Kajs, chairman of the annual booksale, reported to have made \$520 for English scholarships awarded to qualifying students.

During finals, English classes quietly rack their brains to remember the author of that poem.

Jose R. Reyna, Director of Ethnic Studies discusses the Mexican-American literature which includes poetry, short stories, novels, theatre, and essay.

Afro-American culture is discussed in Ethnic Studies 211.

Ethnic Studies

An academic Ethnic Studio Center has been established to promote research related to ethnic minorities in the Southwest, disseminate information of existing courses related to cultural identity and advise minority students of special educational and employment opportunities.

The center offers a minor in Mexican-American Studies in conjunction with the department of Art, Geography, Geology, History, Psychology and Sociology, and Spanish.

Eighteen hours are required for a minor in Ethnic Studies.

Geography

Meteorology was added to the geography curriculum this year. Listed under elements of geography students learned about the movement of the earth, structure of the atmosphere and the weather through class lectures and laboratories.

There were also opportunities for students to assist faculty with research while earning credit.

Cartography is a general survey of various types of map projections and their scheme of construction and applicability.

Dr. Charles Bajza explains landscapes, culture realms, and their resources.

Professor Harvill explains the composition and form of the earth's surface.

Here is one student's idea for the use of rocks.

Methods of identification of minerals by physical and chemical properties are studied in mineralogy.

Geology

The geology department stayed busy throughout the year with field trips to such places as Llano, Mexico, Padre Island, and Baffin Bay. The trips were open to any individual interested in attending.

Speakers from different areas of geology came to many of the classes to help students relate theories learned in class to practical experiences.

Graduate Studies

The reason for the Graduate Studies department continuing to have a substantial enrollment may be because it is a cross-section of every other department at A & I. Unique and interesting projects are always in progress.

The 3 newest programs being offered are a Master's Degree in special education, in Early Childhood, and a Doctor's of Education in the Bilingual Education field.

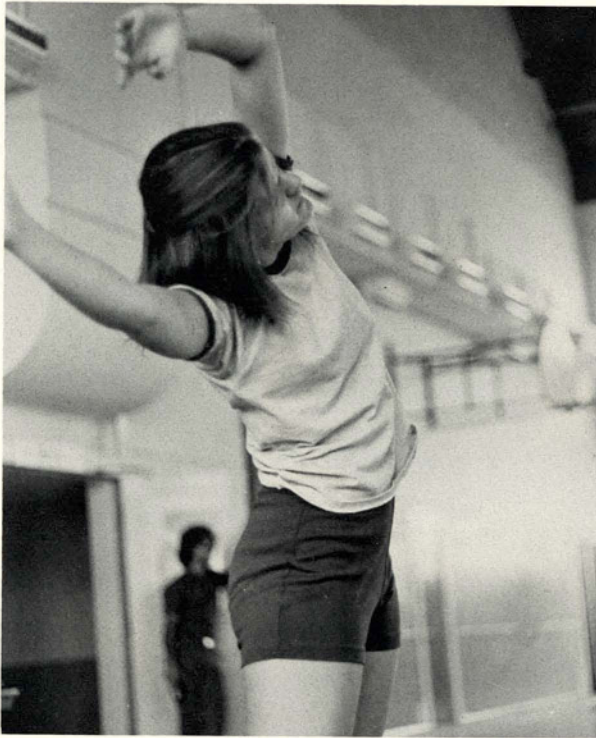

The department has applied for new programs in adult education and hope to offer a program for majors in the Home Economics field.

HPE

The department of Health and Physical Education added several new courses to their curriculum this year, among them being Water Safety Instructor's Certification, Dance Production, and Coaching of Tumbling and Gymnastics.

The departmental faculty worked to have a new Secondary Certificate in Health Education beginning in the fall of 1977. A master's degree with a specialization in athletic administration is also set to begin at this time.

Field trips were taken to Garner Park by the outdoor education class and to the Gulf by the scuba diving class.

Observations of children in activity classes are made during visits to playgrounds, hospitals, schools.

Among special events of this year were the girl's summer basketball clinics, annual fall dance review in Jones Auditorium, and Gymnastics meets.

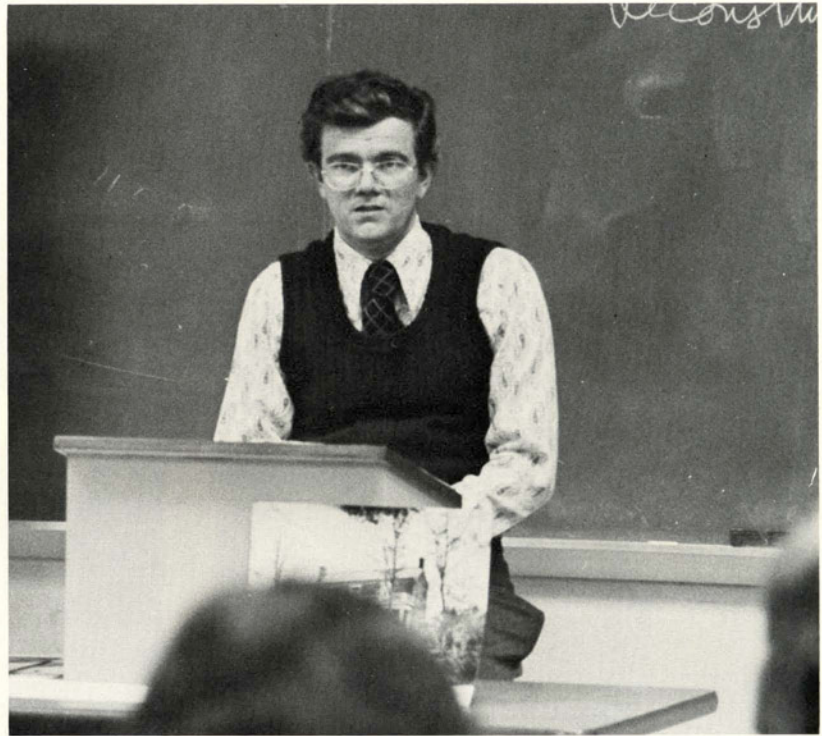

History

The history department is in the process of ordering new wall maps for the classrooms. The professors look forward to these maps adding interests to lectures.

The Phi Alpha Theta Honorary History Society is sponsored by the department.

Dr. Harry Huebel explains the routes taken by the explorers of the early west.

Dr. Leslie Hunter discusses the Civil War and the Reconstruction.

Dr. Terrence Barragy lectures in his history 201 class.

In 221, emphasis is given to developing family goals and planning for marriage and parenthood.

The development of children is observed by working in the A & I nursery.

The new sewing machines allowed more students to work on special projects during class.

Home Economics

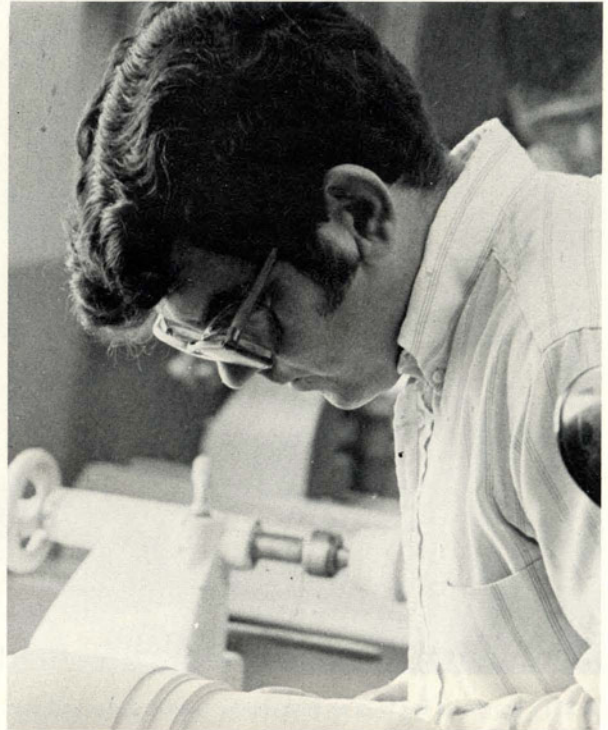

New courses and new equipment were pleasant additions to the Home Economics department this year. Prenatal and Early Child Development, along with Aspects of Housing are courses planned to begin the fall of 1977.

Among the new equipment purchased by the department is 24 sewing machines for the pattern drafting and garment draping courses.

The department is especially proud of the food service class, which is approved training for diatetic majors.

Jerald Merrit, guest speaker from the Tandy Leather Company in Corpus leads a group discussion.

The design, construction, and finishing of wood is stressed in I. A. 203.

Industrial Arts

Color photography was the new course added to the Industrial Arts department this year.

The department had a survey of I. A. graduates and a special Homecoming for them that included a bar-b-que and a retirement ceremony for Mr. Mallord and Dr. Gross.

