*Texas A&I at its best.
Four unforgettable years.*

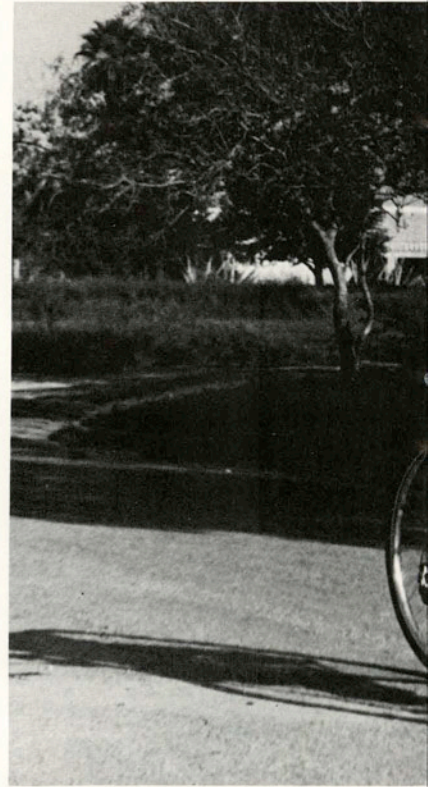

College is a new way of life. It is partly a little bit of everything. Getting the classes you want, finding the books you need and getting to class on time.

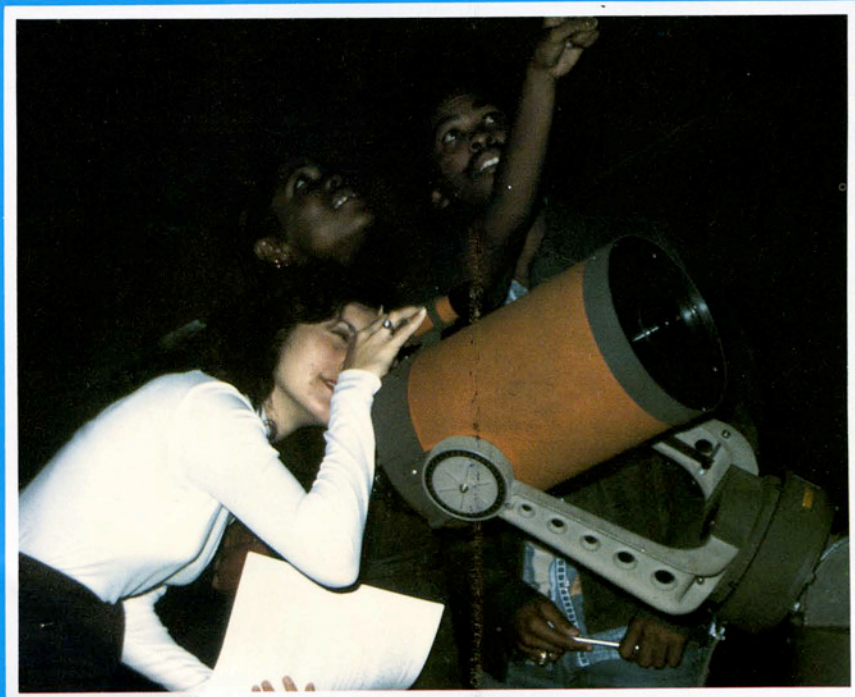

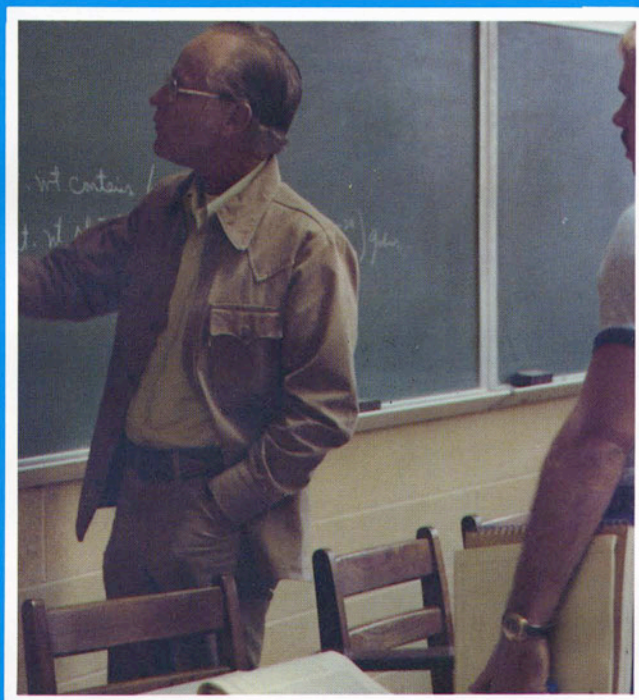

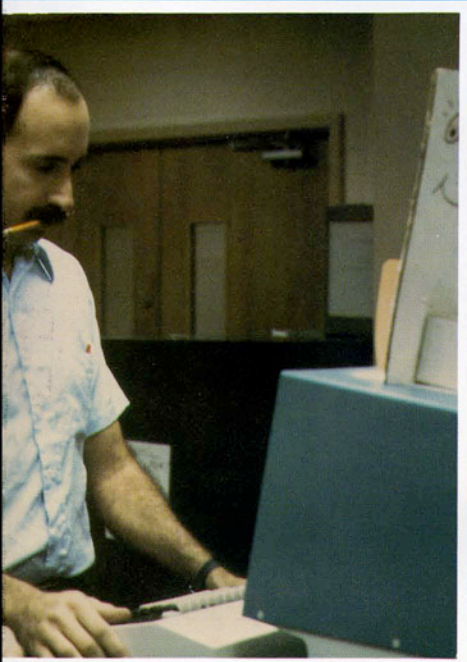

There is always some kind of action going on campus and for most of us students, it is mostly a matter of having fun.

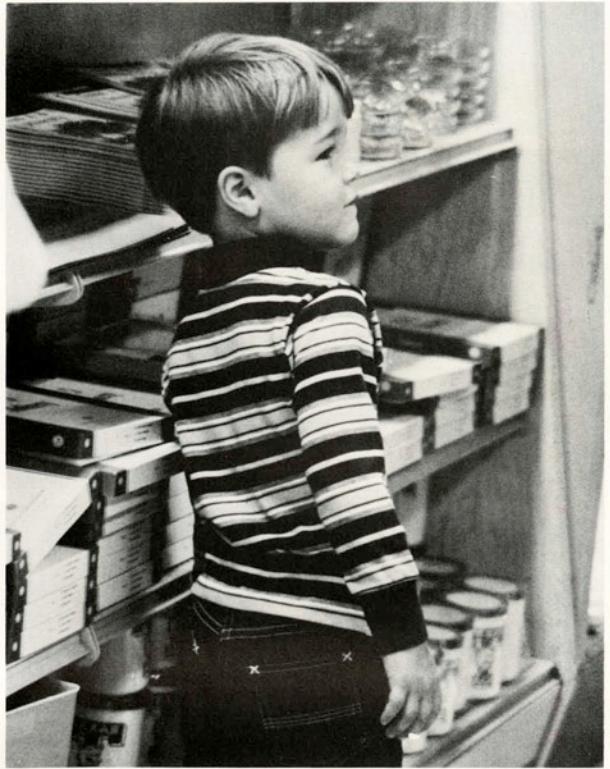

For others it is a matter of studying hard and getting that degree. Every way you happen to look, you will always see someone reading something.

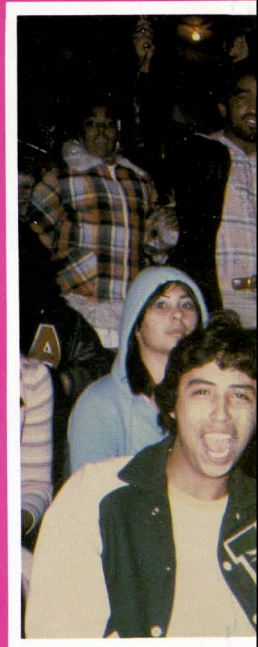

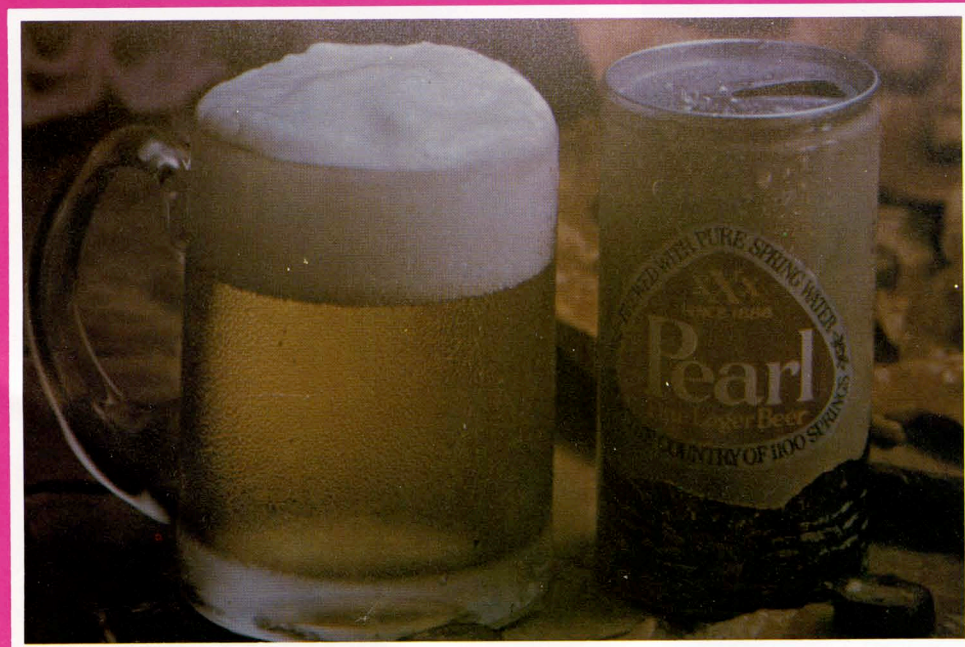

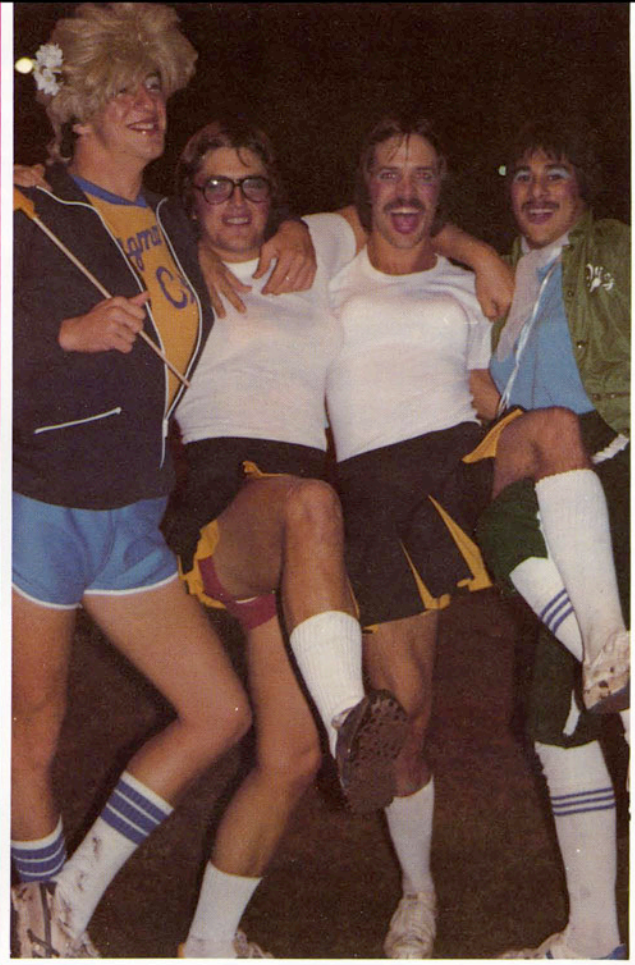

As we look through these pages, most of us students will be able to recapture something special about A&I and about themselves. We will always remember our years in college and about the people we knew.

