GARDEN SPOT OF THE MONTH-Suzie Killion at 502 E. Kenedy has a well manicured yard, with six live oak trees all decorated with a variety of flowers and shrubs. The yard is decorated with angel yard ornaments and wind chimes.

Kingsville Record, Mar. 24, 2002

Friday 3-22-02

Dear Polly,

Just got your pretty
card and pictures a while
ago. Thanks for being
so thoughtful.

Please stop by some-
time soon and I'll show
you our house. I wanted
to ask you to come in on
Tuesday, but that's the day
the cleaning girl comes and
I hadn't made the beds.

I really enjoyed your
visit.

Thank you,
Susie Killion

GARDEN SPOT OF THE MONTH — The Kingsville Garden Club selects Larry and Judy De La Garza's yard for honors as Yard of the Month. The De La Garzas have lived at 524 E. Lee for 22 years and both enjoy working in the yard — even in the moonlight. The front yard is full of roses, crepe myrtles, blue plumbago, hibiscus, confederate jasmine and foxtail fern. The back yard has, a small garden of tomatoes, a lemon tree and a 14-foot-tall yucca plant that is more than 20 years old.

GARDEN SPOTLIGHT—The Kingsville Garden Club announces the yard of Ken and Lisa May as its selection for the Garden Spot of the Month for May. The Mays have landscaped their yard at 1142 W. Lee with native plants, which include lantana, ceniza, Mexican heather, mesquite trees, petunias, blue salvia, bougainvillea. They also have verbena in flower beds and baskets of begonias hanging from the porch. In the back yard is a pond and fountain with water lilies.