I. A. students are given the opportunity to attend a conference hosted by various universities throughout the state. A & I's I. A. majors helped judge the Texas I. A. competition in Austin.

The department sponsors a regional competition every year for high school students.

Each class must clean up in order for the next class to benefit from the experience of lab.

A field trip was taken by several journalism classes to the Caller Times Newspaper in Corpus Christi.

Under the direction of Dr. Hari Dam, students prepare the lab newspaper layout.

Journalism

There were three Lulac Scholarships offered this year. Two were sponsored by the Corpus Christi Lulac Chapter and one sponsored by the Kingsville Chapter for Mexican-American journalism majors.

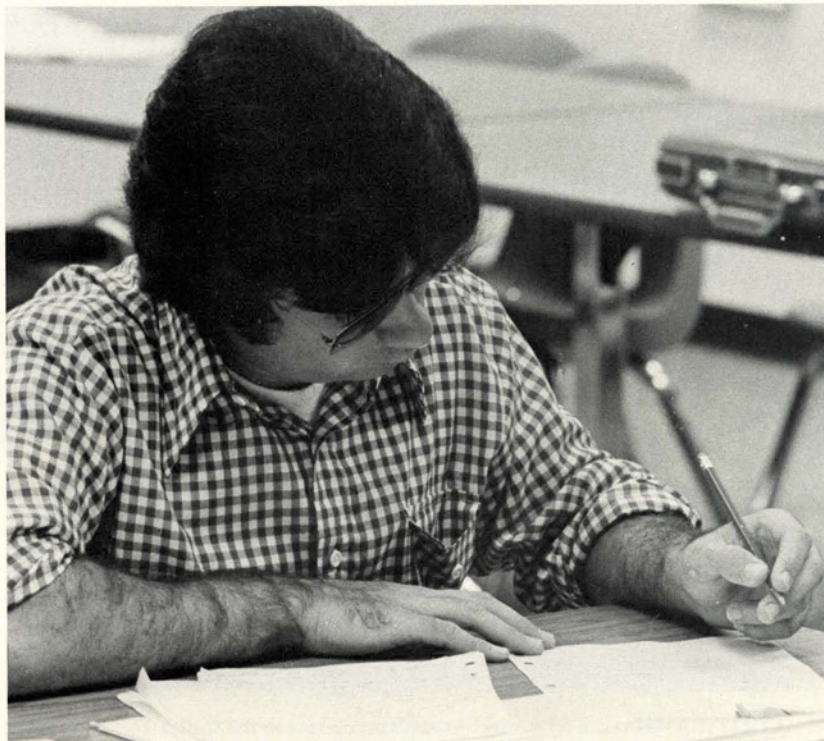

The journalism department, located in Manning Hall, had one laboratory for news-editorial courses, and a new lab allowing experience in photo-journalism. There is one general classroom and a study room for journalism majors.

Math

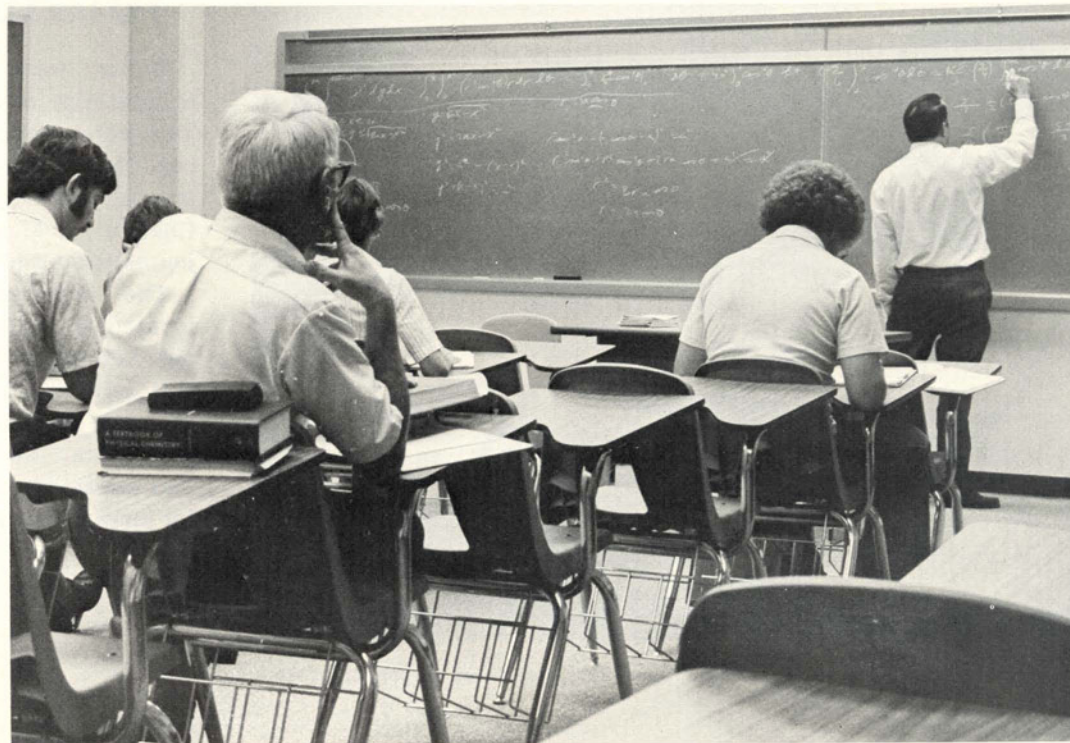

Rhode Hall, specifically room 358, was the center of a lot of excitement for the math department. It is the new calculator room across the hall from tutoring. In side are 24 hand held SR40 calculators attached to the desks.

There were also 2 major research projects undertaken by several faculty members. One was dealing with nonlinear intergrated equations and the other on computerized nutrician analysis.

The math department (along with the physics department) also hosted the High School-College Mathematics Inter-face in March. Some 90 high school teachers attended along with, for the first time, about 120 high school students.

In calculus, definitions, theorems and applications of limits and continuity are studied.

Dr. Philip Morey introduces the expansion of functions, multiple integrals and partial derivatives.

Military Science

The ROTC department is one of the most active at A & I. Every month is full of activities such as drill and orienteering meets, and parades.

The orienteering team (who combine running cross-country and reading a map) finished fourth in a field of 39 in the Louisiana meet, second in the Area II Orienteering Championship Meet held in Ft. Polk, LA, and won the Region Division 5 Orienteering Meet hosted by A & M University.

Another aspect of competition is the King's Rifles drill team. They won first place in overall competition in the Gulf Coast Invitational Drill Meet, competed in an invitational Shoulder-to-Shoulder Rifle Match in Huntsville, and later hosted a match against the University of Texas at Austin. They participated in a local parade in observance of Veteran's Day, performed during Homecoming half-time activities, and in the McAllen Annual Fiesta del Valle Parade.

Five cadets were commissioned into the U.S. Army as Second Lieutenants. Jesusa Salinas became the first female lieutenant from A & I's Army ROTC program.

Various orienteering teams listen to the directions given by the competition officer.

The Texas A & I University Orienteering Team participated in the Third Annual Southern Orienteering Meet at Camp Beauregard on October 2-3, 1976.