GRADUATE STUDIES

Plays

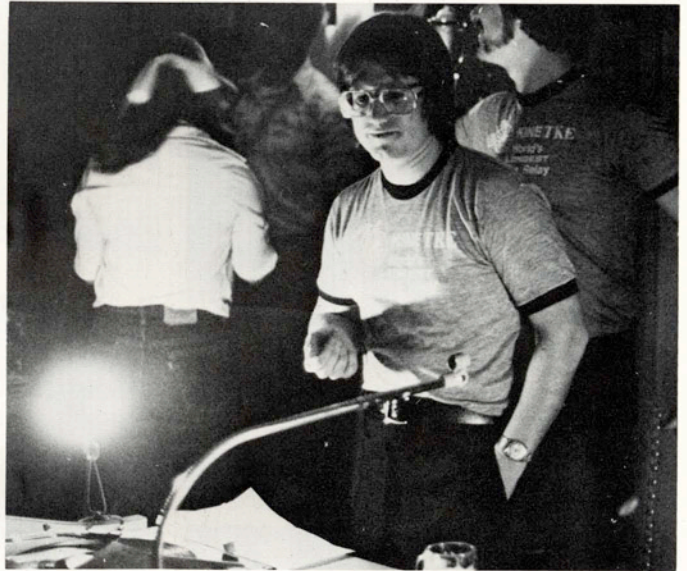

'78-'79

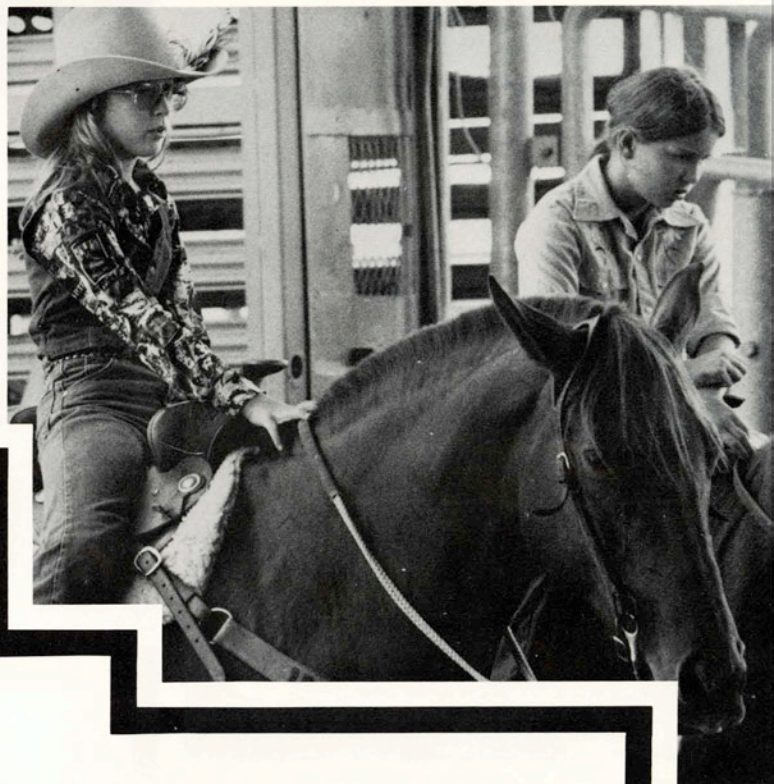

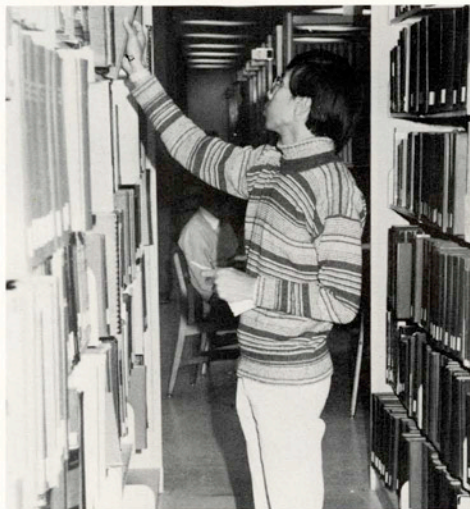

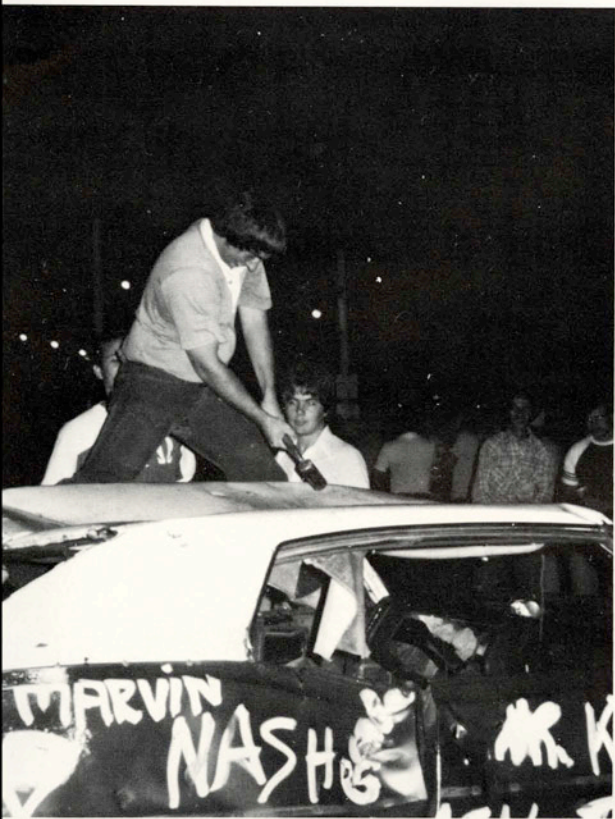

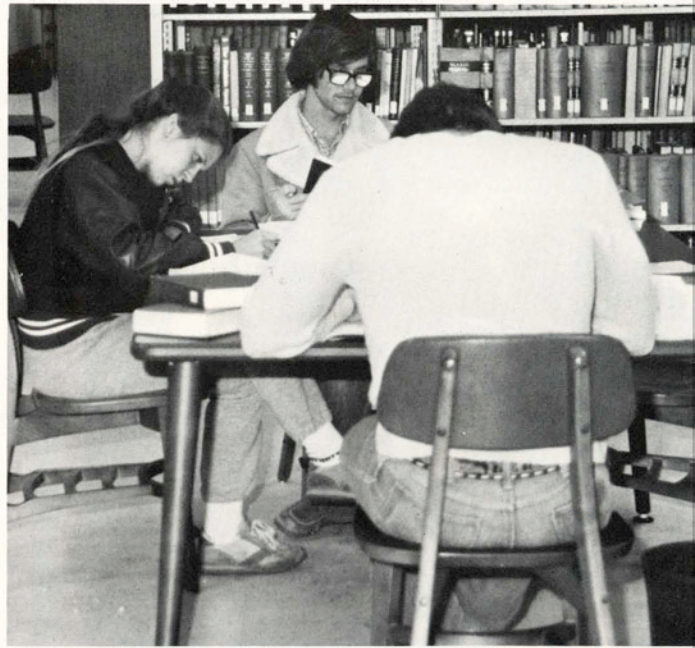

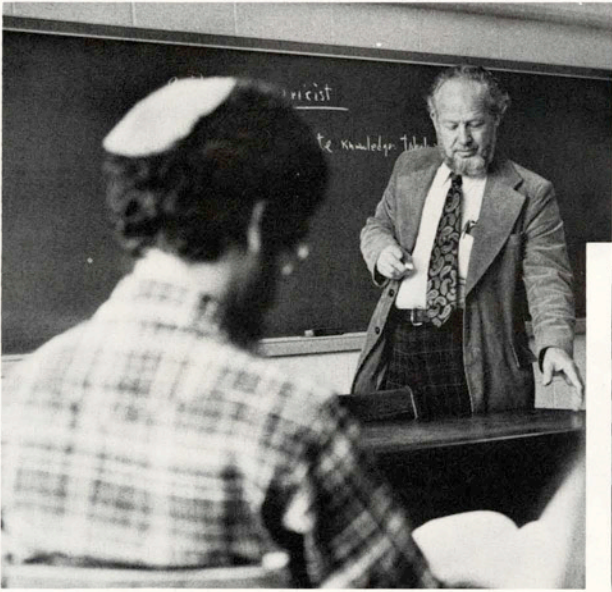

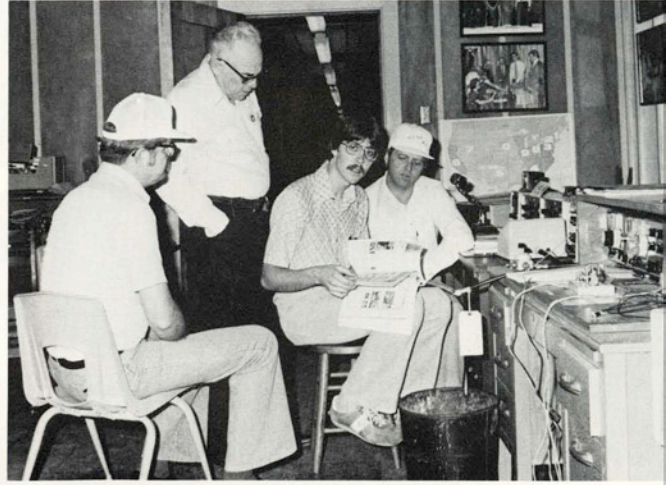

Parents Day

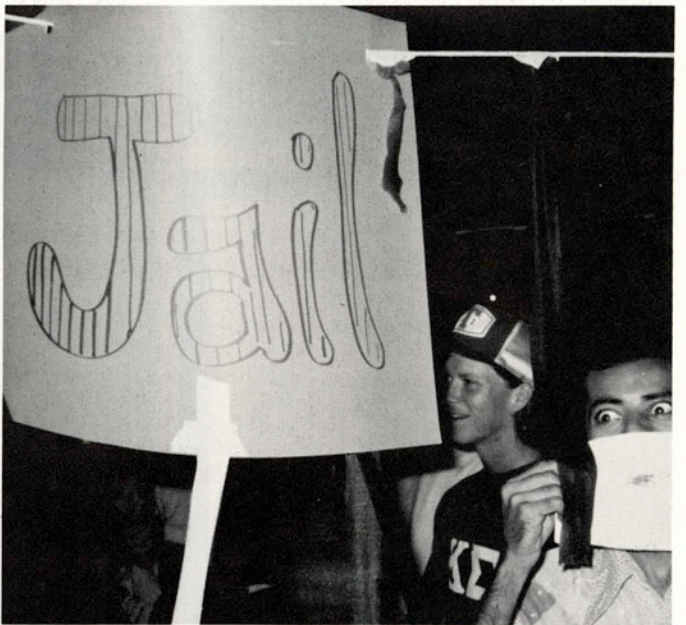

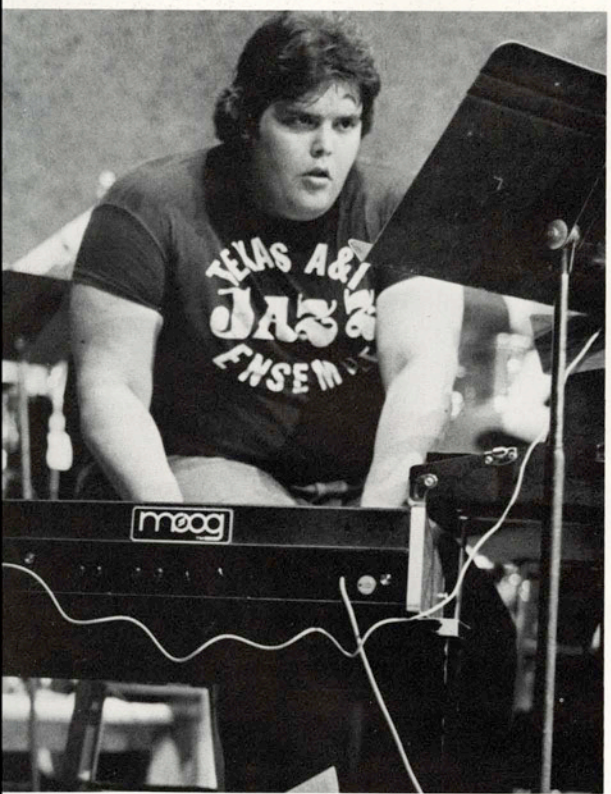

The Pub

*Homecoming
Queen*

*Maria
Elena
Cantu*

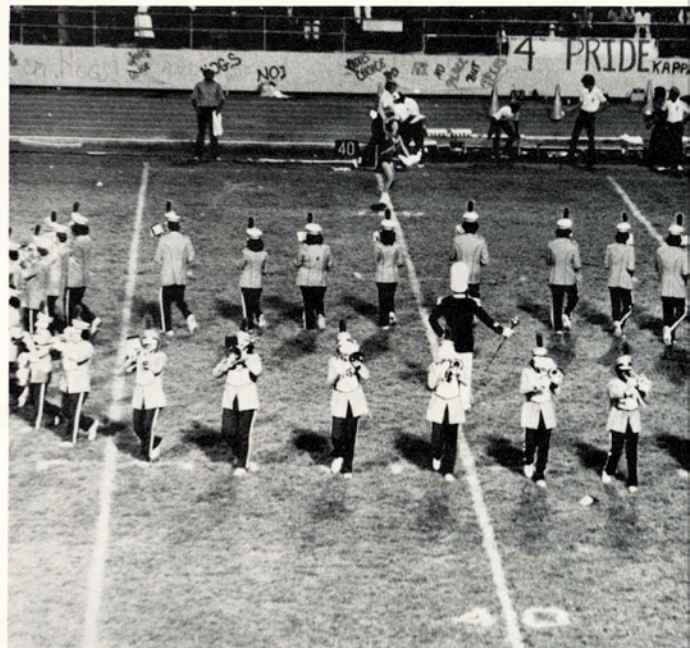

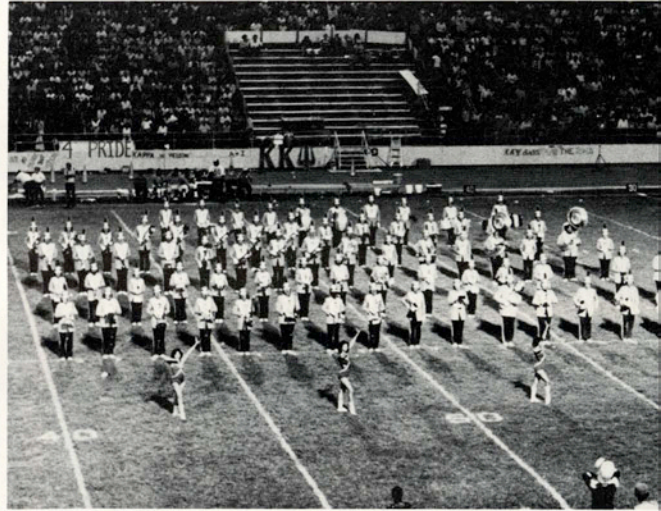

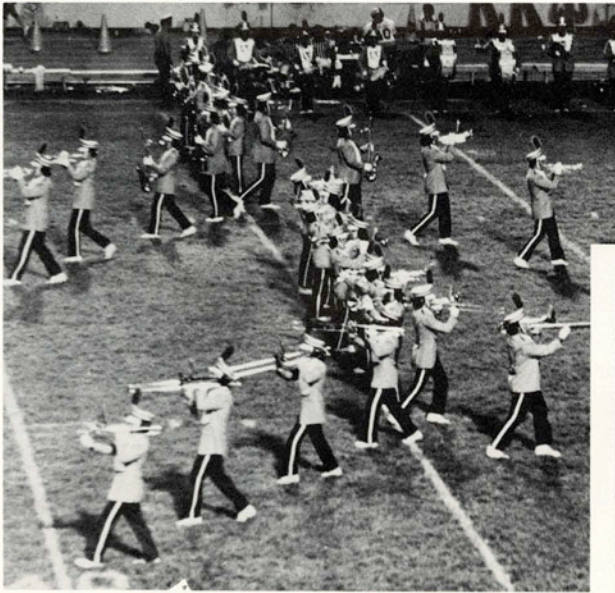

Queen's Court

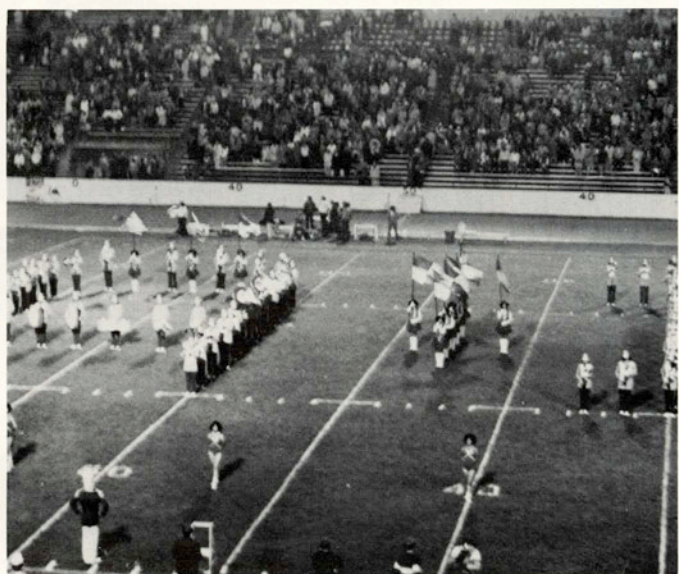

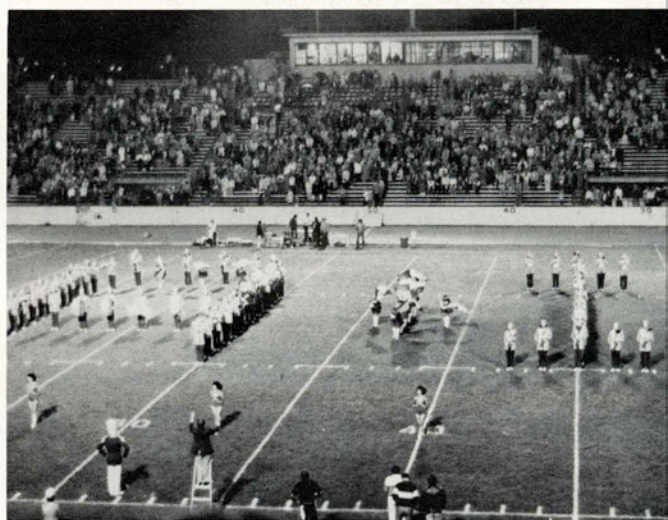

The 1978-79 Texas A&I Homecoming Queen is Maria Elena Cantu, a senior from Corpus Christi. First runner up was Clarissa Rodriguez, also from Corpus Christi. Second runner-up was Karen Nielson from Kingsville.

Texas A&I

Marching Band

Texas A&I Jazz Band

Miss Texas A&I

Miss Texas A&I for 1979 is Carol Alexander.

Carol Alexander of Bishop is Miss Texas A&I for 1979. The freshman business administration student was crowned at the KC Hall Thursday night April 5.

Miss Alexander, a 1978 graduate of Bishop High School, is the daughter of Mr. and Mrs. Ralph Alexander Jr.

Miss Alexander receives from Gina Hernandez the crown she wore in 1978.

TEXAS A&I CHEERLEADERS

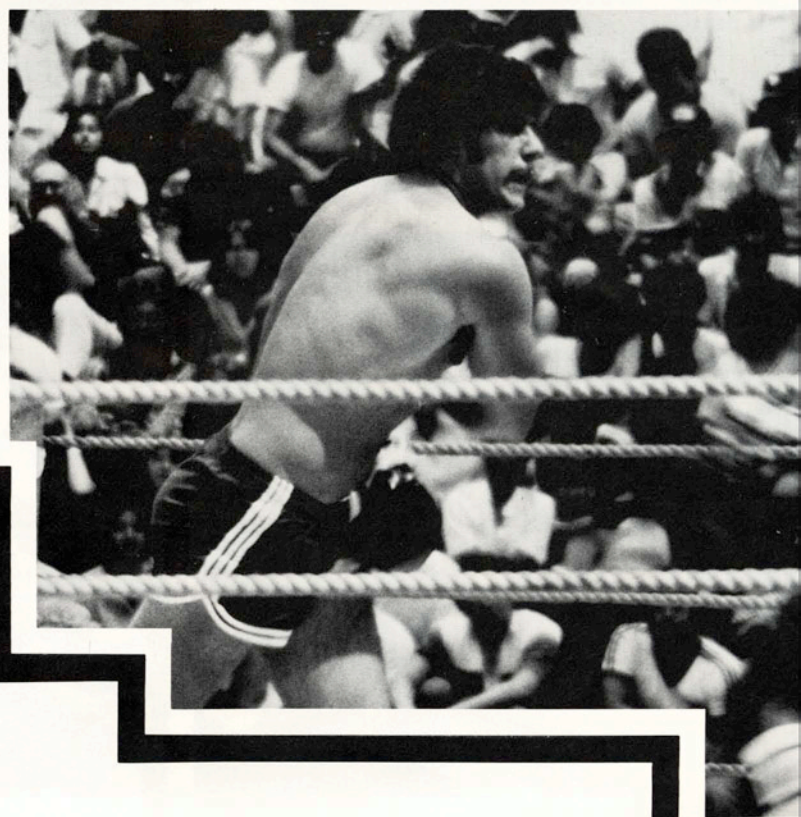

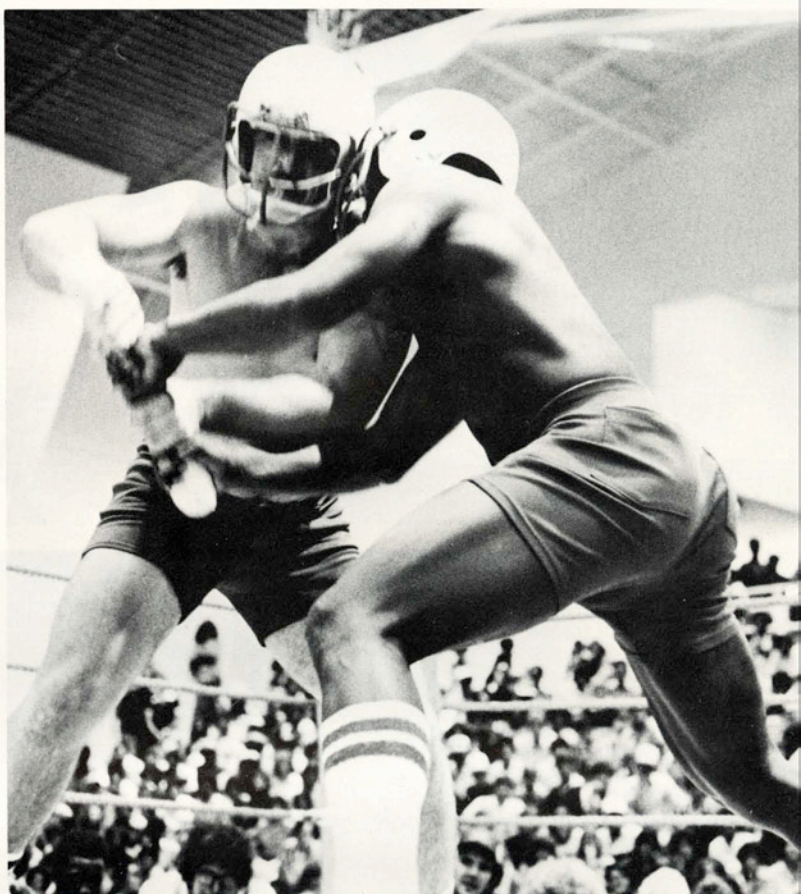

This year cheerleaders were: Gracie Gonzalez, Head Cheerleader, Terri Guion, Sandra Cook, Gracie Rios, Nancy Knaggs, Mary Jane Trevino, Hilda Garza, Susan Barnhart.

