The October Garden Spot of the Month belongs to George and Velma Delgado at 915 East Caesar. The neatly trimmed and colorful yard is filled with many tropical plants including hibiscus, ixora, palms, crepe myrtle, lantana and bougainvillea. Many flowering plants and trees also are included in the landscape: bottlebrush tree, camillia, Indian hawthorns, oleanders, periwinkles and rose bushes just to name a few. The Delgado's enjoy working in their yard and have spent the last 3 years getting the yard into shape. Velma loves to bring home new plants and counts on George to help find the best location in the yard. The Garden Spot of the Month is sponsored by the Kingsville Garden Club.