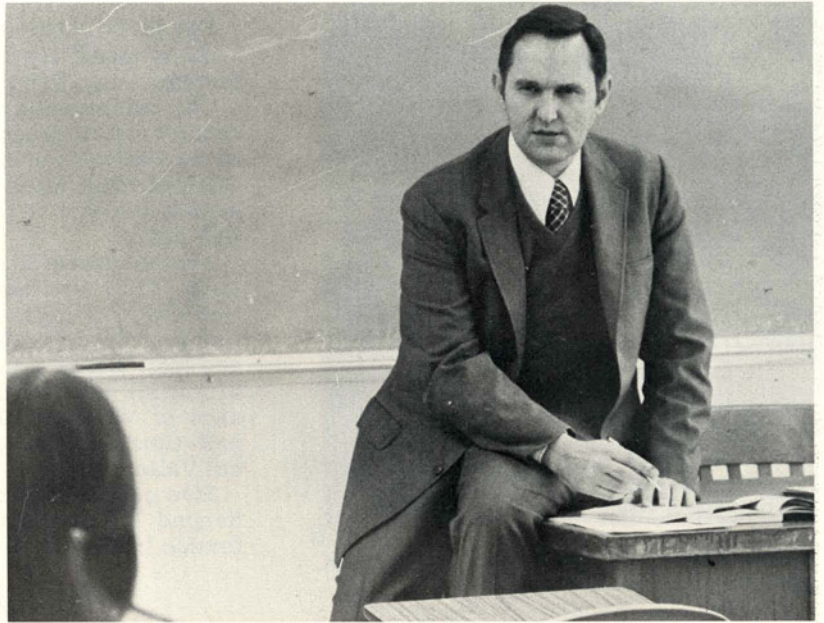

Modern Languages

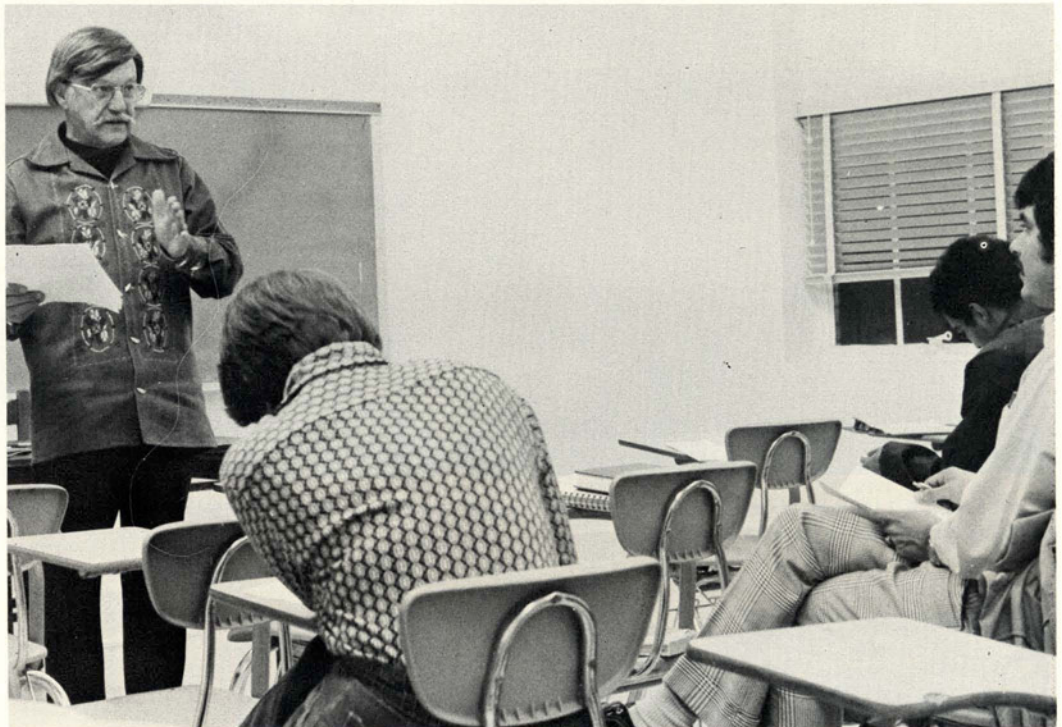

Spanish 107-108, which is also referred to as conversational Spanish, has been reinstalled as courses for this year. These courses are aimed at the direct use of the language.

The Spanish class for professors and students had a full day of practicing the language when they went to Matamoros and Brownsville last April on a field trip.

Two new committees are studying changes in the curriculum along with new developments in their current comprehensive test.

James D. Tryer discusses a question concerning readings about the German culture.

In addition to the French language, major historical, artistic, and literary aspects of France are studied.

Many long hours are spent in practice by the A & I marching band in order to bring a fine halftime show to the football audience.

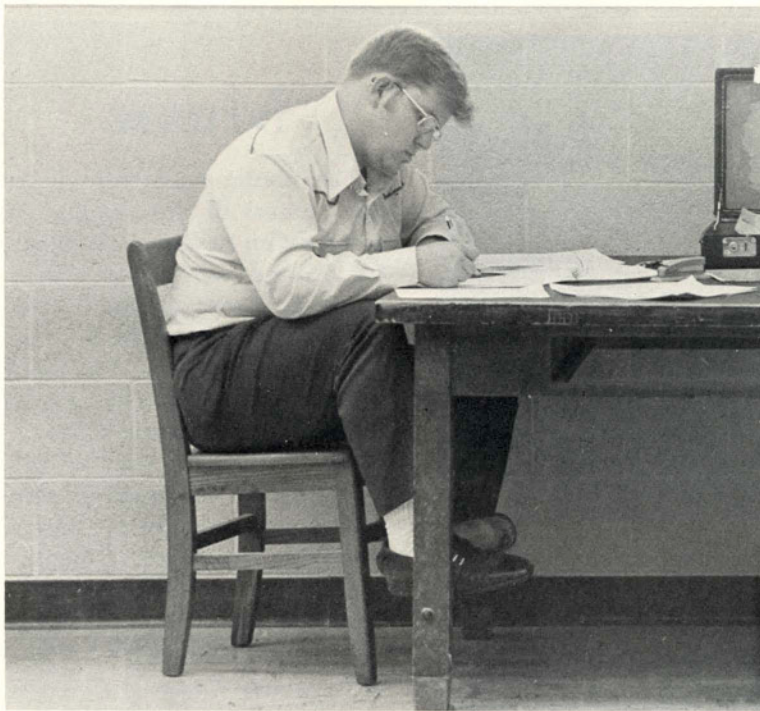

The voices of many talented students help make the musicals very enjoyable.

Music

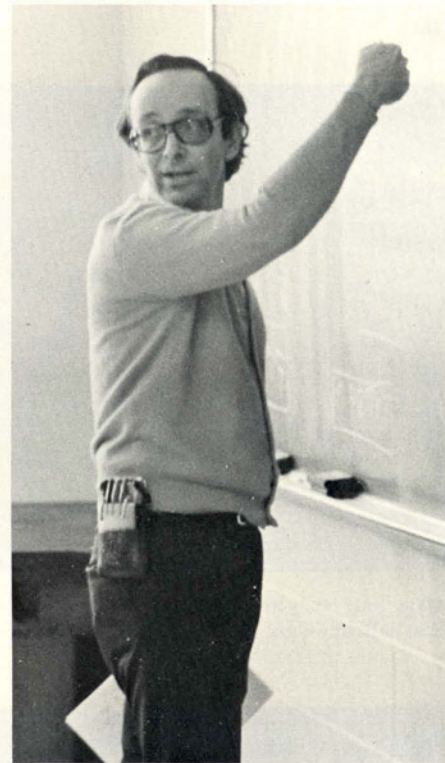

The music department is in the process of developing an emphasis on Keyboard Pedagogy for private and public school teachers. Group instruction for institutions seems to be becoming more important. This way more students can be given instruction at the same time.

Field trips are part of the activities of the classes. The classes of music history, music literature, and music appreciation have attended performances by the Corpus Christi symphony, while Keyboard students attend workshops given by prominent pianists in Austin.

The department sponsors the Chapter of Music Educators National Conference as well as four music professional honorary fraternities.

Randy Jackson, lab instructor, assists the physics professors by grading papers.

Dr. L. D. Hewett explains the fundamentals principles of mechanics.

Physics

The physics department has added a three hour semester course for music majors, which deals with the Acoustical Foundations of Music.

A new 16" telescope has been constructed by some of the students, with the addition of a geartrain system, which aids in the use of the telescope.

With combined efforts, the department, along with C.P.L., helped present a nuclear symposium for high school students.

The department sponsors two national societies; the Society of Physics Students, and the Society of honor students, Sigma Pi Sigma.

The measurement of light refraction is studied in basic physics.

Dr. Paul Hoopes discusses political theories with some students.

Note taking is an important part of a political science lecture.

Political Science

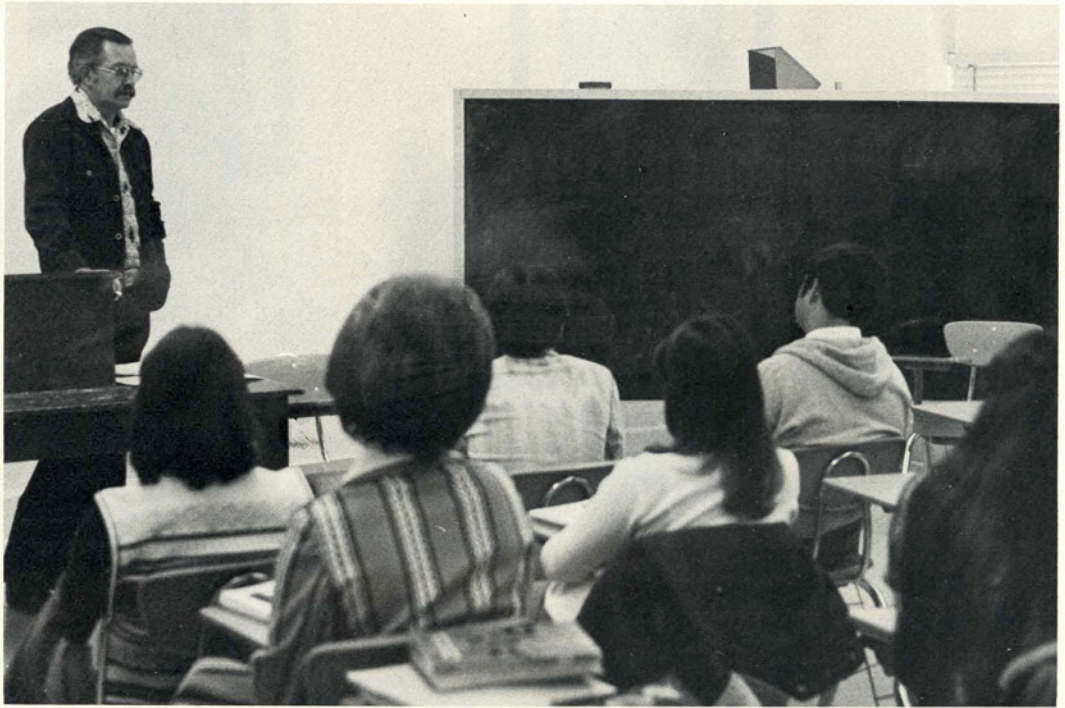

The proposed MPA program and the Women's Studies Course are being offered this year in the Political Science department.