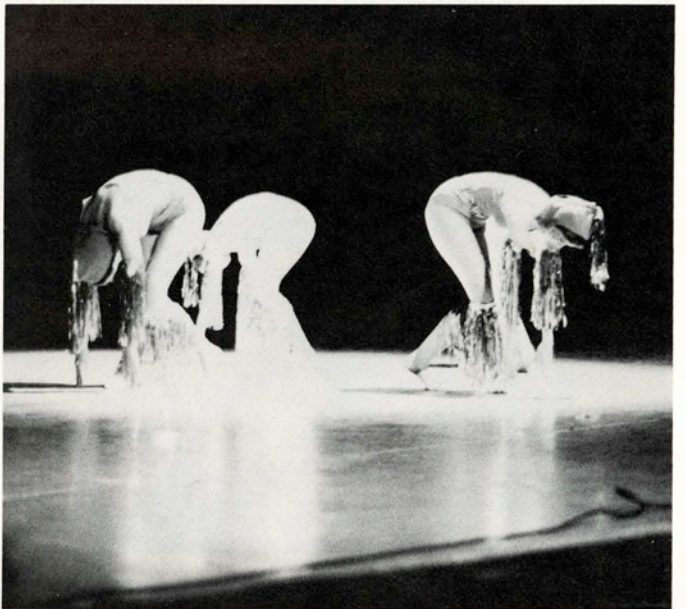

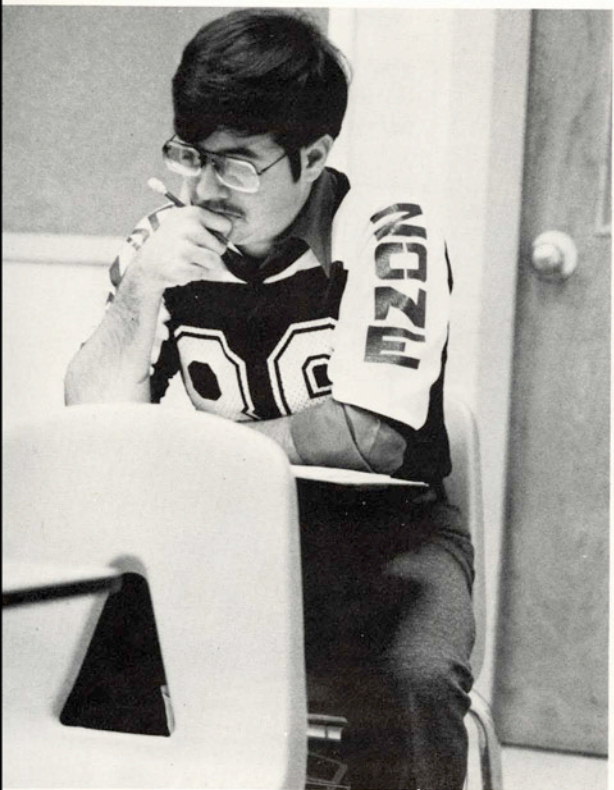

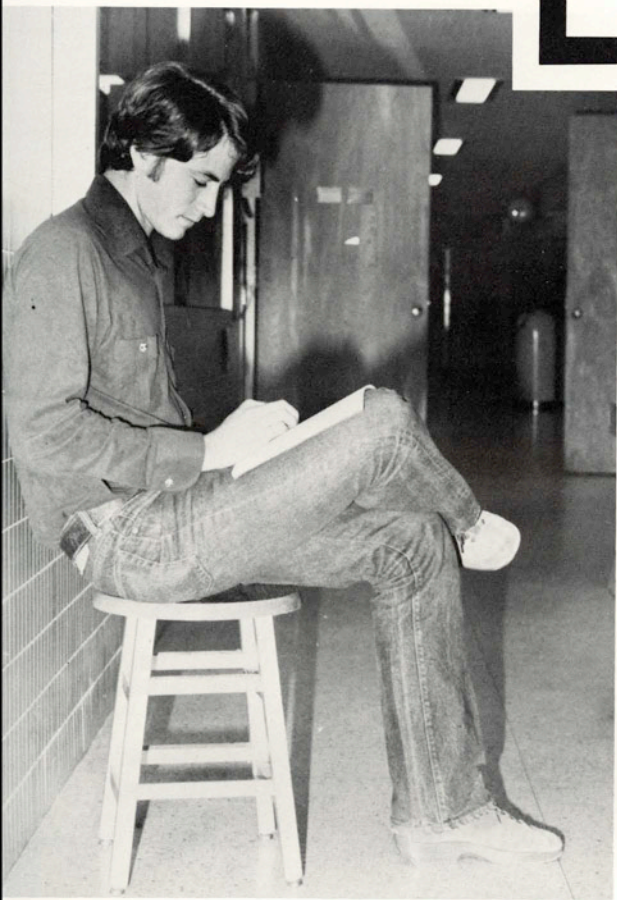

T-Fights

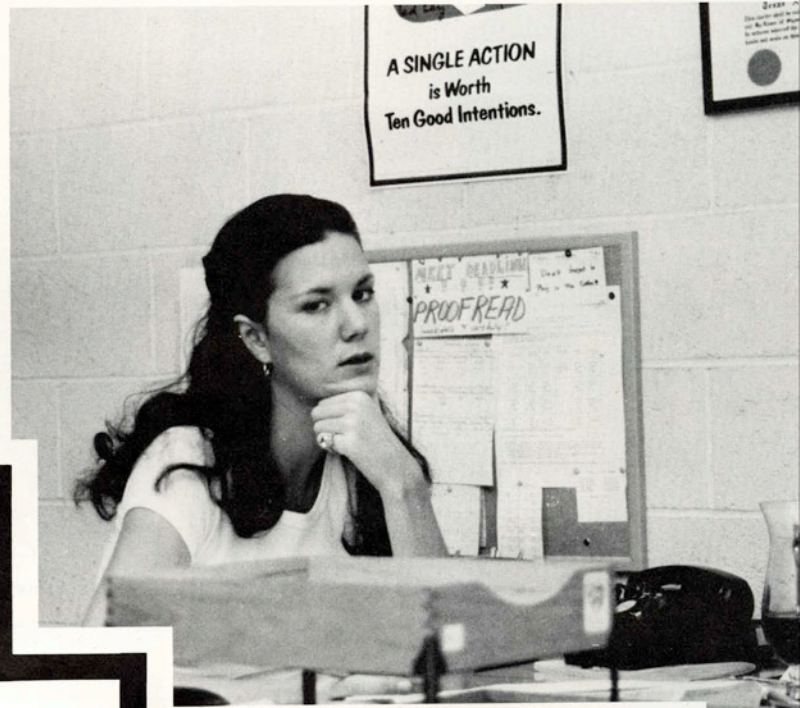

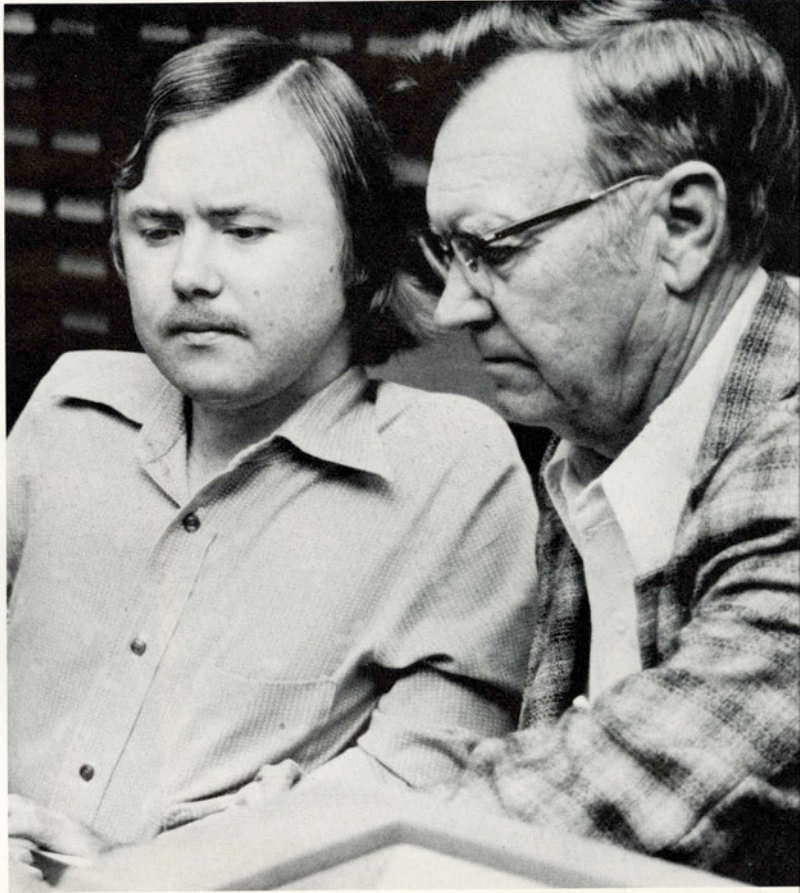

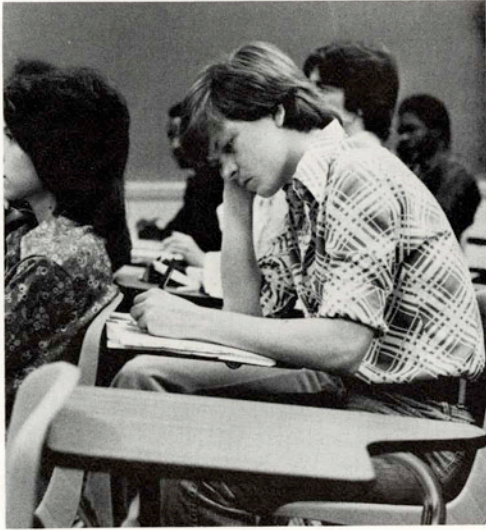

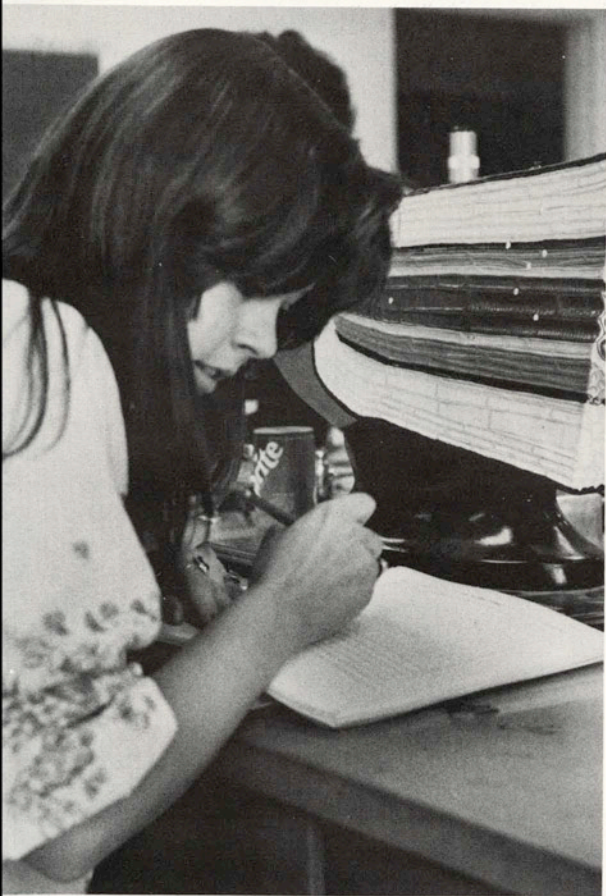

Dance Concert

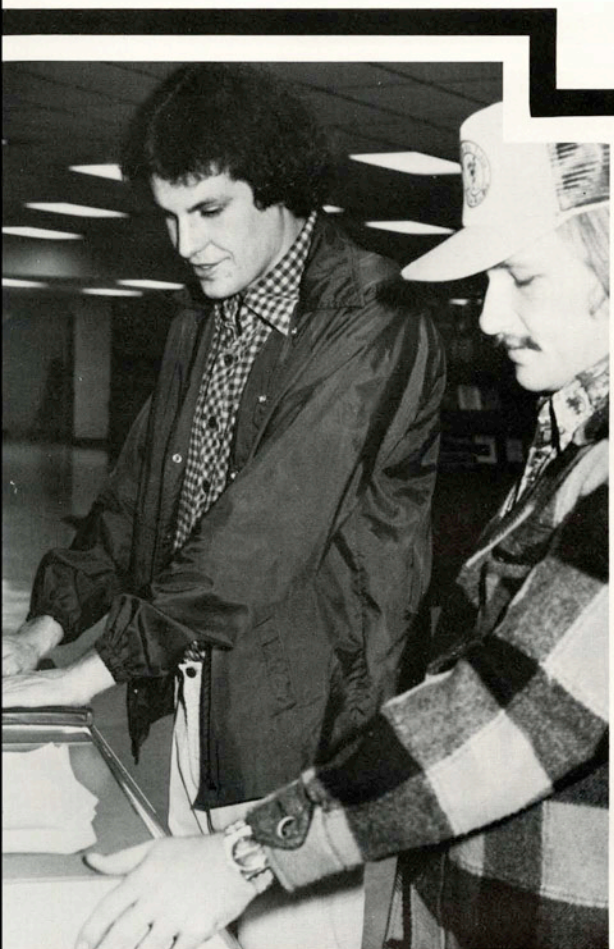

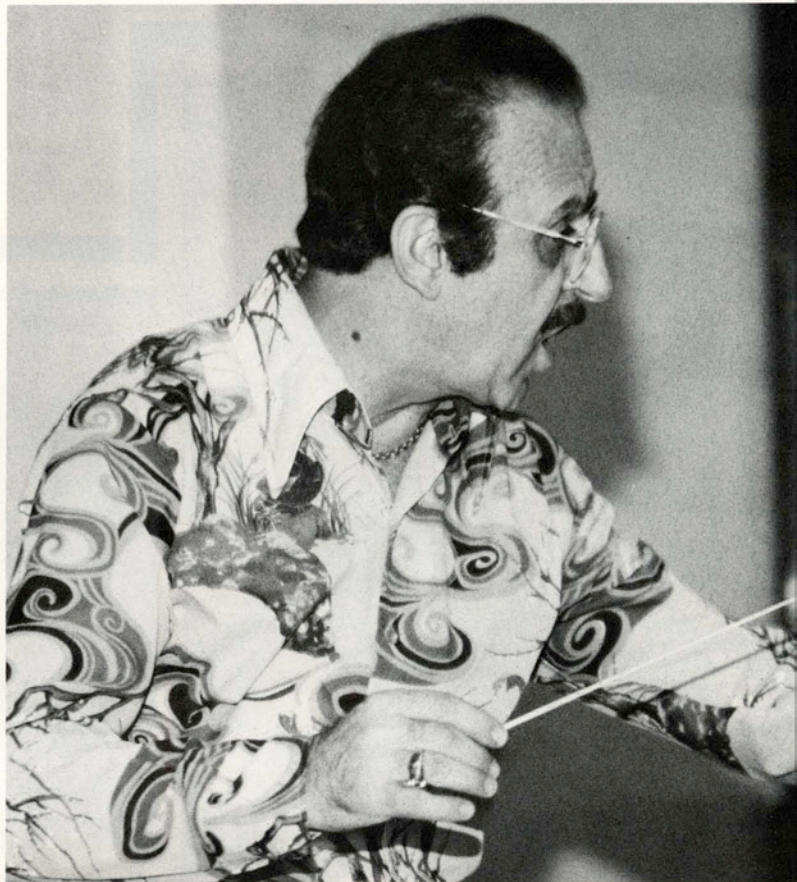

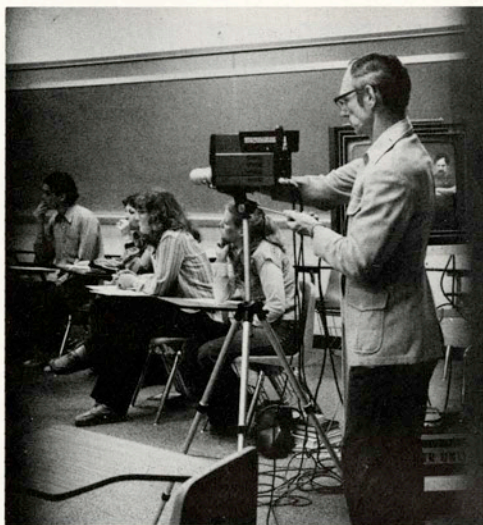

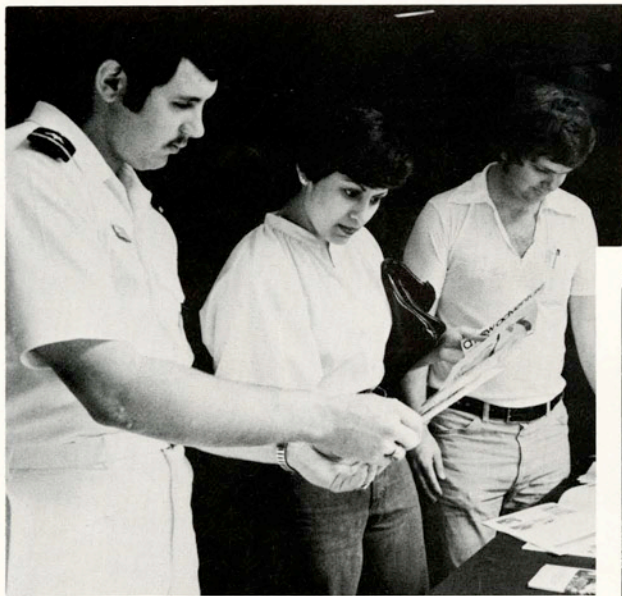

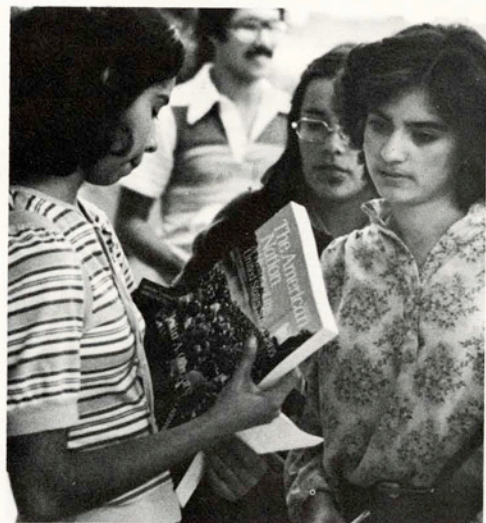

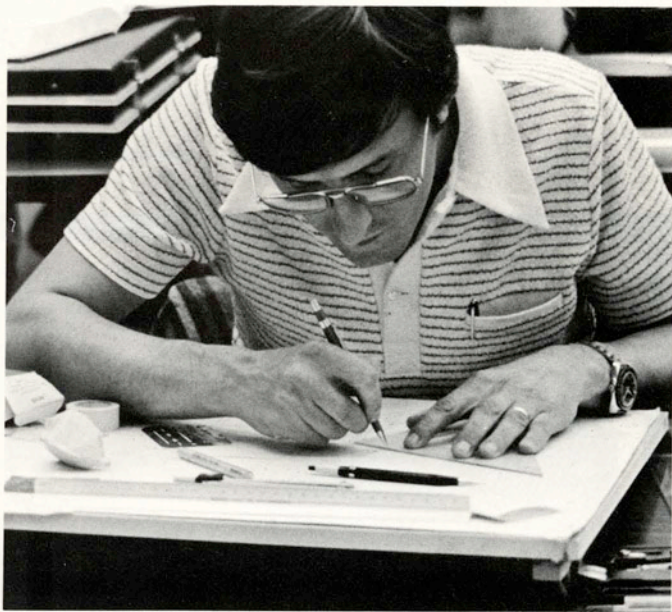

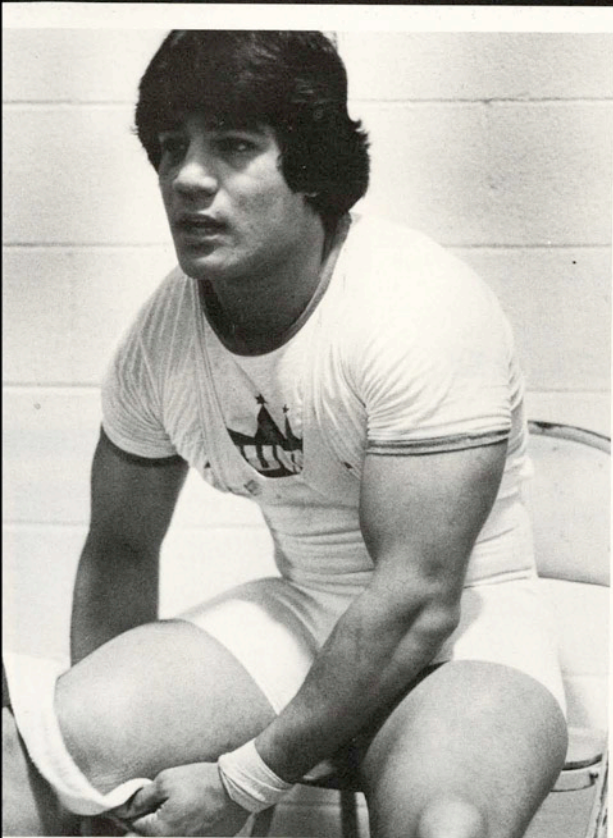

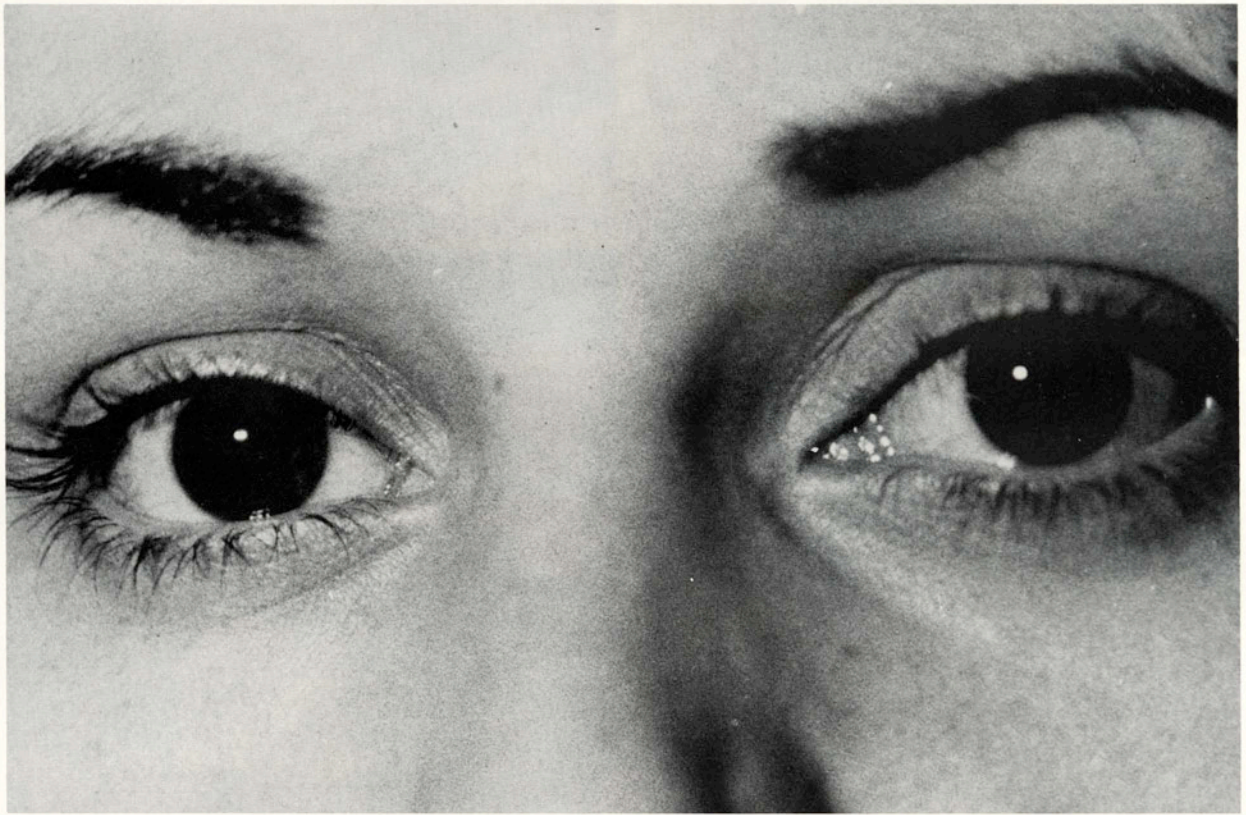

*The Eyes of
Laura Mars*

This may not be the true eyes of Laura Mars but who knows the difference anyway.

STUDENT CONGRESS

Bottom Row: David Vasquez, Vice-Pres. Students Association; Gloria Jimenez, Marisela Cervantes, Mario Jimenez. 2nd Row: Ruth Latigo, Bertha Martinez, Yolanda Chapa, Jorge Castorena, Alma Sanchez, Dorothy Flores, Alma Gonzales. 3rd Row: Micheal Martinez, Rita Alcazar, Yolanda Perez, Jesse Trevino, Berde Deanda, Sharon Allen. 4th Row: Ben Moctezuma, Arnoldo Pena, Jose Luis Navarro, Domingo Chavez, Ofelia Villarreal, Anthony Duruwuru. 5th Row: Gilberto Moreno, Veronica Trevino, San Juanita Garza, Steve Sifers, Alfredo Arispe, Leonard Rodriguez. 6th Row: Patrick Evans, George Saenz, Walter Pat Armstrong, Doug Culver, Bryan Ellis, Abure Ebhonakhoge.

SOUTH TEXAN

This year's South Texan Staff consists of: Victor Rea, Editor; Jeanette Crawford, Sports Editor, Mitch Carter, Staff Writer; John Brasher; Staff Writer; Manuel Herrera, Photographer. Not pictured are: Sharon Elkins, Copy Editor; Lesa Stephanou, Oscar Villa, Staff Writers; Philip Eyrpidon, Cartoonist; Brenda Moore, Advertising Manager; Russell Owens, Circulation Manager.

The KTAI-FM staff includes: Left to Right: Rene Valdez, Rick Garza, Norma Zamora, Kyle Waggoner, Ruth Rascoe, Station Manager; John J. R. Rumfield, Domingo "Mingo" Chavez, Dalia Trevino, Record Librarian; Berdie Deanda, Robert Ondarza, Leo Garza, Waldo Cuellar, Jim Robins, News/Program Music Director. Not pictured is Mr. Delbert Seese, Chief Engineer.

KTAI-FM

Norma Zamora's special all-Chicano program illustrates the diversity of KTAI-FM programming.

KTAI-FM is an educational, non-commercial station that is owned by the university and operated by its students. The station plans to increase its wattage ten-fold and expand its hours of operation in the fall of 1979.

By including KTAI-FM "on-the-air" experiences with the station's growing television facilities, the curriculum in Radio/TV is being developed and expanded into a well-rounded mass media program.

WE GOT INVOLVED!

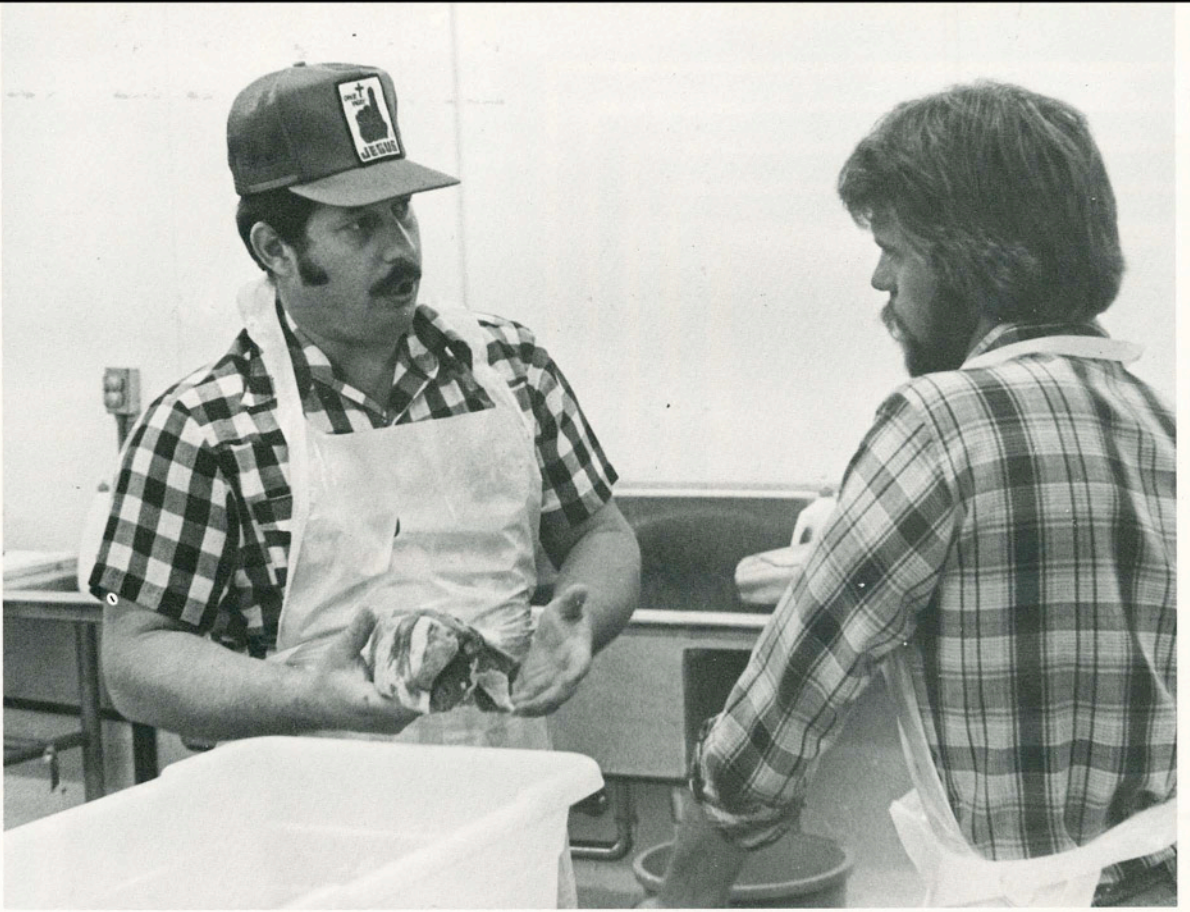

HOW
ABOUT
YOU?

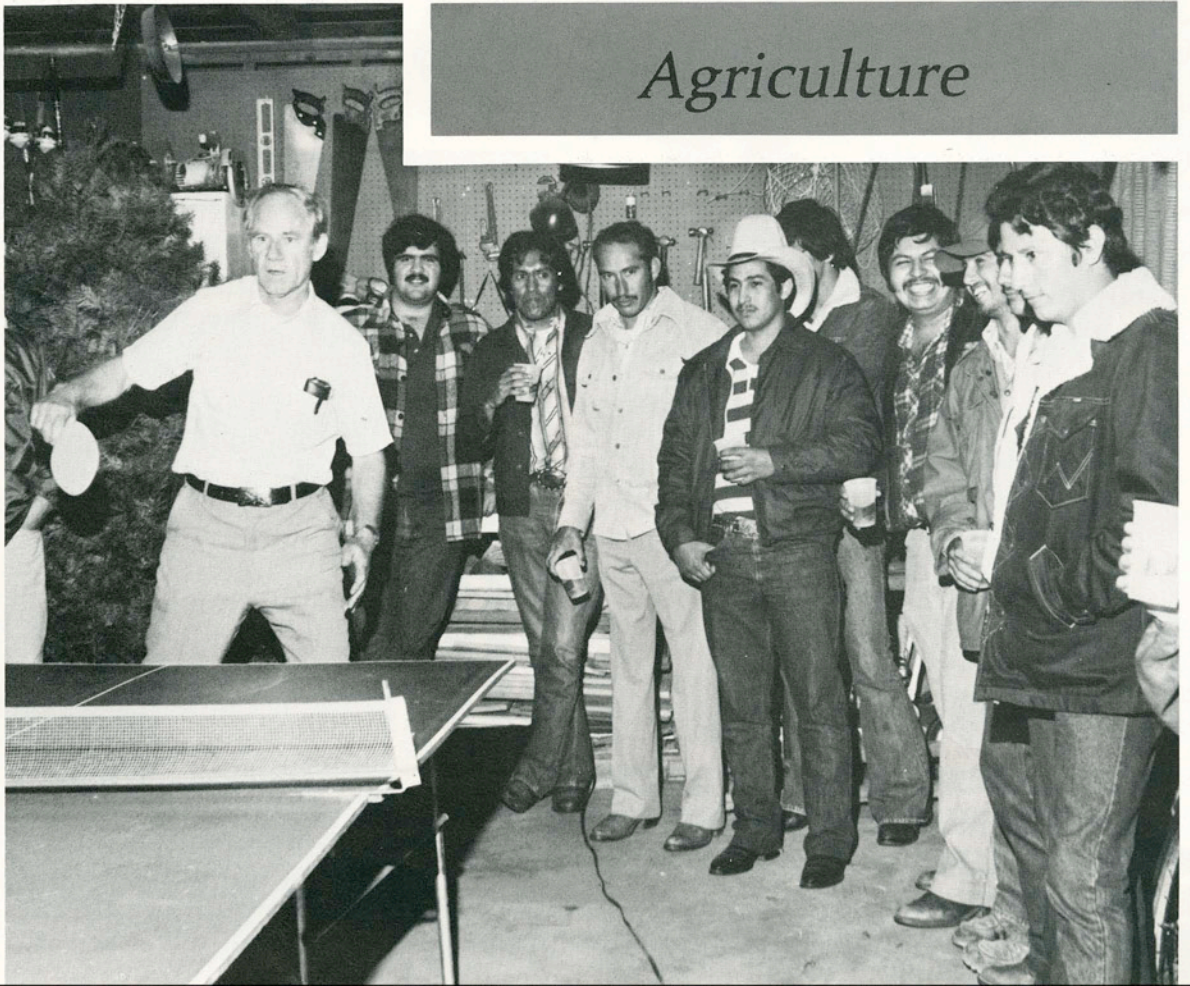

*Fields of
Study*

Agriculture

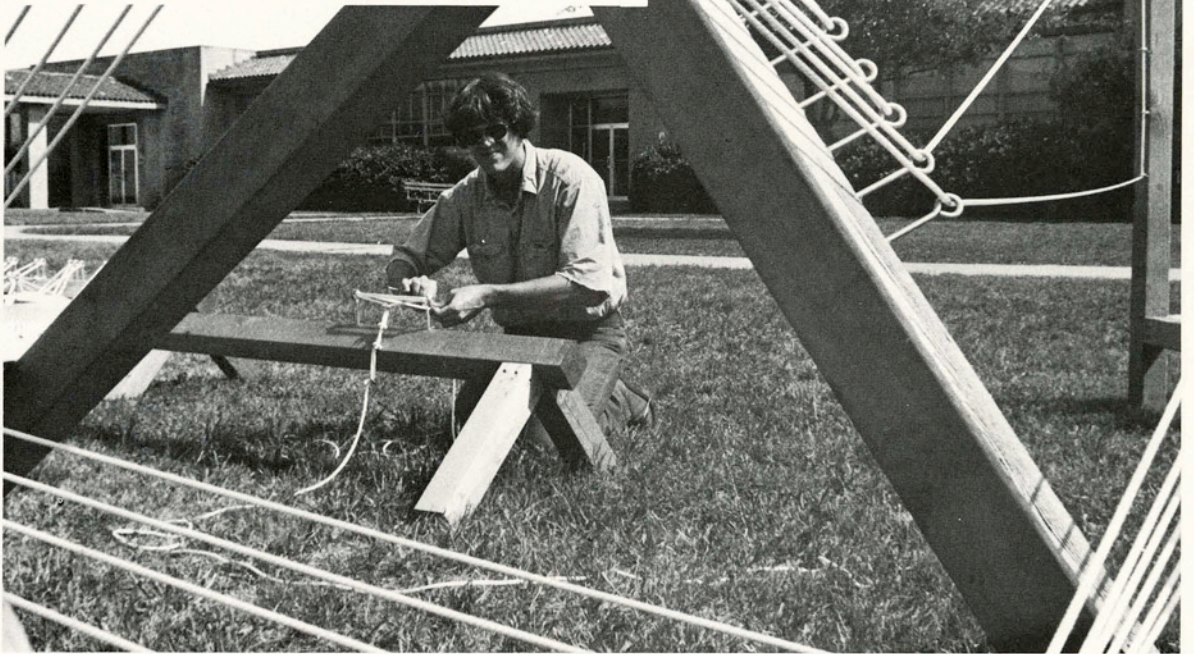

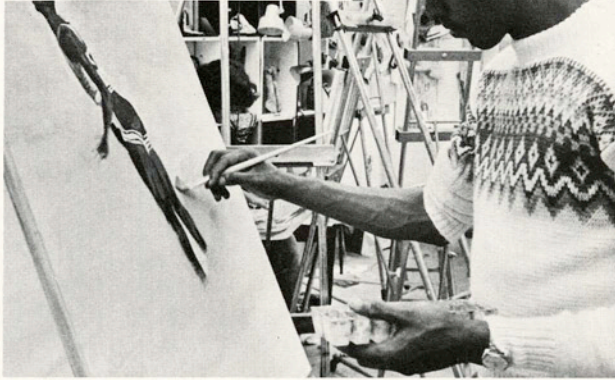

The college of agriculture is dedicated to the education and training of students for careers in agriculture production, science and industry. At present there are 287 students enrolled in the agriculture department.

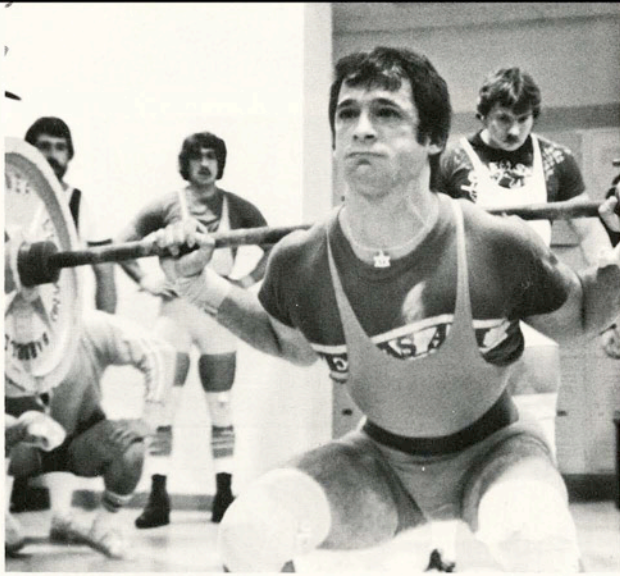

The agriculture department is starting new Western Horsemanship classes. This semester was the first such class and it is available to all students. The agriculture departments are unique and interesting.

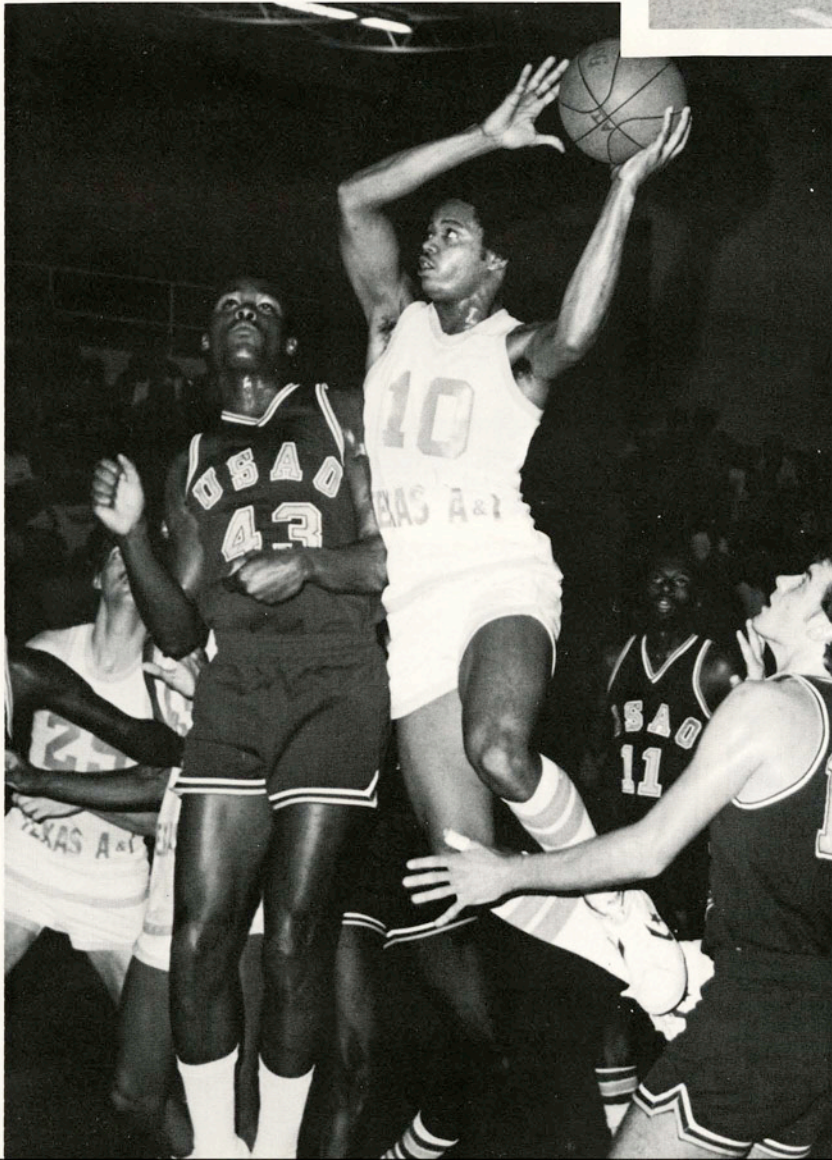

Art

The art department is lively and refreshing. It offers students a chance to exhibit their talents. At A&I there are 86 art majors and over 70 students who take art as an elective. Taking art as an elective allows for the students to release and forget about their pressures.