A cassette recorder has been purchased for lecture use when an instructor is absent.

Steven B. Coble from the L.B.J. School of Public Affairs and professor Gilbert Lentz - retired professor University of California lectured in several classes.

There were various special events sponsored by the department this year. Dr. J. D. Phaup conducted a survey of 1,000 students concerning inter-intra ethnic variations in political attitudes. The research was supported by a Faculty Research Grant. Then a Women's Conference was held April of 1976, entitled "Women and Work in Texas." Dr. Paul R. Hoopes and 28 members of his ethnic politics course conducted a sample survey of some 400 respondents in the communities of Kingsville and Robstown during November 1976. The survey was designed to measure the concept of "Ethnic identity" as a political factor.

Psychology

"Sudden Death Syndrome in Wildrats", a paper presented by Kenneth Minnitti and Joan Hausholder, won first place in research competition conducted by the Southwestern Psychological Association. The researchers trapped local wild rats of two species - cactus rats and cotton rats. The research led to the conclusion that some tame rats die suddenly when exposed to certain extreme stress. The students found that when so stressed, all the cactus rats died within two minutes, but the cotton rats were unaffected.

Three years ago two other students from A & I won in the research competition.

Sociology

The Sociology department recently instituted a program called "Internship in Law Enforcement", in which students obtain three hours credit for working with the police department, sheriff's department, probation department, and the juvenile detention center. Practical experience was gained by students in Criminology and Juvenile Delinquency class when they rode in patrol cars, stayed overnight in a jail, and visited the Giddens State Home.

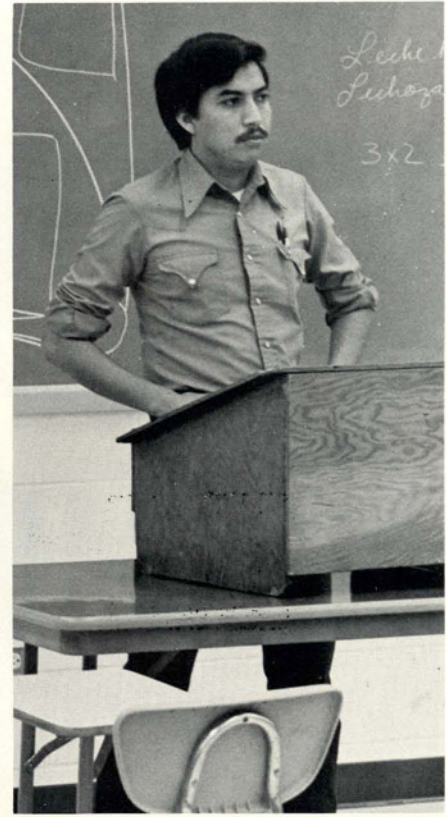

Class speakers from the departments mentioned above provided an interesting addition to classes.

Speech

Public address, speech and hearing therapy, and radio and TV production are just a few of the many things going on in the speech department. After a very successful year of competition, 7 members of Pi Kappa Delta attended the national convention in Seattle. The debaters were ranked in the top ten out of 108 schools. Other ratings of superior were brought home by those members competing in discussion, oration and oral interpretation.

On June 1, the university opened the Speech/Language and Hearing Center headed by Dr. Louise Menlo Bauman. Not only will the center be open to help people in the area, but also aid students working toward degrees in various areas of speech and hearing therapy.

Drama

A & I was one of eight universities represented at the American College Theatre Festival in Washington. Dr. Joseph Rosenberg directed two performances of "Historias Par Ser Contadas" at the Kennedy Center of Performing Arts.

Another major event for the drama department was the projection of Jesus Christ Superstar. After five shows in Jones Auditorium, the group was invited to Corpus Christi to perform at Del Mar. During the summer, a touring group went to Austin, San Marcos, McAllen, and Brownsville.

These, along with workshops and UIL contests for area high schools, kept the department very busy.

The Hoggie Machine Rolls On

The A&I football team concluded another undefeated season, and wrapped up the three best years ever for a college football squad.

The Javelinas compiled a 13-0-0 record and this came after a 13-0-0 record in 1974 and a 12-0-0 mark in 1975.

A&I extended its current victory streak to 39 in a row, second longest ever for a college team. It is the longest winning skein ever for a Texas team or an NAIA school.

Actually the season opened in the summer of 1976 when the Javelinas were selected to make a three-week tour of Europe. The Javelinas played Henderson State of Arkansas in Berlin, West Germany; Vienna, Austria; Paris, France; Nuremburg, West Germany, and Mannheim, West Germany. A&I won all five games.

The season was concluded in December when the Javelinas defeated the University of Central Arkansas, 26-0, in the NAIA champion bowl game. It was the third straight national title for the Javelinas, and their sixth overall.

During the regulation season, the Javelinas rolled over 11 opponents, including Texas Southern in the Astrodome and the University of Hawaii in Honolulu. It was A&I's second straight season to play in Hawaii.

The 1976 A&I team not only broke records with its victory streak, but also with its performances. The team broke the national collegiate record for most total yards in a season and most total yards averaged per game.

Gil Steinke served as head coach of the 1976 Javelinas, concluding his 23rd season. Fred Jonas was defensive coordinator, Pete Murray was offensive coordinator, Gene Walkoviak served as offensive backfield coach, John Cosgrove was linebacker coach and Davis Corley was the defensive line coach.

Javelinas Take Opener

Defending college division champion Texas A&I, supposedly beset with offensive and defensive line problems, threw up a stubborn barricade to post a 36-20 win over Texas Southern in the season opener for both squads.

In winning their 27th consecutive game, the Javelinas amassed 596 yards in total offense. Only two veterans started on the line.

The Javelinas, displaying more over-all variations in its scheme, were stalled on various sure touch-down drives repeatedly by penalties and fumbles. They lost 2 fumbles and were penalized 158 yards.

Leading the Javelinas offensively was Richard Ritchie, completing 16 of 27 passes for 245 yards. Larry Collins and George Franklin did most of the damage overland.

A&I's first touchdown of the 1976 season came on a four-yard pass from Ritchie to split-end Bryon Sweeney.

Three TSU Tigers move in on Clem Franks.

A&I Downs

Slippery Rock

After the Hoggies defeated the Rockets 58-7, Slippery Rock coaches and players praised the long winning Javelinas.

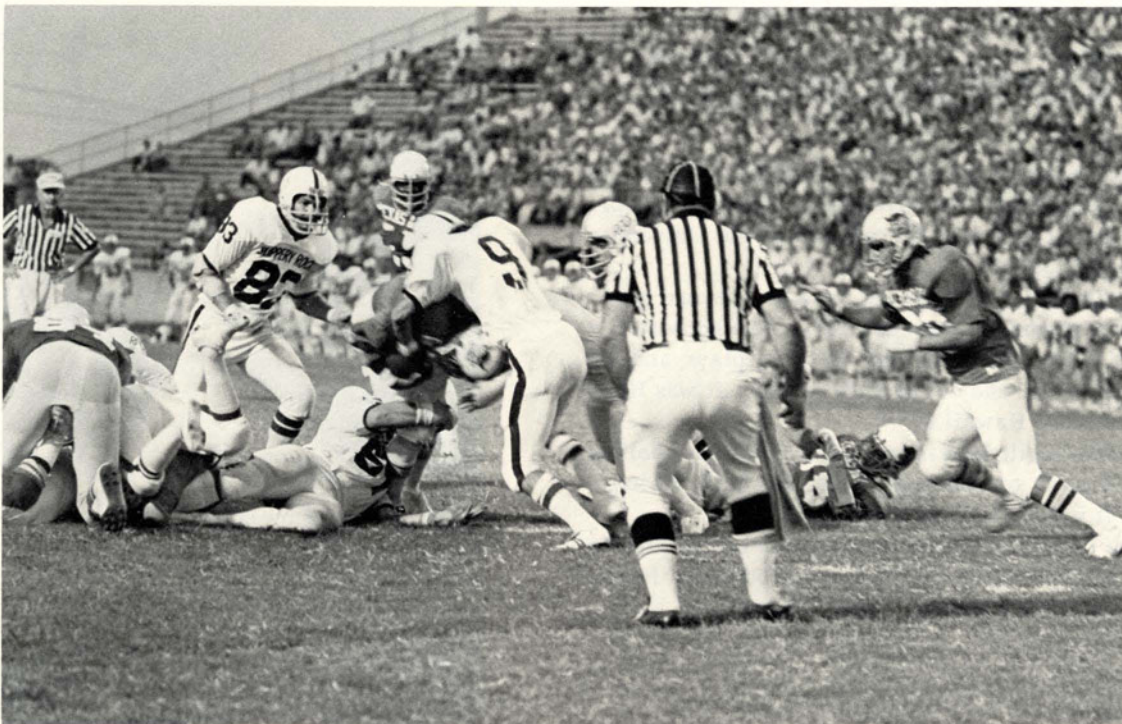

The Rockets had every reason for being impressed. The Javelinas tallied their highest point total since 1960 when they downed Sul Ross 60-20.

The Javelinas also surpassed the 500-yard total offensive mark for the second time in as many games, amassing 253 against the Rockets.

In the first quarter, senior defensive back, Leonard Avery, following a missed Slippery Rock field goal attempt and a 26-yard score via a fumble return, jaunted 100 yards for the touch-down.

Hogs Stampede Hawaii 56-21

Accompanied by six cheerleaders and various college officials, the Javelinas journeyed to tropical Hawaii to stomp the natives of the University of Hawaii 56-21.

In the first quarter going for A&I's second goal, Ritchie passed to Sweeney for a touchdown in a crowd. The point called for five plays and 60 yards. At the end of the first quarter, it was Hogs 14, and Hawaii 0.

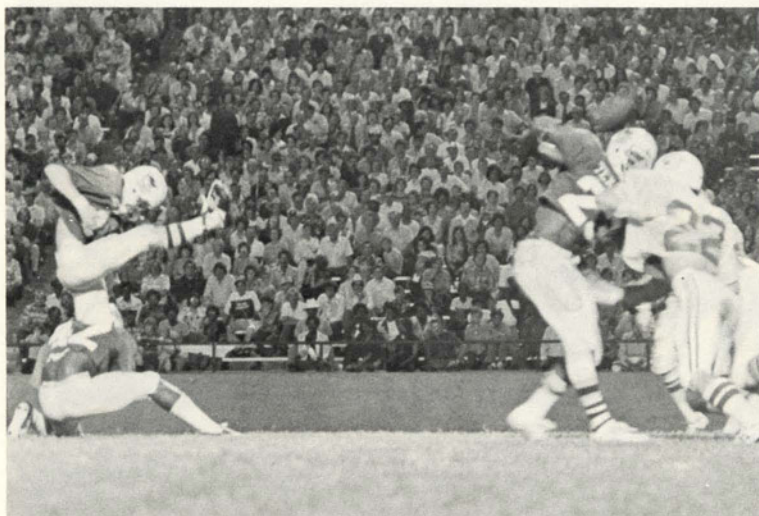

Receiving little resistance, the Javelinas chalked up two more touchdowns in the first half. At half-time it was A&I 35, and Hawaii 0.

The overall offensive passing was led by Ritchie with 224 yards and 16 yards contributed by Hartsfield. Hawaii's passing totaled 37 yards.

Hoggies Defeat ACU

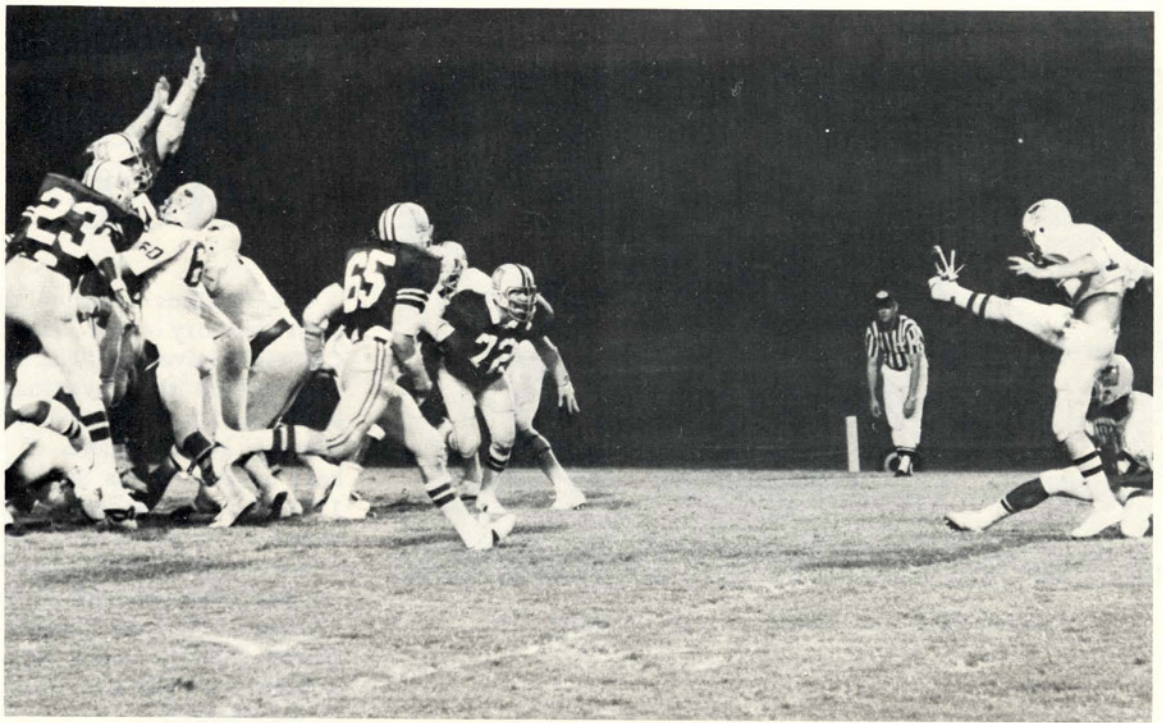

Richard Ritchie converts an extra point as Glenn Starks holds.

The Hoggies attained their 30th victory over Abilene Christian University. The 38-10 victory led the Javelinas to break the Lone Star Conference winning streak record of 29, held by East Texas State from 1951-53. A&I also tied the state record of 30 games held by the Texas Longhorns from 1968-70.

Quarterback Richard Ritchie, running backs Larry Collins and George Franklin, and the A&I Defense were praised repeatedly by the Wildcats.

Defensive back Leonard Avery (25) returns an interception against Abilene Christian.

Hogs Break Win Streak Mark

The Javelinas broke the state collegiate win-streak mark with their 77-7 victory over Stephen F. Austin.

In adding a 31st victory to their lengthy winning streak, which dates back to the last game of the 1973 season, the Javelinas broke the standard set by the University of Texas from 1968-70.

Glenn Starks, junior wide receiver, chalked up two touchdowns, with six receptions for 102 yards.

Despite playing less than a half, running back Larry Collins had 101 yards to his credit.

Richard Ritchie hit 12 of 18 passes for 173 yards.

A&I Downs East Texas Lions

Javelina defense bottles up an East Texas player.

The stout performance of the Javelinas against the East Texas Lions kept them atop the Lone Star Conference total defense statistics with a yield of 234.8 yards an outing.

The fourth offensive scoring play, which entitled 86 yards, was provided by Richard Ritchie and Glenn Starks. The play set a new school record for the longest touchdown pass.

The raging Javelinas needed only seven plays for the first six points.

Javelinas Take Western New Mexico

A&I, ranked number one in the NAIA and riding the crest of a record-setting 33-game winning streak, defeated Western New Mexico's Mustangs 63-2.

Larry Collins took the Hoggies' scoring lead with 136 yards and two touchdowns.

Richard Ritchie played less than a quarter and completed four of six passes for 69 yards and rushed ten yards.

The A&I offensive totaled 531 yards, 358 rushing and 173 passing.

George Franklin heads for the end zone.

A&I Downs Angelo State 20-10

A miserly defense and offense which scored when it had to, helped the Javelinas down the Angelo State Rams 20-10 and drew the defending NAIA champions one step closer to a third consecutive Lone Star Championship. But the victory was not an easy one for the Hoggies.

Twice the Hogs came from behind, once to tie 7-7 in the first half and in the second half for victory.

The game was Angelo State's first LSC loss of the year and Richard Ritchie's toughest. Ritchie lost two fumbles and had two passes intercepted.