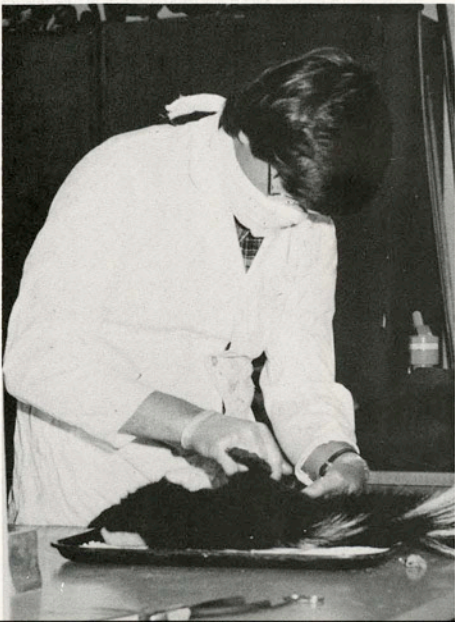

Athletics

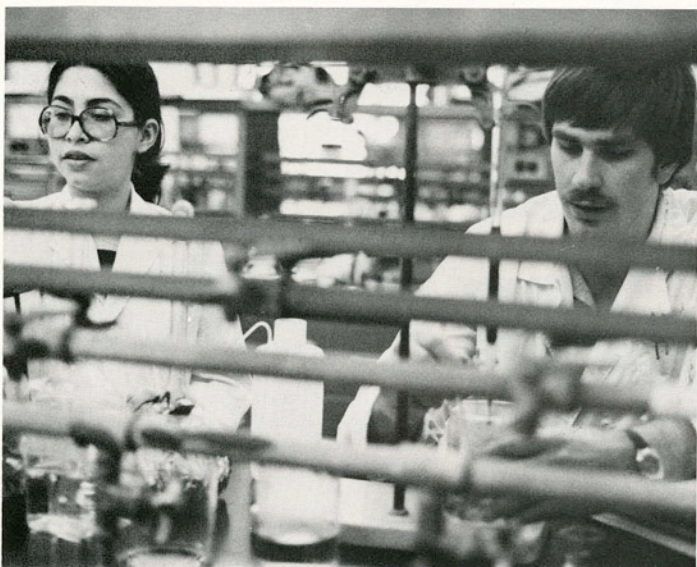

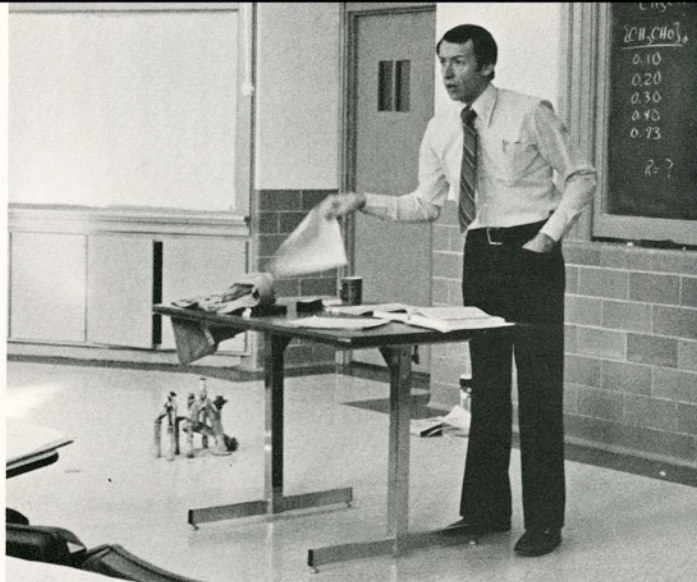

The athletics department at A&I has always been at the top. Superior athletes and one-to-one coaching account for all the success. A&I spirit is always behind the Javelinas win or lose.

Biology

The biology department is composed of 700 enthusiastic students. A good portion of which are directly involved in such events as milking rattlesnakes and dissecting mammals. If you ever have a free afternoon off, there is always something interesting happening.

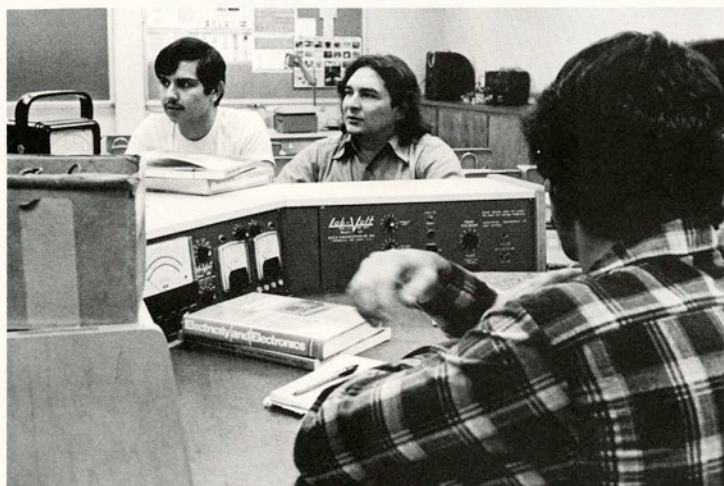

Chemistry

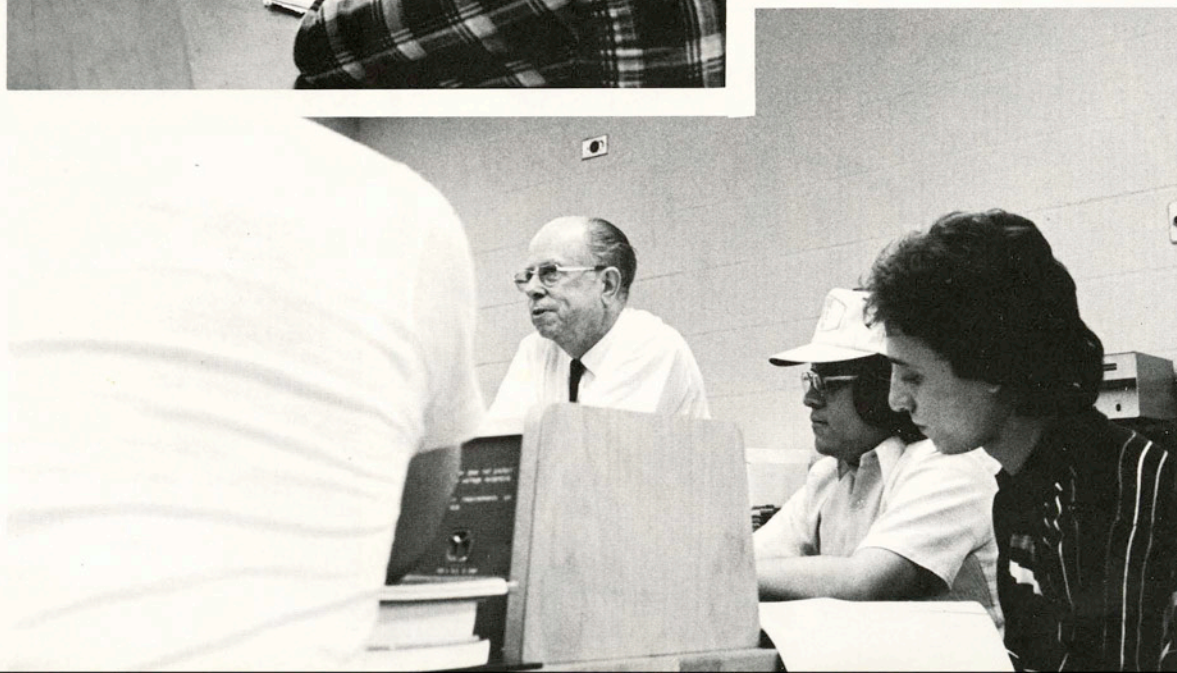

The aim of the chemistry department is three-fold: (1) To provide certain service courses for other departments whose subject matter is based, in part, on the fundamentals of chemistry; (2) to provide a cultural background for those who are interested in science and desire the B.S. or B.A. degree but do not expect to become professional chemists; (3) to provide proper training for those who wish to become professional chemists and work in industry.

Chem & NGE Engineering

The engineering department is one of the best around. The department offers the most complete and extensive courses. Here at A&I, the students who graduate with a degree in chemical or natural gas engineering are at the top of the lists.

CE & ME Engineering

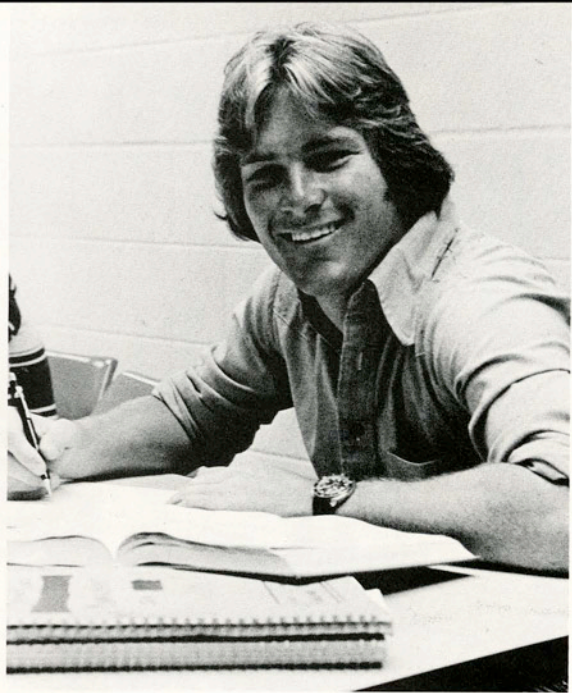

This phase of the engineering department has 289 undergraduates and 22 graduates enrolled. These students have the opportunity of working with the \$40,000 of new sanitary and power engineering equipment. This is a very unique and challenging department.

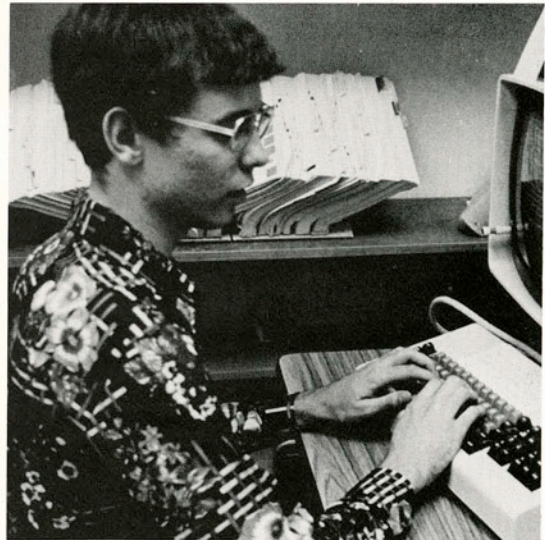

Economics

E.D.P. & Accounting

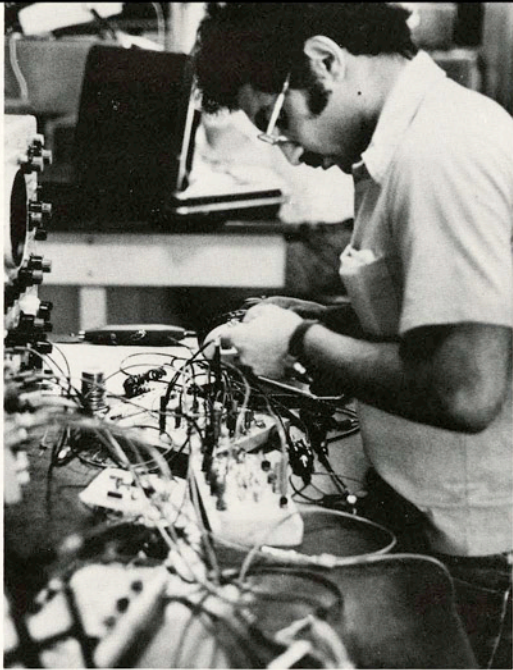

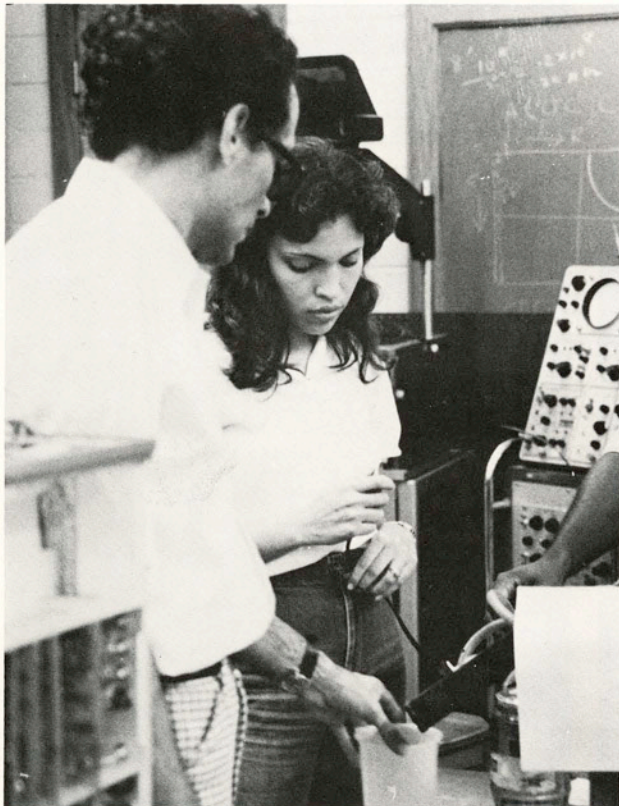

Education

Over 2600 students were involved in some type of education course. It seems that with experienced instructors and responsible students, together they create a great department.

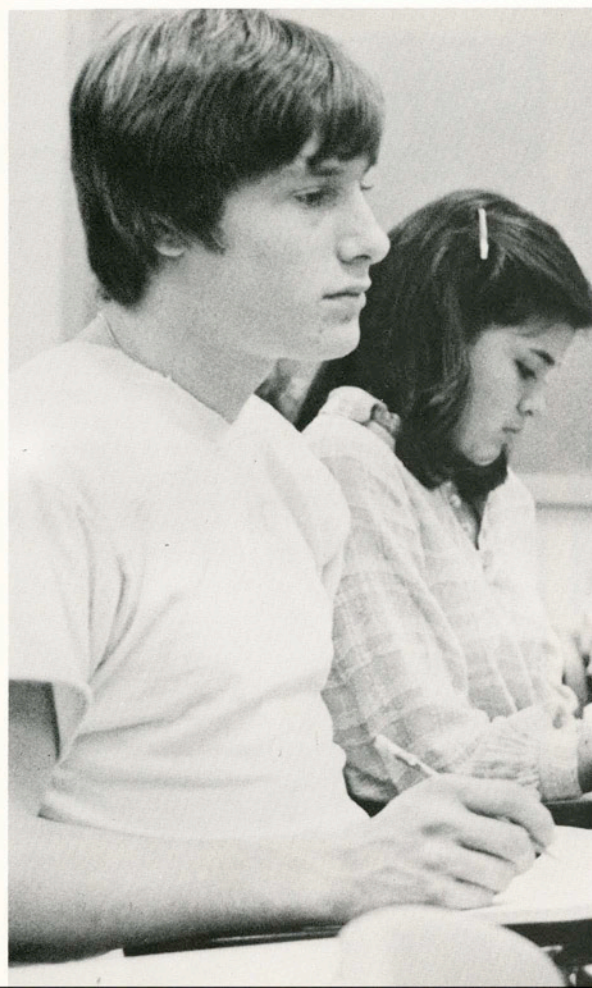

Electrical Engineering

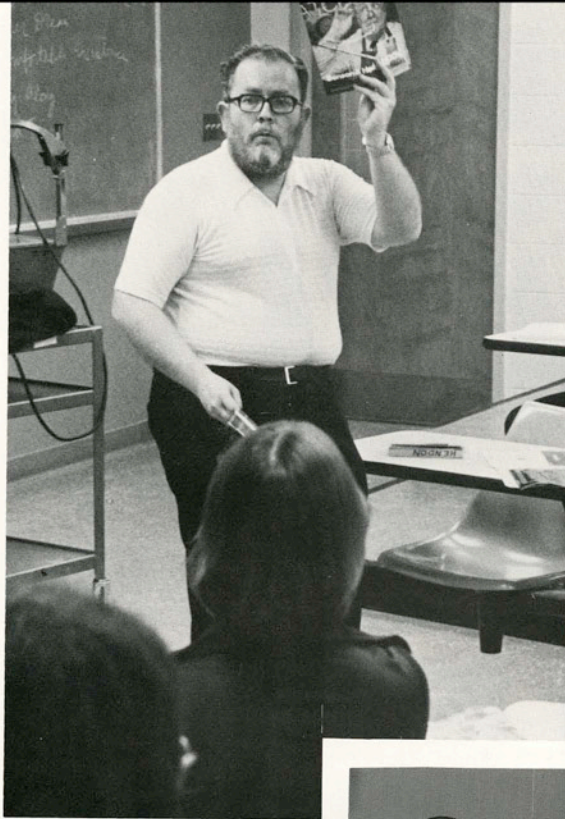

The course of undergraduate instruction continues through four years of two semesters each. Emphasis is placed upon fundamentals and upon the humanities. An endeavor is made to impart a thorough grounding in mathematics, chemistry, and physics and at the same time give the students a general background in humanities and social sciences. The strictly engineering courses are designed to present general problems of design and operation of the different branches of engineering.

English

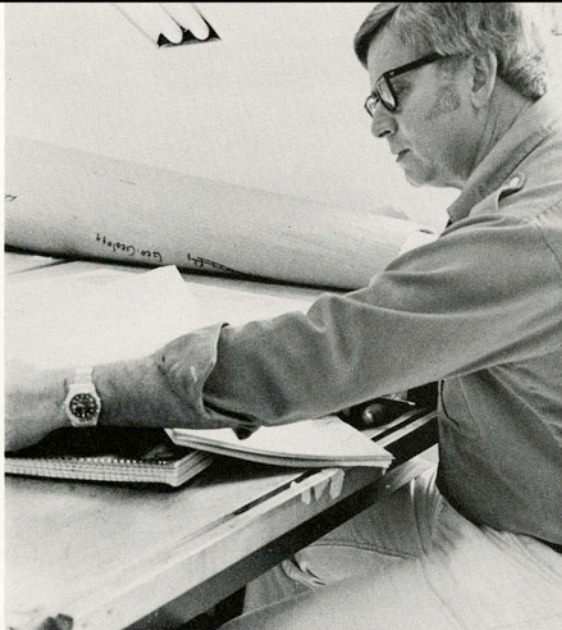

Every student on campus, at one time or another, is enrolled in several semester hours of English. For the average student, its long, eye-straining hours of reading. When it's all over and you turn in your final exam, it is a great feeling to know that one more semester of English has passed.

General Business

This department consists of 250 enthusiastic students. All of the students are enrolled for the purpose of mastering some form of a business operation. The experienced teachers and open-minded students create a great learning environment.

Geology Geography

In keeping with the overall objectives of the University offerings in geography and geology are more specifically planned to meet the needs of:

Those wishing an introduction to geography or desiring to major or minor in geography for cultural purpose.

Those who plan training toward a career in geographic teaching and research.

Those who plan a career with future service in governmental military, or private organizations.

Those wishing to major or minor in geology.

Those pursuing a teaching career in earth science.

H.P.E.

H.P.E. is always the most relaxing class of the day. It allows the students to shrug all their frustrations that have accumulated through the day. Take advantage of H.P.E. and feel better tomorrow.

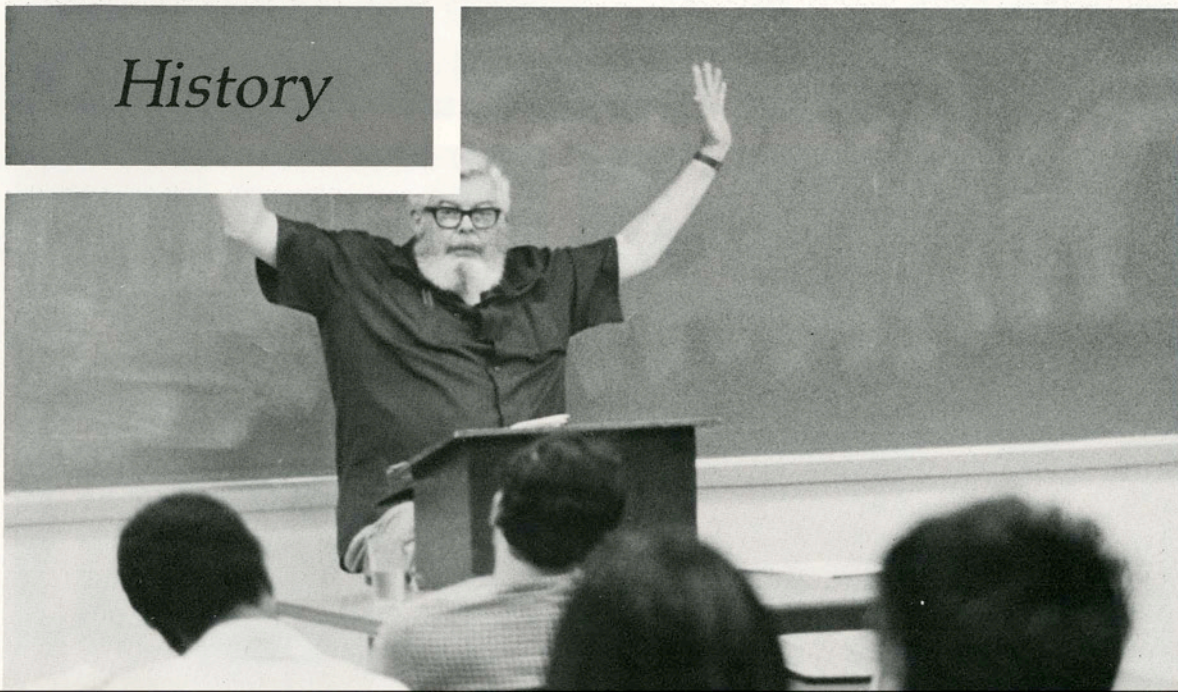

Did you ever want to know what happened on October 21, 1937? The history department with their depth in teachers will always be able to handle any such questions.

History

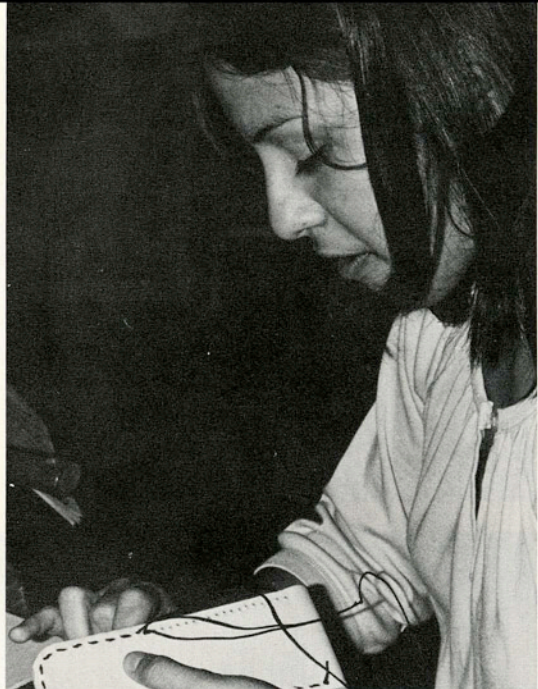

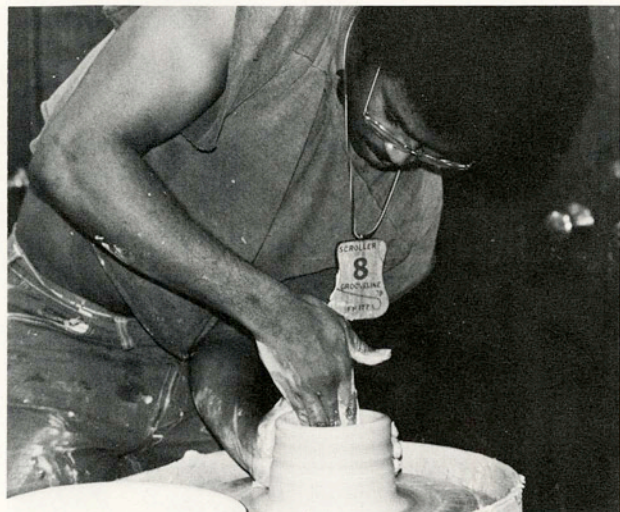

Home Economics

The Department of Home Economics provides opportunities for integrating experiences in the arts and sciences which are planned to assist in the development of the individuals as persons, as family members, and as world citizens. Fields of study include child development and family relationships, clothing, textiles and related arts, food science and nutrition, housing, home-management and family economics, and home economics education.

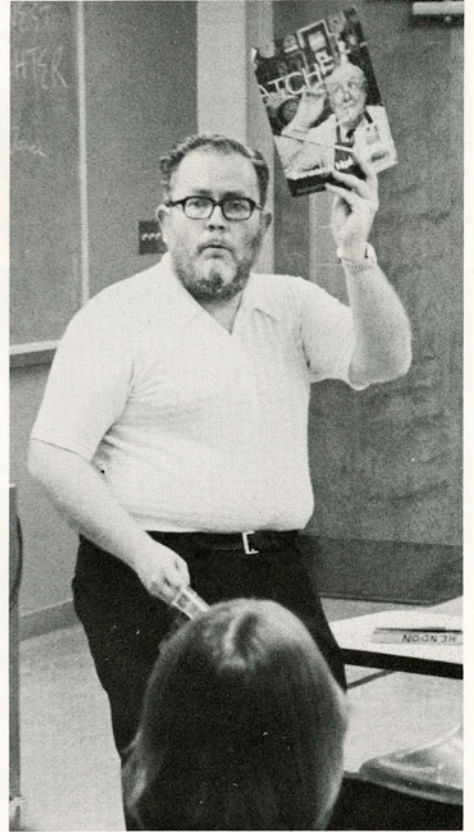

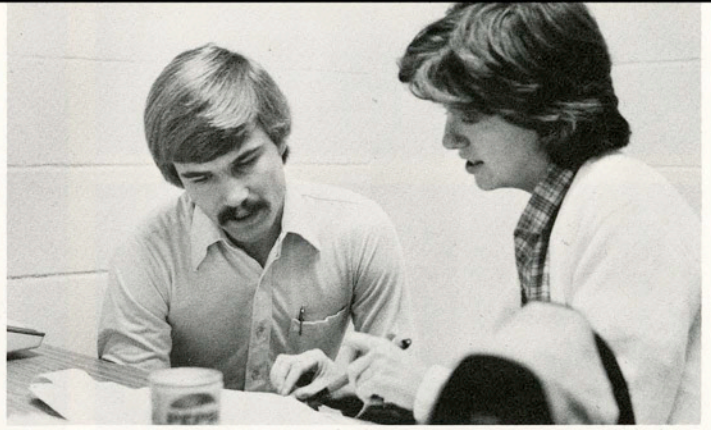

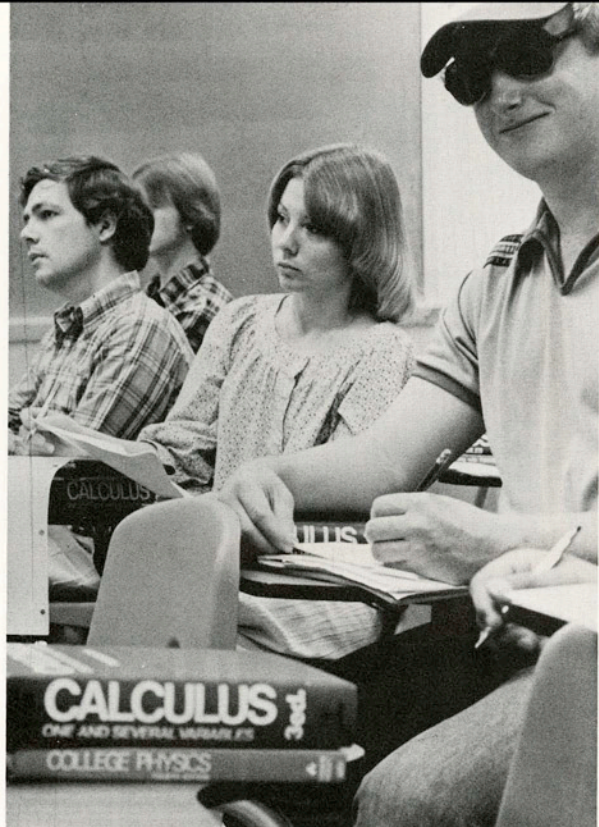

Industrial Arts

Try your skills sometime, or maybe pick up a new hobby. The industrial arts department is full of creative minds and new surprises.

*Management
&
Marketing*

Math

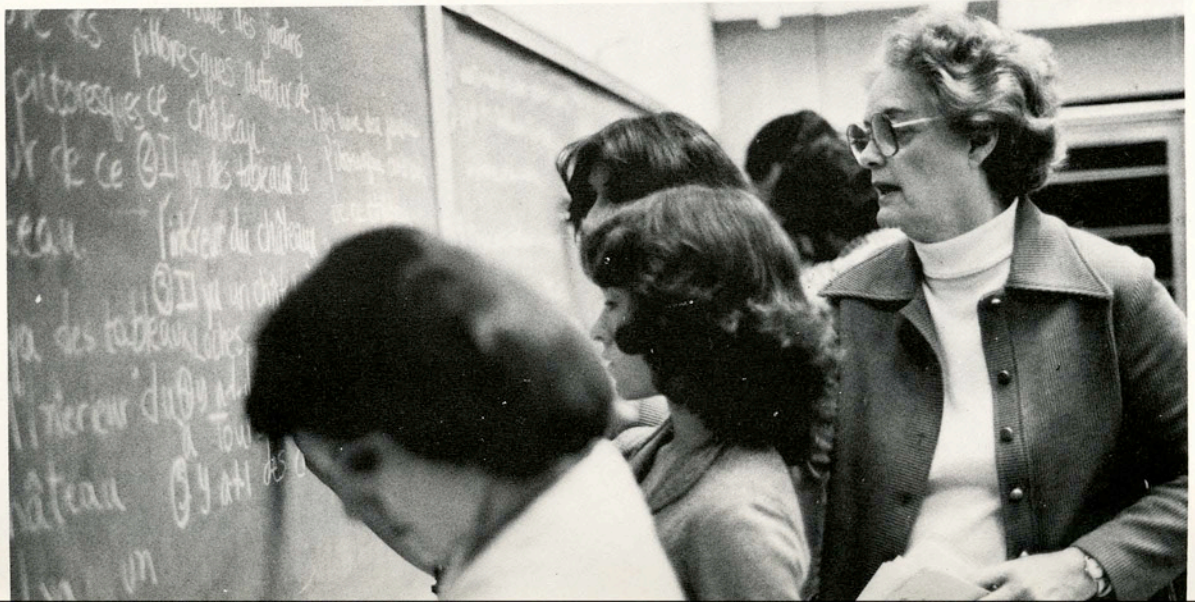

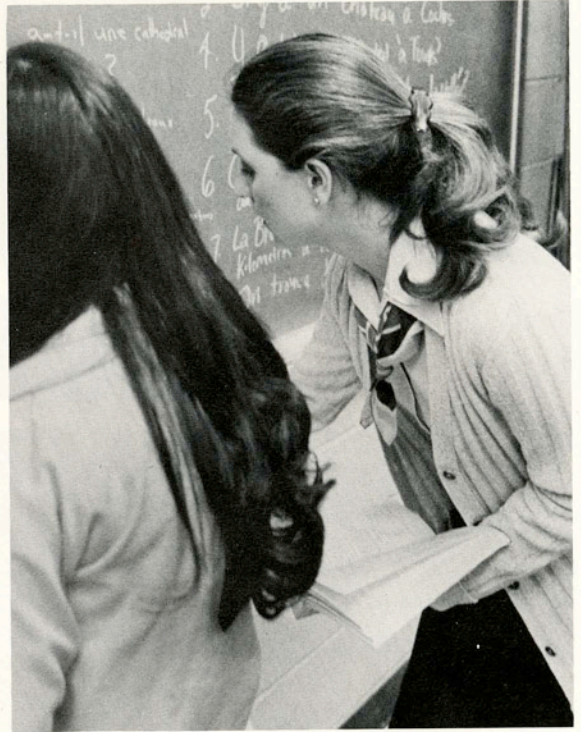

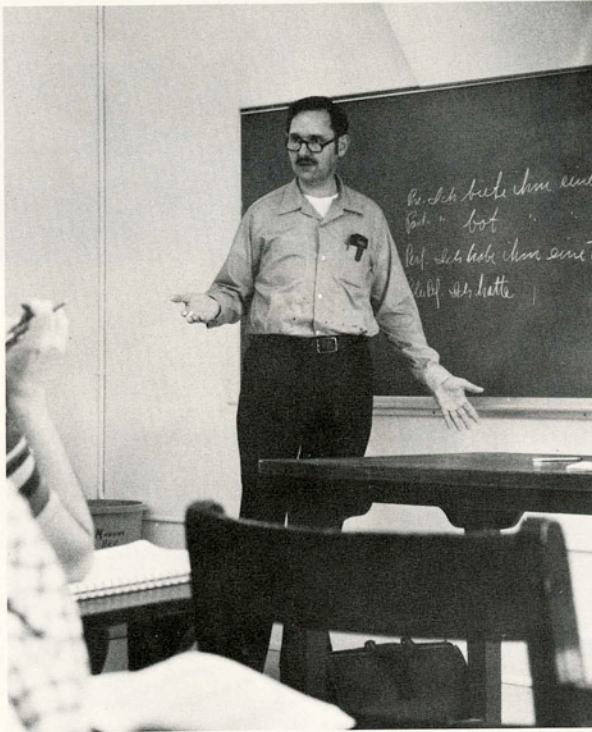

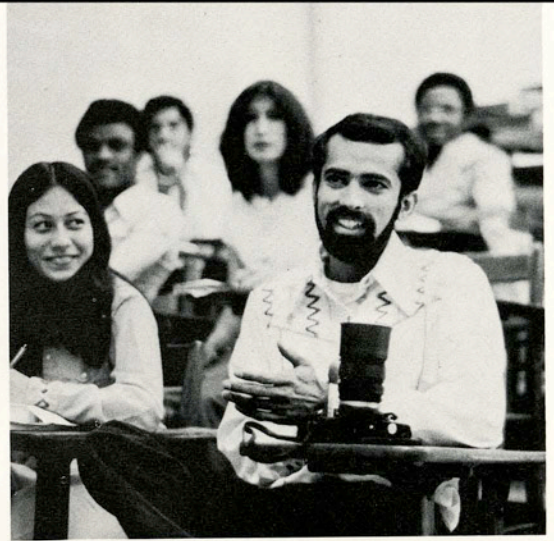

The requirements of six semester hours in mathematics for the degree of Bachelor of Arts may be satisfied by any two of the following: Mathematics 101, 103, 105, 108, 116 or 117.

Students are allowed to register for freshman mathematics courses appropriate to their high school mathematics preparations and/or entrance examination scores as determined by the Mathematics Department.

Modern Languages

The aims of this department are; to help students develop as much as possible the four fundamental skills of listening, speaking, reading and writing; to acquaint students with the civilization of the language studied; to provide the opportunity of specialization for those who plan to major in the field, to teach or pursue graduate studies.

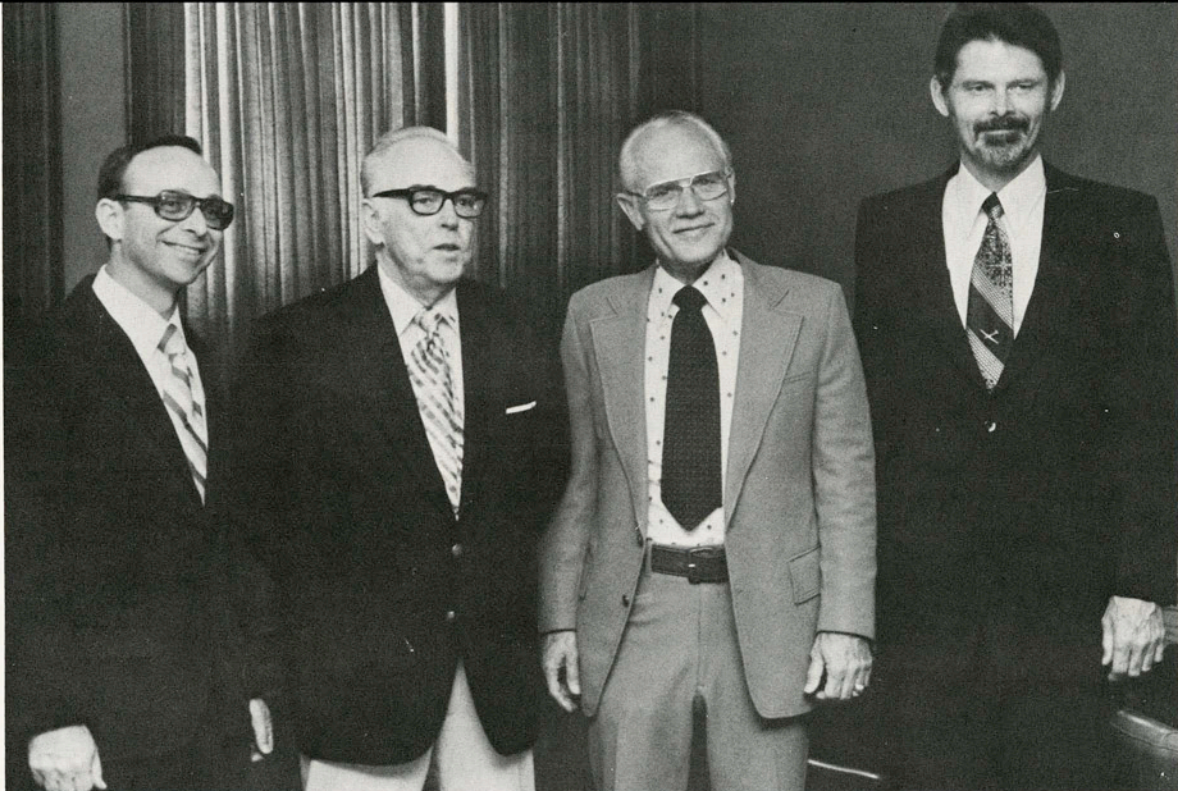

Music

The Music Department exists to serve three purposes: provide training for qualified students for the music profession; supply an area of artistic enrichment for non-music majors; create a genuine musical influence on the entire university family.

All students majoring in Music will at the same time be given the opportunity of establishing a broad background in liberal arts so that undergraduate training will promote not only professional competency but also intellectual maturity.