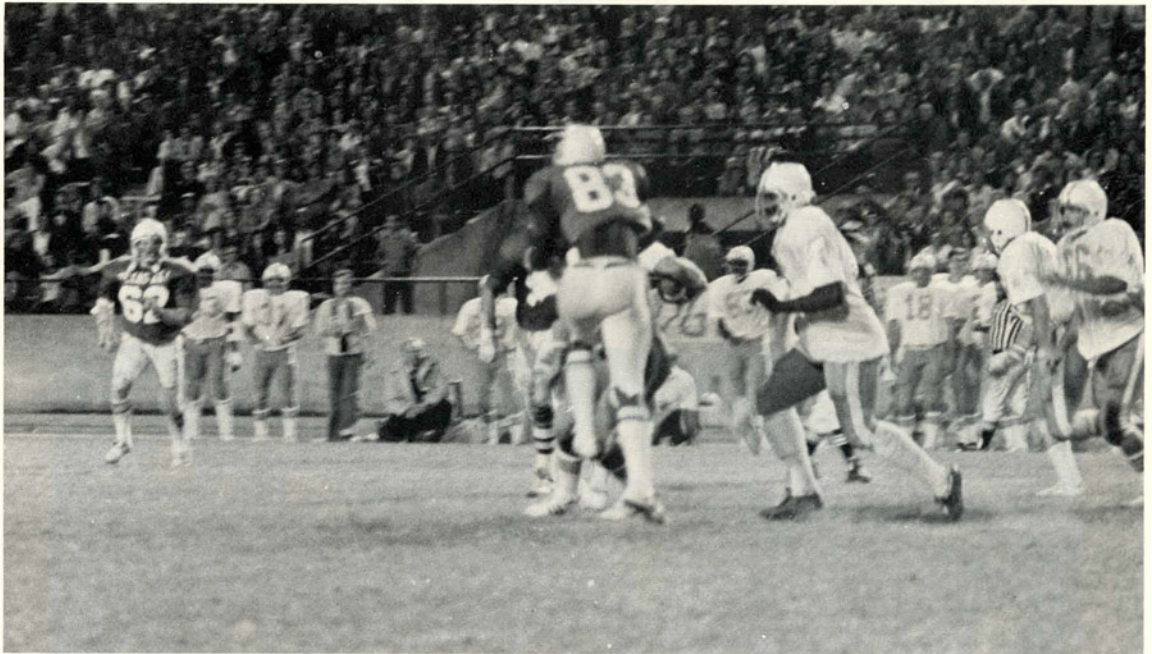

In one A&I opportunity to score, linebacker Larry Grunewald picked off a fumble in mid air at the ASU 43 and returned to the RAM 35. The Hogs moved to the ten-yard line in four plays but turned the ball back to the Rams on the first of Ritchie's two fumbles.

Sam Houston Bearkats Fall

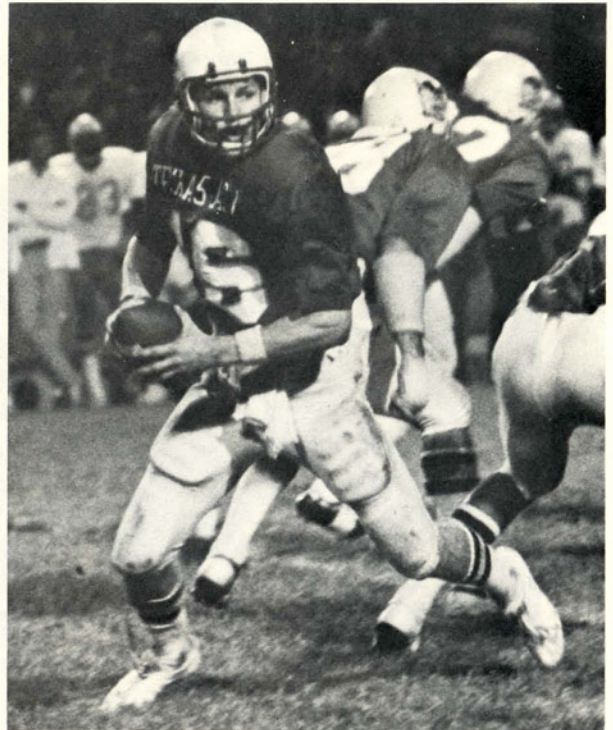

A&I trampled the Bearkats 41-10 spectacularly.

Larry Collins attained his third consecutive 1,000 yard season. Carrying the ball eleven times, Collins gained 123 yards. His best run of the game totaled 45 yards only to be nullified by a penalty.

Breaking his 1,804 yard record set last year, Richard Ritchie added 69 yards and six points pushing his total to 1,829 yards.

During the first half, the Hogs scored on three consecutive drives for a total of 349 yards. The third A&I TD totaled 80 yards in eight plays.

In the second half, the Hoggies added 20 points with second string scoring 13 of 41 total points.

Ritchie winds up for the pass.

Javelinas Win 36th Straight

Larry Collins takes a pitch from Ritchie.

A&I once again displayed their superiority on the football field. This victory was at the expense of Howard Payne University, the score: 40-0.

George Franklin scored a 48-yard touchdown with eight minutes left in the first quarter. Ritchie kicked the extra point and the score was A&I 17, Howard Payne 0. This maneuver entitled seven plays for an eighty-yard drive.

In the Javelina's third point, Franklin scored on a one-yard plunge over the right side. Unfortunately Ritchie's pass to Franks for the two point conversion was incomplete. In ten plays and 65 yards, the Javelinas moved the lead up to 19 to nothing.

A&I's passing yardage totaled 162 yards to Howard Payne's 46 yards.

The Hoggies also led in rushing yardage with 271 yards to Howard Payne's 20 yards.

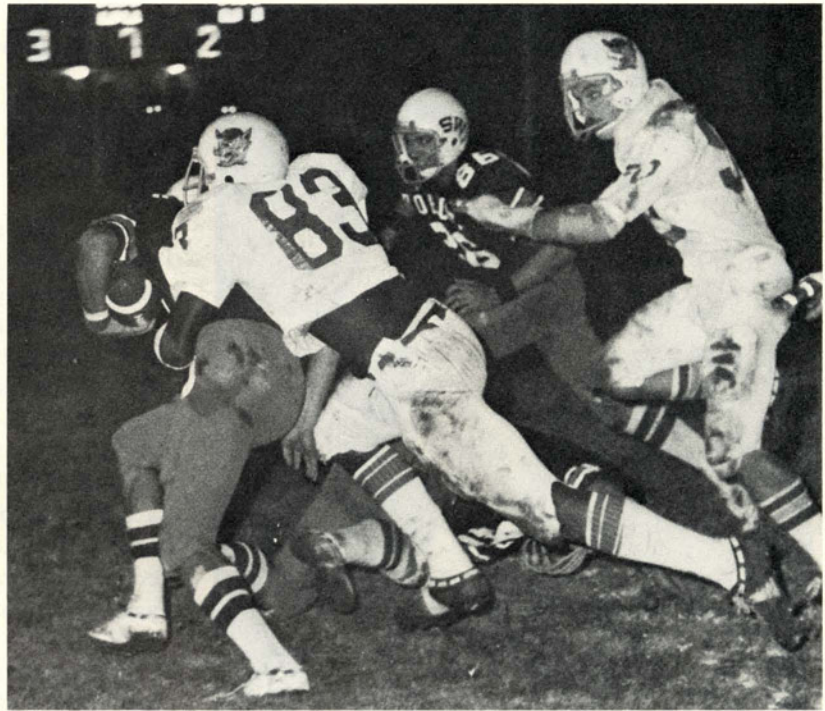

Tight end Clem Franks, finds running room against Howard Payne.

Hogs Beat SWTSU

In a standing-room only crowd, the Javelinas defeated the South West Texas Bobcats.

In the first quarter, Starks went right to collect the touch-down pass from Ritchie. Then the ball was snapped too high for the kick and Starks tried to run it but was stopped on the one-yard line. In less than four minutes, A&I moved the ball in eight plays and the score was A&I 6, SWT 0.

The Javelinas added up 595 yards and sent five SWT defensive starters out of the game with injuries.

Javelinas Blast WSC 57-14

Two Javelinas put the skids on a Mountaineer.

From the onset, the WSC Mountaineers had to travel across two states the week of final exams and only to be trampled by the raging A&I Javelinas.

In the first quarter, the Hoggies led 15-0, but the Mountaineers scored with a 19-yard pass.

Angered, A&I struck quickly in the second quarter when Richard Ritchie threw lineman Glenn Starks a 19-yard scoring pass.

Javelinas Take LSC 26-0

Before an estimated crowd of 9,000, Texas A&I held off the Central Arkansas Bears in a score of 26-0.

Throughout the first quarter it was a test of strength, each team holding the other off. Finally in the second quarter, Collins broke through and ran left eleven yards for the touchdown. Ritchie then added the point and the score was 7-0.

After halftime and with nine minutes left in the third quarter, Ritchie kicked a 22-yard field goal. This brought the score up to Hoggies 10, Central Arkansas 0. Then with a minute left in the quarter, Collins scored again with a one yard run.