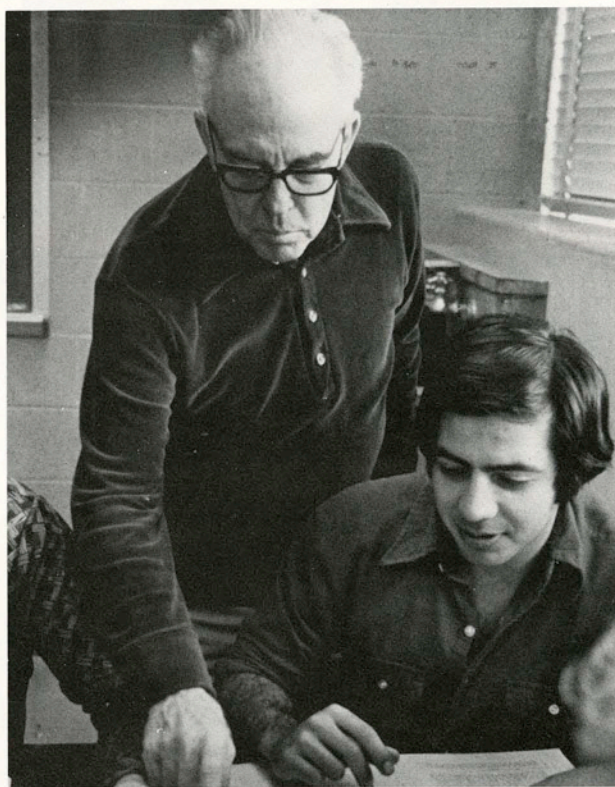

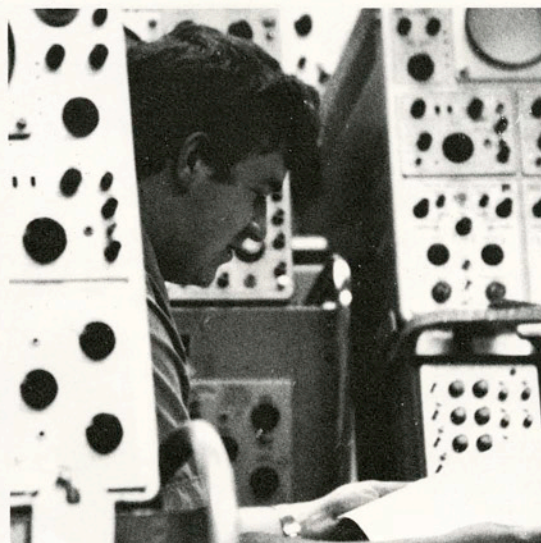

Sidney Burgin Dunn, second from left, has devoted 22 years of service to Texas A&I students.

For physics majors or minors, the aims of the department are; (1) to prepare students for graduate work; (2) offer a well balanced program through the master's degree; (3) prepare students to compete with graduates from other institutions for industrial and/or governmental positions and; (4) prepare those students wishing to go into the teaching field.

It is the department intention to enlighten the students with some of the basic physical realities of our universe and to install in him an appreciation for the methods and techniques of the physical scientist.

Physics

Political Science

New courses that have been added to our department are; P.S. 421, Politics and the Common Man and P.S. 421 "Supreme Court in the 19th Century" and interdisciplinary courses taught in cooperation with the English, History and Philosophy departments. The clubs this department sponsors are; Political Science Association, and International Relations. The department also has a charter membership in the newly formed Southwest Pre-Law Advisors Association, to aid persons contemplating a legal or law-related career.

This department offers a major in Psychology and a major in Sociology. A Social Service Sequence, requiring forty semester hours in Sociology is available. The Social Service Sequence, in addition to the required courses for a major in Sociology includes; 213, 342, 343, 345, 346, 307, 417, 416, 426 plus three semester hours of specialization chosen from 216, 301, 312, 315, 316, 321, 411, 414, 456. Psychology 101, 102, 204, 302, 303, 305, and 316 are also required.

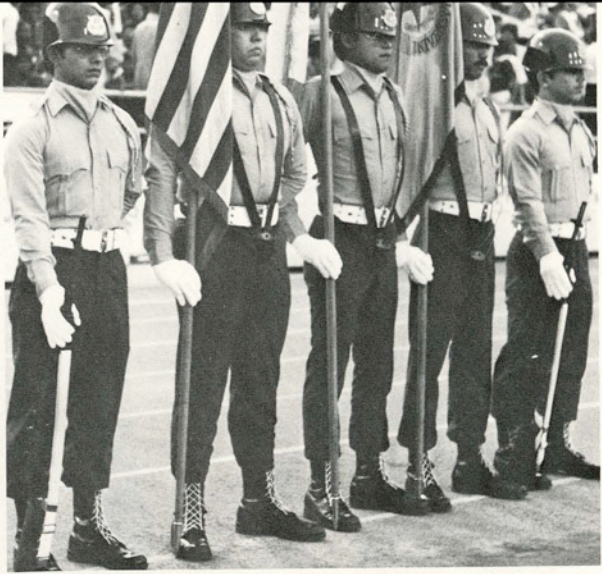

Psychology

Sociology

Military Science

The Department of Military Science offers a four year General Military curriculum to prepare and qualify students for commissioning as Second Lieutenants in the United States Army Reserve. Military Science stresses fundamentals in the military arts, and provides practical training in leadership, discipline, poise, courtesy, and self-confidence. The training is designed to prepare men and women for positions of leadership in civilian as well as in military life.

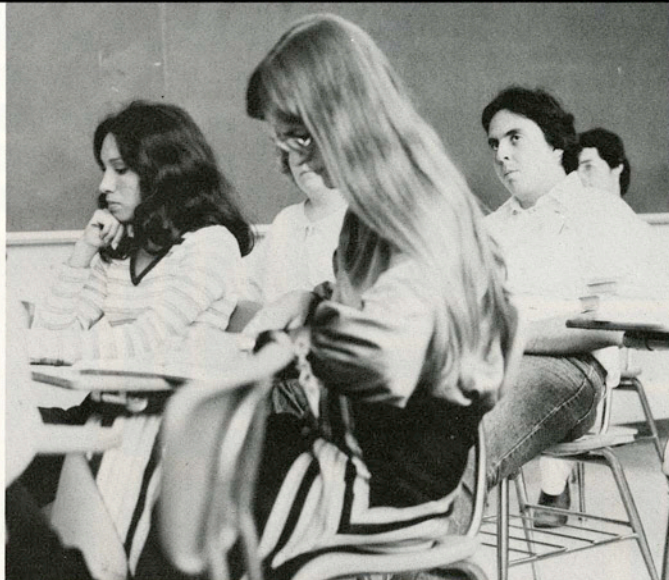

*Theatrical
Arts*

Journalism

Dr. Herring is seen lecturing on the aspects of journalism.

Students listen attentively to their instructor.

The Journalism faculty provides instruction for journalism majors in the College of Arts and Sciences and the College of Teacher Education. In the arts and sciences program, the aim is to prepare a student for professional journalistic work with newspapers or other mass media. In the teacher education program, a student prepares for teaching journalism and one other major subject on the high school level.

For the degree of Bachelor of Arts with a major in journalism, a student must have 24 semester hours of journalism, at least 12 of which are advanced work. Specifically required journalism courses for the B.A. degree are 101, 217 and 221. Students are also urged to take 310, 401 and 417.

Instruction for the degree of Bachelor of Science in Secondary Education with one of two specializations in journalism is carried on in cooperation with the Department of Education. In this degree program, a student must have 24 semester hours of journalism and an appropriate number of hours in a second teaching field. Specifically required courses for this degree are 101, 217 and 221. Well-equipped laboratories will enable students to develop skill in journalistic writing through constant practice.

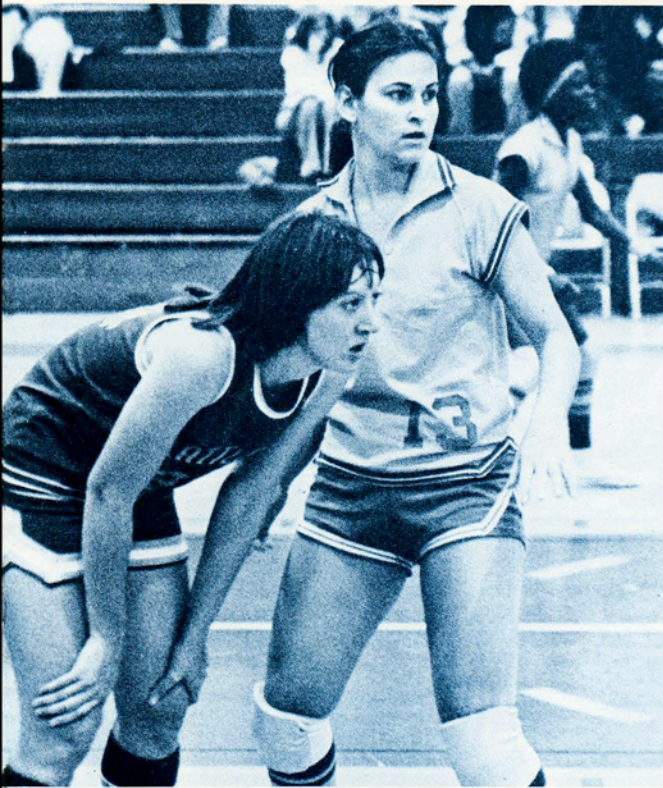

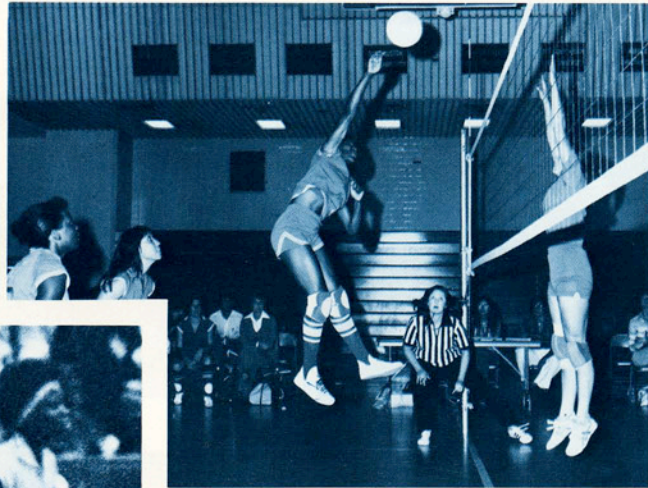

Two South Texas reporters are seen preparing the sports page.

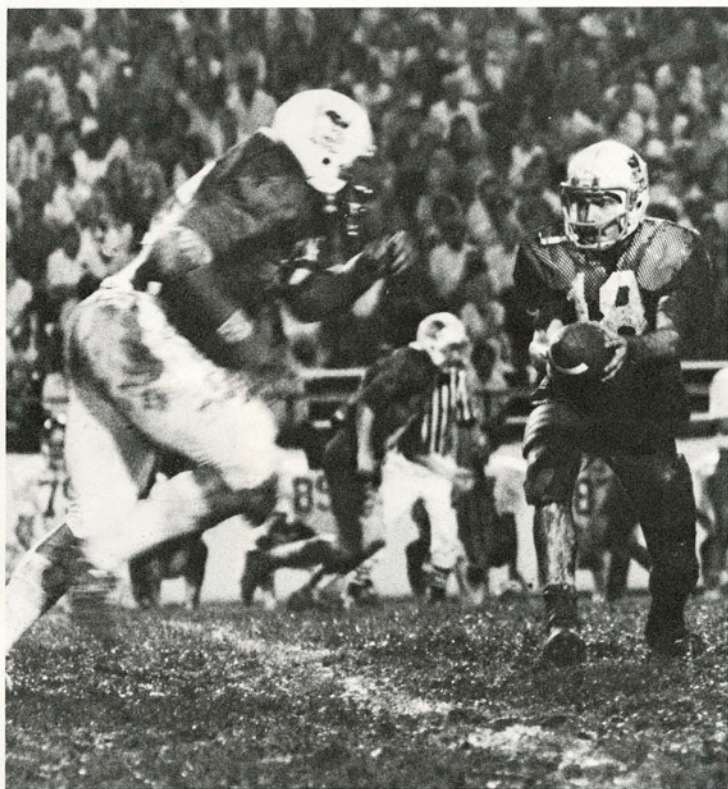

The El Rancho Staff get a few pointers from Charlie Whites.

Turner Takes NAIA and Most Valuable Player Awards

Ed Turner, a sophomore forward, made the NAIA All American second team and was named the most valuable player in the Lone Star Conference. He is the first A&I player to ever receive the Conference Honor, and he is the first Javalina to place high on an All American team in over a decade.

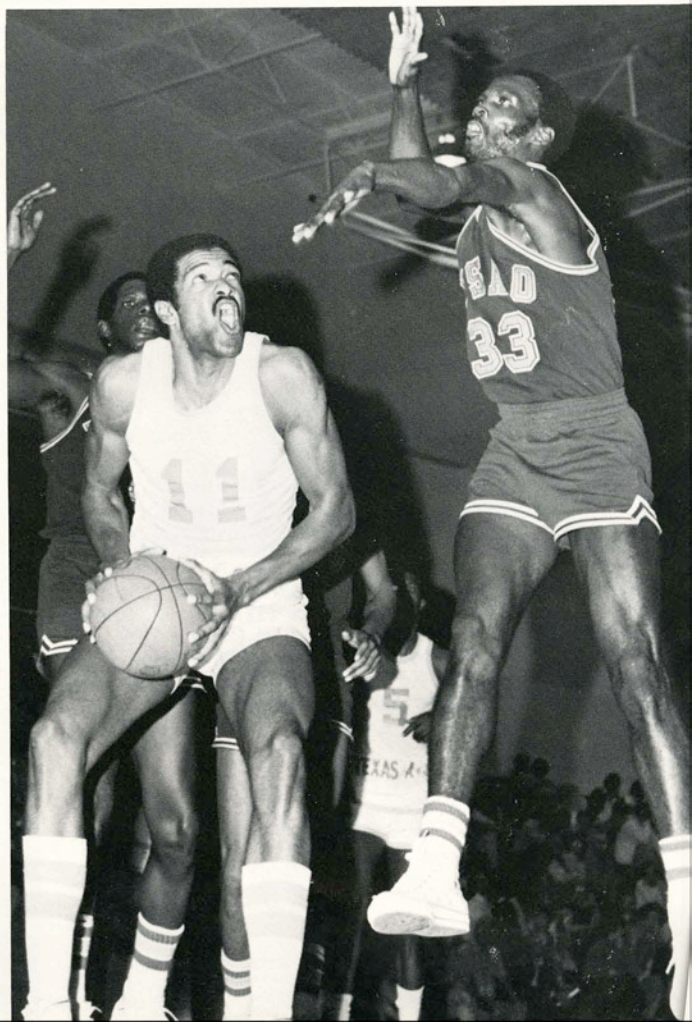

Turner averaged 22.9 points and 13.8 rebounds a game, allowing him to lead the LSC in both categories. He has become the fifth player in history to sweep the top two individual categories in the league statistics.

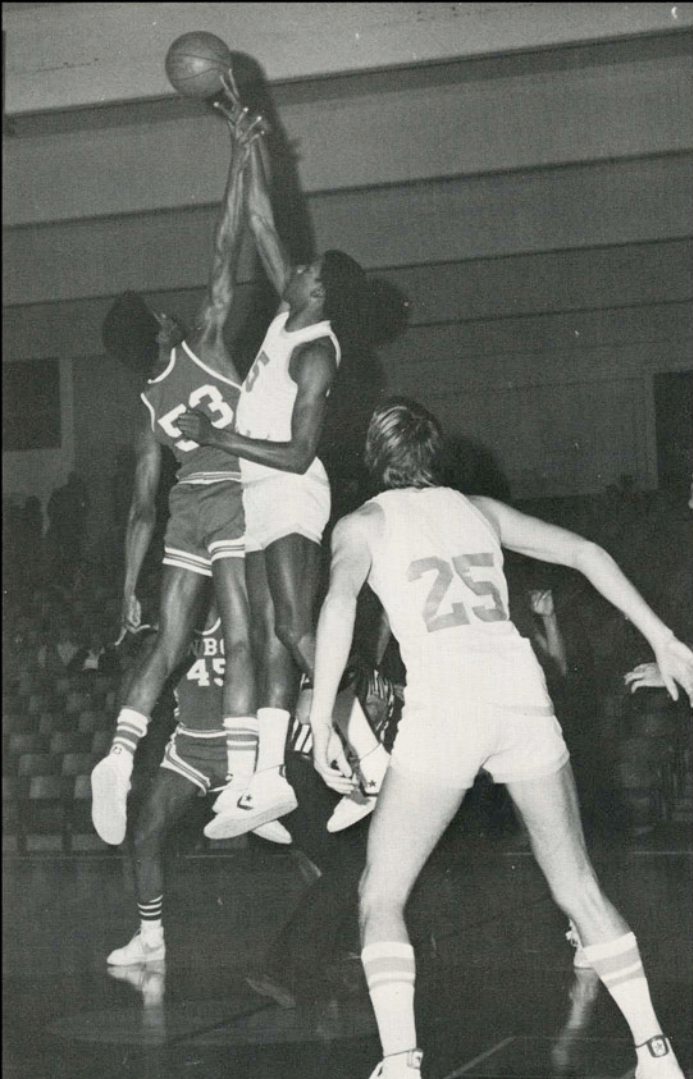

A&I opened its basketball season with a 77-69 victory over the Finland National Team. In non-conference games, the Javelinas defeated Big State Conference Champions St. Mary's University, Bishop, University of Sciences and Arts of Oklahoma, Texas Lutheran, Wisconsin-EauClaire, Central Arkansas, and Wayland Baptist.

In conference play, the Javelinas lost their 10 games by close margins.

Four of the A&I players averaged in double figures. In addition to Turner, center Eric Staten had a 12.9 average; Kinzer had a 12.5 norm and guard Mike Escalante averaged 11.3 points a game.

The young Javelina Men's Basketball Team compiled a 13-13 record in 1978-1979, and they produced one of the top college division individuals in the nation. The squad finished fifth in the Lone Star Conference standings with a starting lineup that included all underclassmen much of the year. All in all, it wasn't a bad year.

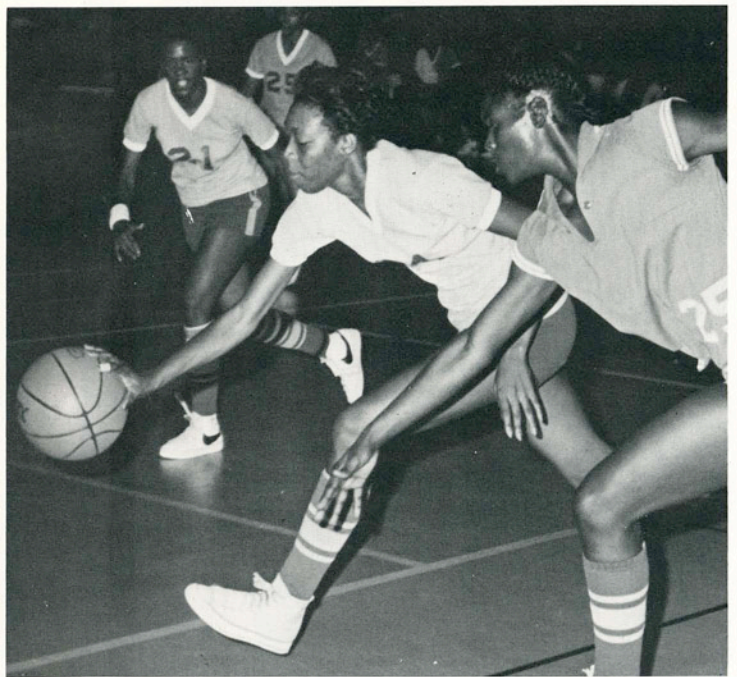

Basketball Scores

A&I — OPP

77 — 69	Finland National Team
99 — 86	St. Mary's University
83 — 89	St. Mary's University
93 — 72	Bishop
86 — 61	Sciences & Arts (Okla.)
93 — 60	Central Arkansas
86 — 89	Dallas Baptist
88 — 74	Wayland Baptist
77 — 79	Bishop

Women's Team*

Seated: Kathy Knape, Claire, Trudy Baker, Donna Williams, Jolene Walker, Theresa Leigh.
Standing: Mike Webb — trainer, LaShaundra Caesar, Joan Urbis, Alicia Tipton, Coach Nita Fisher.