In the fourth quarter, Ricky Smith scored a two-yard touchdown. Davis scored the two-point conversion and the final score was Javelinas 26, Central Arkansas 0.

It Was A Whole New Ball Game

The motto for the 1976 Javelinas was, "It's a whole new ball game." It was too, until Frank McLelland and James Johnson broke their ankles, putting them out of commission for the remainder of the season. With the two injuries went the 30 points and 16 rebounds McLelland and Johnson contributed to the line-up.

Coach Rich Sheubrooks tried to tone down the "star player" idea and instead developed the team concept.

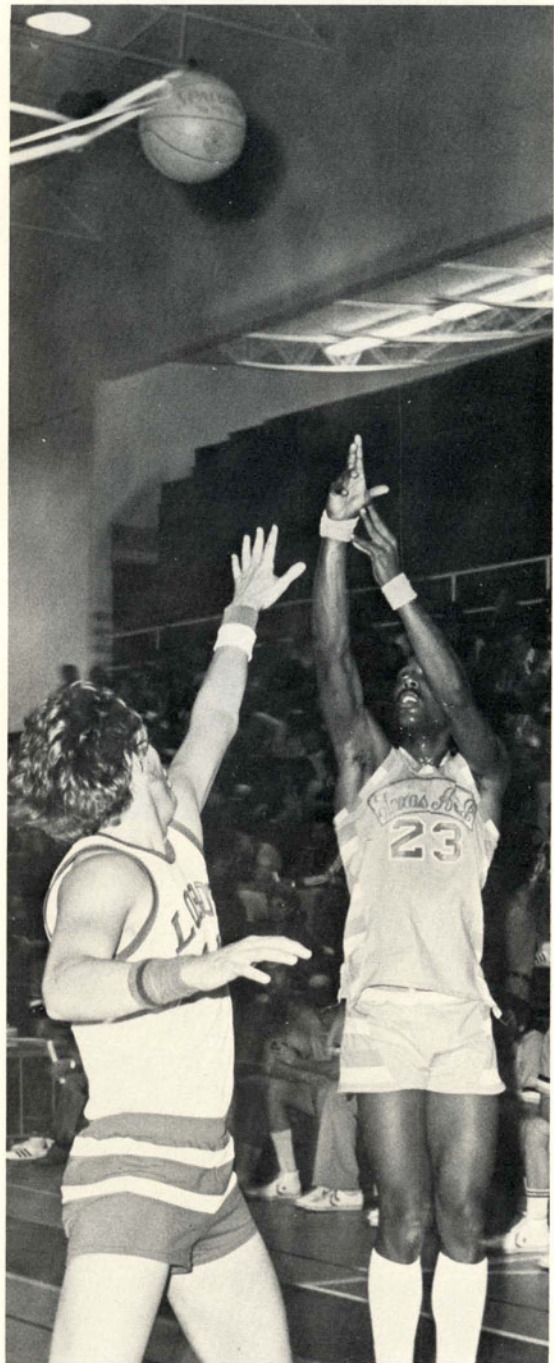

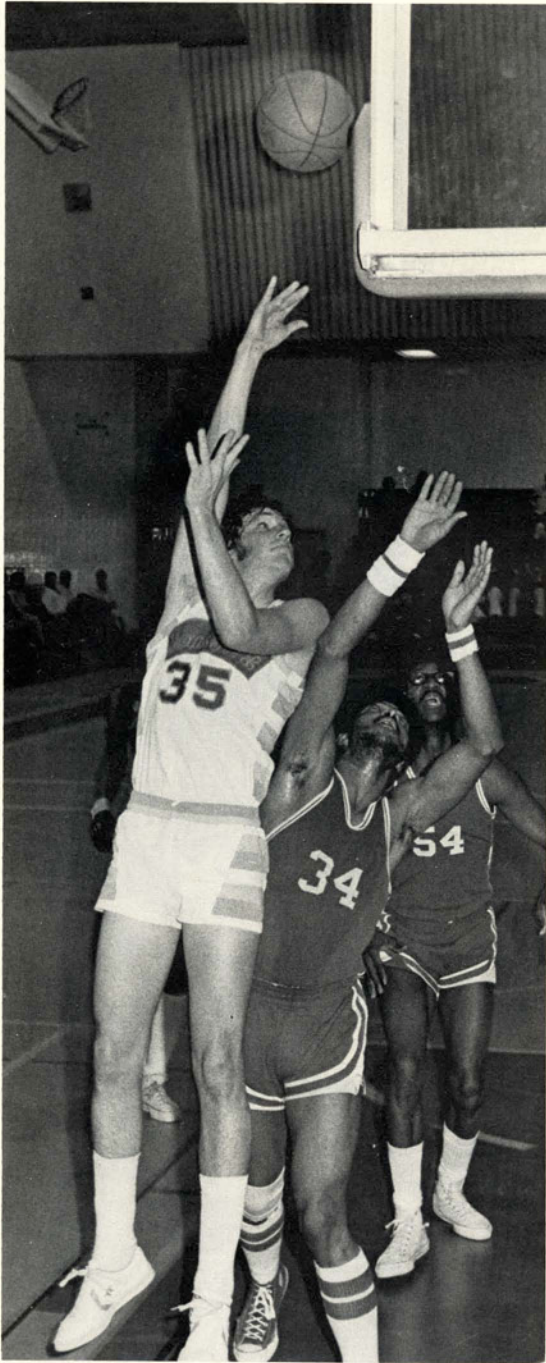

Scheubrooks also felt that this was the team's building season, in that there will be four returning starters for next year.

Successful Year For Women

The Texas A&I women's basketball team had a very successful season with a record of 18-11. The team was small in comparison with the competition, but the whole year proved to be a team effort on the part of all the players. The team placed third in the zone play-offs behind the University of Texas and Southern Texas and advanced to the state play-offs for the 9th consecutive year. The team participated in seven tournaments during the year. The women won two of the tournaments and placed fourth in the Georgewest Invitational.

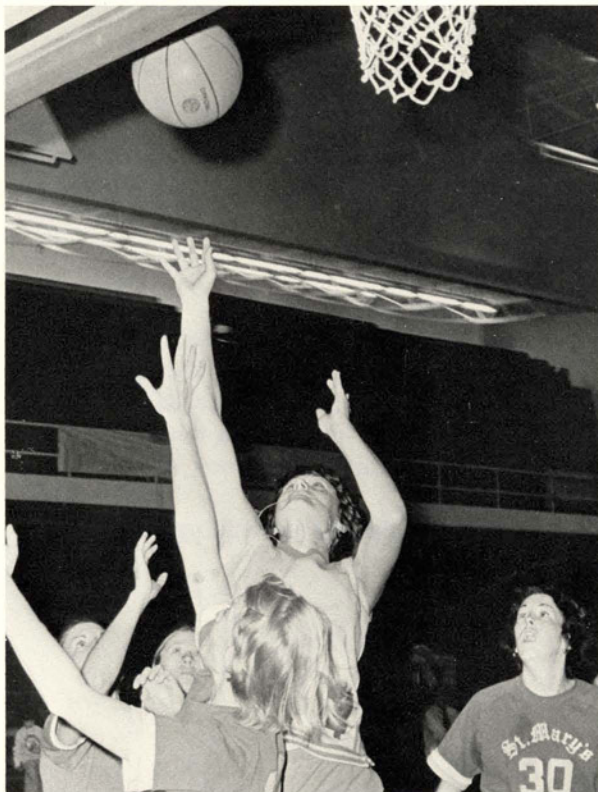

The lead scorer was Sandra Jimenez, while the lead percentage shooter rebounding was Rosie Lewis.

A&I Track Team Hosts LSC

Under coaches Willie Gipson and Gene Walkoviak, the Men's track team had a very busy season.

They opened with a meet at Houston Baptist in February and later in the month, the team traveled to Beaumont to compete against Lamar State.

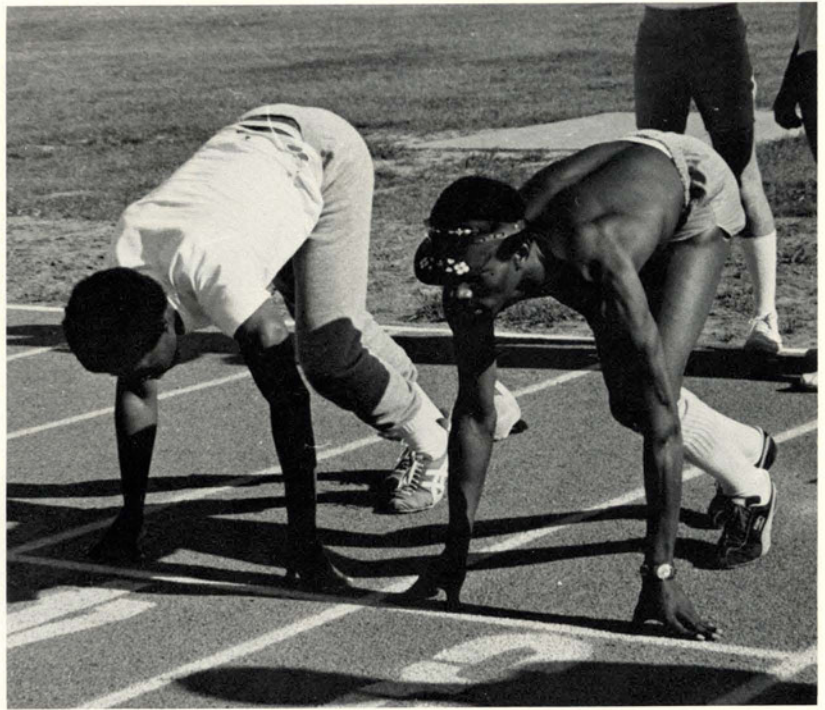

After participating in the Border Olympics in Laredo, they moved on to receive three wins in a row during March.

First, A&I won at the SWTSU Invitational in San Marcos. They then won the Stephen F. Austin Relays, as well as the Texas Relays in Austin.

When the Howard Payne Invitational was rained out, the team had to wait out most of the month of April until the next competition.

Going against Abilene Christian, Angelo State, East Texas State, Howard Payne, Stephen F. Austin, Sam Houston, and SWTSU, A&I finished third overall in the Lone Star Conference.

Hughie Shaw was picked at the conference as the overall outstanding performer after winning the 100 and 220 yard dashes and running in the 440 team relay.

Disappointing Season For Soccer Team

Due to differences of opinion and individualistic attitudes, the Texas A&I soccer team did not fair too well this past season, with seven losses and only one win.

The win was over Pan American, and the team ended the season at the bottom of the league. This is the same league that A&I dominated seven years ago.

Again this year, the team hosted a soccer tournament for area high schools and an exhibition for the coaches.

Women's Track

This year the women's track team ranked tenth in the state. The women compete with all schools who run, not just league schools as men do.

A&I welcomed three new performers: Bobbie Evans, Lotta Malmstrom, and Carol Lockley.

During the season, the team attended nine track meets but did not have the funds to take the entire team to all the meets. For the first two or three meets Ms. Livia Diaz took only part of the team to competition in order to save money to send qualifiers to the National Championship.

This year for the first time ever, A&I sent two women to national competition in U.C.L.A. Lotta Malmstrom, competing in the 400-meter hurdles, clocked in her best time of the season but missed the finals by one place. Gunilla Lindh made the finals in the 800-meter run, of which only 15 other women qualified, but drew the outside lane. During the race, she was bumped into lane eight and took a serious time loss.

This year the A&I Women's Tennis team placed third in the Zone. It was the first time the entire team won an invitation to the state meet.

The team also participated in the University of Texas Invationals, tournaments at Schreiner College of Mountaineers, the TAIWAA Southern Zone and the TAIWAA State at Amarillo. The team attended Dual matches with Texas Lutheran, Texas Southmost and St. Mary's of San Antonio.

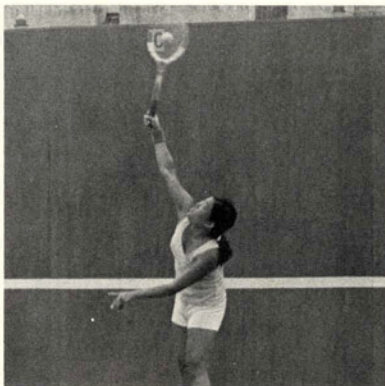

Outstanding singles player was Yolanda Garza and the number one doubles team was Yolanda Garza and Ofie Castro.

New players for the season were Sawnie Baldrige and Hanah Hovda.

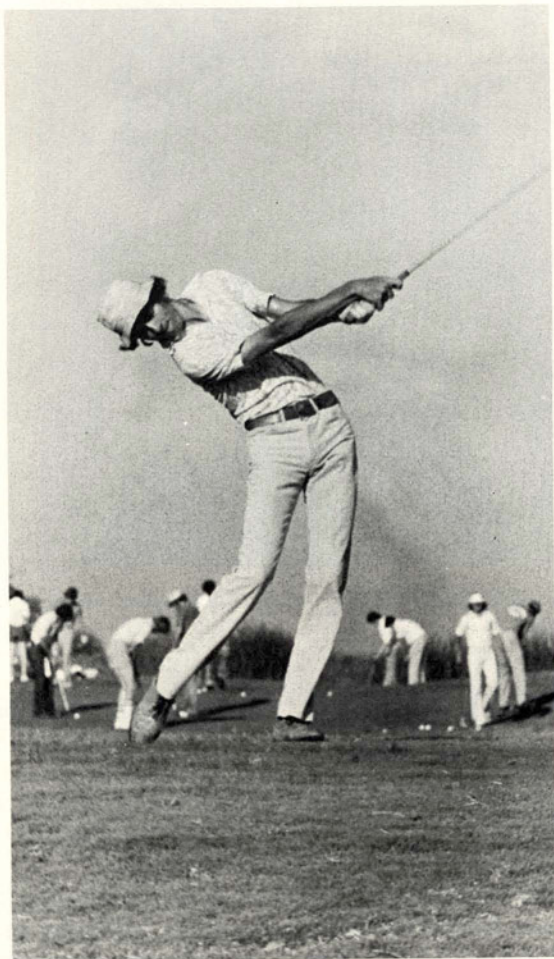

When asked what was the team's greatest handicap, coach John Cosgrove felt that the team lacked most in competition experience.

Texas A&I Golf Team

The A&I Golf team has a great deal going for it. They are well funded, and have an excellent golf course. They play at the Kleburg County course and receive pointers from the resident pro Tommy Acock.

This year the conference meet was held here. A&I competed against Southwest Texas, Angelo State, and East Texas. Overall, A&I finished seventh in the conference.

The most outstanding player was Roger Gilcrease, a senior from New Gulf, Texas. He averaged a 76.

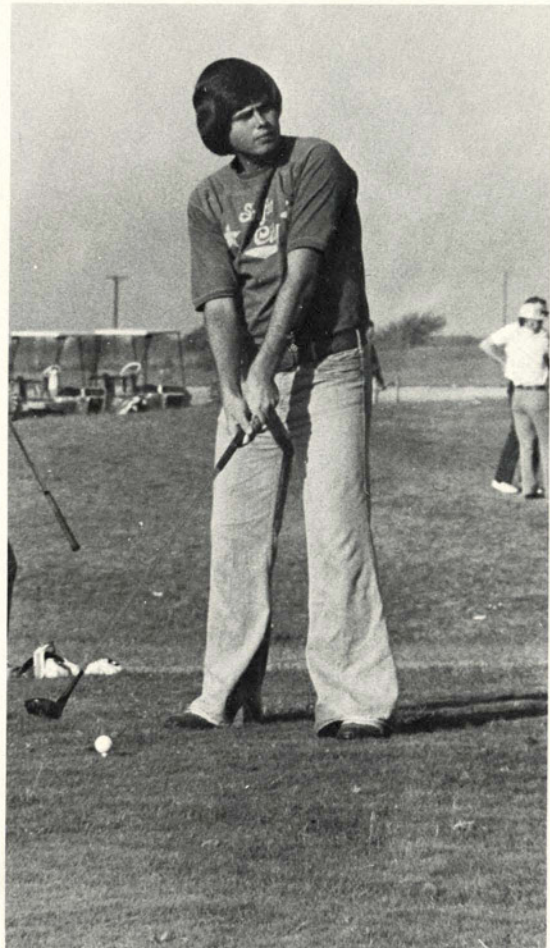

New players for the season were Brad Greebon and Woody Howell.

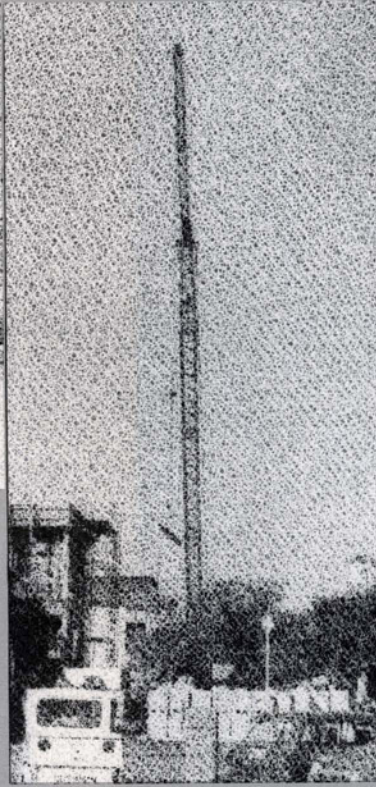

Coach Pete Murray said they are in the midst of recruiting and are trying to build a more competitive team.