Freshman Lead a Strong Team

Texas A&I center Altanette Denley broke most of the single game and season records for the Javelinas Women's Team in 1978-1979.

The freshman girl averaged 18.5 points and 22.1 rebounds a game.

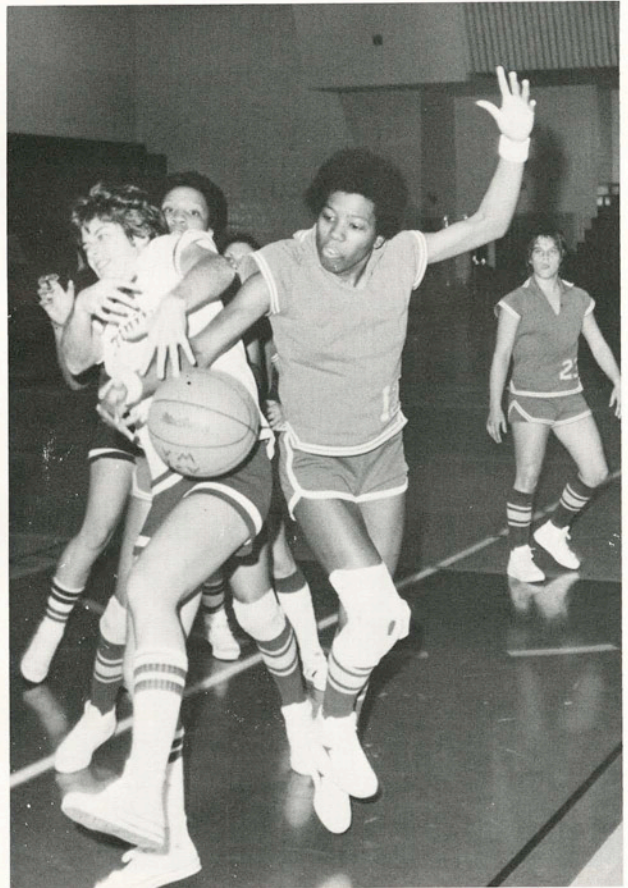

Coach Nita Fisher had a lineup comprised mainly of freshman and sophomores, and it was another freshman who held the second highest scoring rank. Jolene Walker averaged 9.7 points a game.

Victories came over Texas Lutheran (three times), St. Mary's (twice), Pan American (twice), and Prarie View.

The 19 losses came by an average of less than seven points a game.

Denley held the single game high with 28 points scored against Texas Lutheran. Pam Zanders had the highest rebound total in a game with 22 against Southwest Texas.

One of the highlights of the season was a fourth place finish in the 12-team South Texas Women's Classic, played at A&I in December. The Javelinas finished with an 8-19 record.

Women's Track

*Texas A&I
Women's
Track Team*

Seated, Left to Right: Claire Ritchie, Jolene Walker, Lorna Ohlemacher, Sandra Jones, Willia Mae Scott, Rose Jones. Standing: Coach Nita Fisher, Diane Barrerra, Cathy Huey, Marcie Hoelscher, Debra Hoser, Brigid O'Brien, Coach Judy Merta.

Exciting Season for Women's Track

One field event was broken; three relay marks in yards were erased, and most of the meter records were established by the women's track and field team this spring.

Altanette Denly broke the long jump record with a 17'8" jump. The 440-yard and 880-yard medleys, along with the mile relay records, were broken. Alicia Tipton, Rose Jones, Genevia Faison, and Altanette Denley ran on the 440-yard and 880-yard teams. Mary Hoelscher, Debra Hoser, Cathy Huey, and Linda King ran on the mile relay unit.

Huey broke the 100-meter hurdle record with a best of 15.43. Meter records established were the 200-meter dash by Jones in 26.55, the 400-meter dash by Jones in 60.55, the 800-meter run by Willie Mae Scott in 2:14.24, the 1500-meter run by Brigid O'Brien in 5:22.79, the 3000-meter run by Diana Barrera in 13:45.09, the 5000-meter run by O'Brien in 22:22.65, as well as the 400-meter relay in 47.77, the 800-meter relay in 1:49.9, and the 800-meter medley relay in 1:51.7.

Jones took her second consecutive scoring title with 79 points this year. The Javelinas won the championship in their own collegiate meet in February. The 440-yard and 880-yard medley teams qualified for the TAIAW State meet which was hosted by the Javelinas last spring.

Men's Track

Five Records Broken

Five school records were broken; another was equalled, and two others were established by the Texas A&I Men's track and field team this spring.

Ronnie Huddleston, freshman from Clyde, broke the 200-meter dash record with a 21.94 time in the Mexico Relays in Mexico City.

Stefan Gay, freshman from Seguin, had a 1:53.37 time in the 880-meter run for a record, and Danny Morales, freshman from Corpus Christi, had a time of 3:58.34 in the 1500 meter run for a record. The 1600-meter relay broke the school standard with a 3:16.36. Running on the team were Stefan Gay, Ronnie Huddleston, Brian Williams, and Raymond Waddy.

Armand Mouttet, freshman from Gregory-Portland, tied the school mark in the high jump by clearing 6'8" twice.

New marks were established in the 1600-meter relay (3:29.2) and in the distance medley relay (10:02.9).

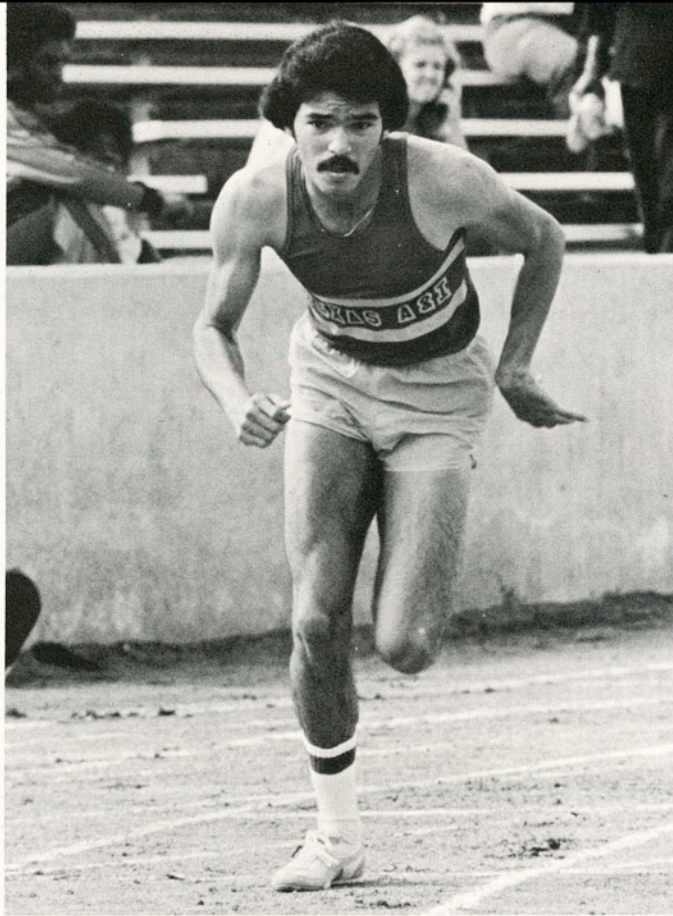

Randy Reina, freshman from San Antonio Jay, won the Lone Star Conference 5000-meter run with a record time of 15:15.9.

Ruben Flores, sophomore from Corpus Christi, won the marathon in the prestigious Texas Relays in Austin.

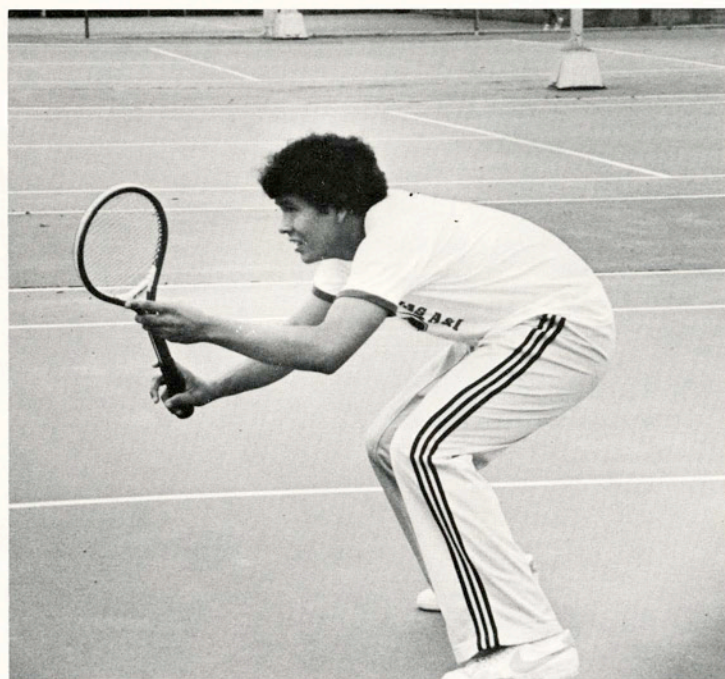

The Javelinas participated in meets throughout the state and also ran in the Mexico Relays in Mexico City as well as indoors at the Oklahoma Classic in Oklahoma City.

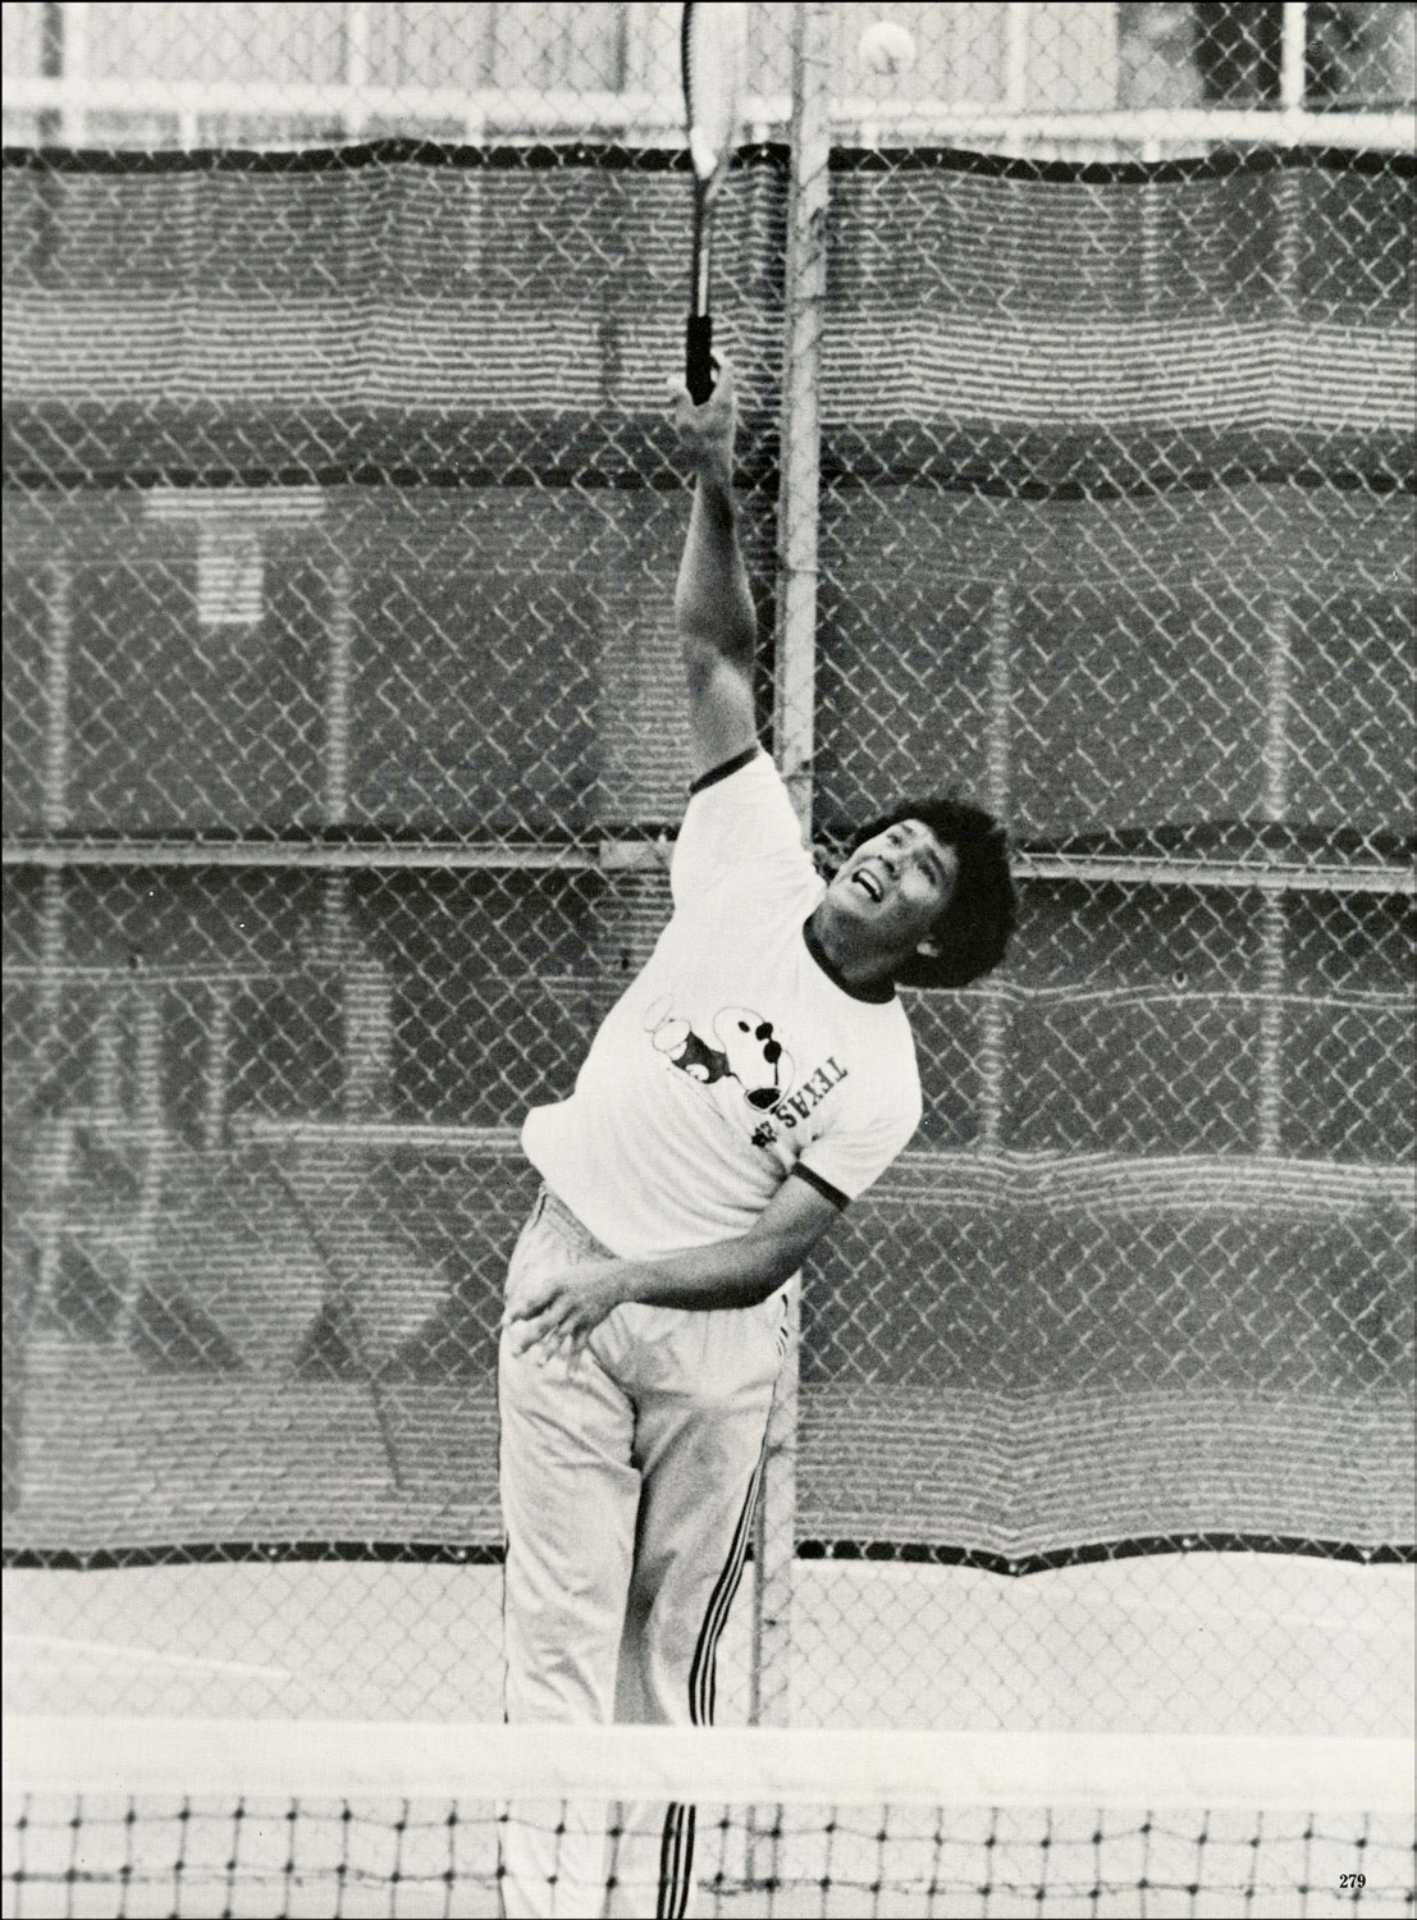

Mouttet took the season scoring title with 129-1/3 points.

Editor's Closing

While writing my thoughts on this final page, I cannot help but wonder about the experience I have gone through in compiling this yearbook.

Serving as the El Rancho Editor for 1978-1979 has meant a great deal of work. It has meant working under constant pressure, worrying about problems that always arose, and working late at nights. Throughout the year I've had my share of countless sleepless nights and of trying to attend my classes the following mornings.

Despite all the hard work encountered, I have also enjoyed my job. Being Editor proved to be very beneficial as I had the opportunity to learn more than the fundamentals of producing a yearbook, and I also learned to be a teacher, an administrator, and a guidance counselor.

When I first took office early in October, I had very little experience, and I lacked the proper knowledge to produce a yearbook. My main concern after taking office was to acquaint myself with my job and responsibilities. It was my responsibility to guide and direct my staff to the work that lay ahead, and this came to be a challenge on my part.

The El Rancho goals were set in producing an award winning yearbook, but as time went on, things started to fall apart. Most of the problems the El Rancho encountered this year were due to staff difficulties. Even though we met various difficulties along the way, the rest of the staff held together and tried very hard to produce a yearbook that would be appealing to the students of this university.

As a Senior, I would like to thank my staff (those who have stuck with me) for their part in the production of the El Rancho. I will not list the names of these people because they are my friends, and they know who they are. Also, I would like to thank the following people for their help.

Bob Allen — Photographic Center

Fred Nuesch — News Service Center

Charlie Whites — Taylor Publishing Company Representative

Dr. James H. Herring — Student Publications Advisor

In closing, I am grateful to the people of this university for having afforded me this privilege and would like to wish Mark Leyton much success in the production of the 1980 El Rancho.

Jaime Mercado
